## **Public Policy And Social Issues Jewish Sources And Perspectives:**

**Public Policy and Social Issues** Marshall J. Breger, 2003-12-30 Designing public policies to meet the needs of a diverse society is challenging and the variety of necessary perspectives are often clouded by competing ideas about social responsibility personal freedom religious beliefs and governmental intervention Here prominent Jewish scholars and commentators address various social issues and public policies from a Jewish perspective using Jewish sources and documents to elucidate responses and propose solutions that are in keeping with Jewish law as set out by the major documents of the Jewish faith Abortion stem cell research welfare reform euthanasia genetic engineering and other hot button issues are topics of primary concern to politicians lawmakers religious leaders and ordinary citizens alike Designing public policies to meet the needs of a diverse society is challenging and the variety of necessary perspectives are often clouded by competing ideas about social responsibility personal freedom religious beliefs and governmental intervention Here prominent Jewish scholars and commentators address various social issues and public policies from a Jewish perspective using Jewish sources and documents to elucidate responses and propose solutions that are in keeping with Jewish law as set out by the major documents of the Jewish faith Their conclusions about ways to consider issues of public concern and private consideration and their adherence to conservative politics may surprise readers What emerges is the notion that Jewish thought can contribute to the American political discourse and is available to anyone looking for answers to today's toughest questions Creating a public policy to address social issues that is both responsible and morally guided can be a difficult proposition for lawmakers Making personal decisions about these same issues can be even more difficult as people struggle for guidance Addressing many of the issues that are hotly debated in the media and in the corridors of our government conservative reform and orthodox commentators carefully outline an approach for lawmakers and individuals This approach incorporates Jewish law into a public policy philosophy that is both conservative leaning and politically available Taken as a whole the essays underscore that Jewish tradition mostly albeit not invariably leads one to the politically conservative side of the aisle

**Spiritual Perspectives on Globalization (2nd Edition)** Ira Rifkin, 2013-03-21 What is globalization anyway What are spiritually minded people on all sides of the issue doing and saying about it The economic and cultural dynamic of globalization is transforming the world at an unprecedented pace But what exactly is it What are its origins What is its impact on our spiritual lives This lucid introduction surveys the religious landscape explaining in clear and nonjudgmental language the beliefs that motivate spiritual leaders activists theologians academics and others involved on all sides of the issue Included are the points of view of Bah'is Buddhists Earth based and tribal religions Hindus Jews Muslims Protestants Roman Catholics Unlike other books on this controversial issue this easy to read introduction won't tell you what to think it gives you the information you need to reach your own conclusions As important as economics may be it is not as the great religions stress the full measure of humanity There is also connection to self to others to the ingrained values that have sustained cultures for generations and millennia and to the belief in transcendence that gives it all meaning In the end what unnerves people most about globalization including many in the West who may fairly be said to be on the winning side economically that is of the process so far is the threat it poses to that which is most precious to a life of satisfaction our sense of meaning from the Conclusion

among Indigenous peoples across the traditional territories commonly known as the Americas e g Canada US Caribbean Islands Mexico Bolivia Venezuela Ecuador and Brazil Asia e g China Korea Japan Taiwan and Indonesia Africa e g South Africa Central and West Africa and Oceania New Guinea and Australia to exchange knowledge perspectives and methods for mental health research and service delivery Around the world Indigenous peoples have experienced marginalization rapid culture change and absorption into a global economy with little regard for their needs or autonomy This cultural discontinuity has been linked to high rates of depression substance abuse suicide and violence in many communities with the most dramatic impact on youth Nevertheless Indigenous knowledge tradition and practice have remained central to wellbeing resilience and mental health in these populations Such is the focus of this book Europe's Welfare Traditions Since 1500, Volume 1 Thomas McStay Adams, 2023-01-26 Tracing the interwoven traditions of modern welfare states in Europe over five centuries Thomas McStay Adams explores social welfare from Portugal France and Italy to Britain Belgium and Germany He shows that the provision of assistance to those in need has faced recognizably similar challenges from the 16th century through to the present how to allocate aid equitably and with dignity how to give support without undermining autonomy and motivation and how to balance private and public spheres of action and responsibility Across two authoritative volumes Adams reveals how social welfare administrators critics and improvers have engaged in a constant exchange of models and experience locally and across Europe The narrative begins with the founding of the Casa da Misericordia of Lisbon in 1498 a model replicated throughout Portugal and its empire and ends with the relaunch of a social agenda for the European Union at the meeting of the Council of Europe in Lisbon in 2000 Volume 1 which focuses on the period from 1500 to 1700 discusses the concepts of welfare and tradition It looks at how 16th century humanists joined with merchants and lawyers to renew traditional charity in distinctly modern forms and how the discipline of religious reform affected the exercise of political authority and the promotion of economic productivity Volume 2 examines 18th century bienfaisance which secularized a Christian humanist notion of beneficence producing new and sharply contested assertions of social citizenship It goes on to consider how national struggles to establish comprehensive welfare states since the second half of the 19th century built on the power of the vote as politicians pushed by activists and advised by experts appealed to a growing class of industrial workers Lastly it looks at how 20th century welfare states addressed aspirations for social citizenship while the institutional framework for European economic cooperation came to fruition **The Activist WPA** Linda Adler-Kassner, 2008-04-10 One wonders if there is any academic field that doesn't suffer from the way it is portrayed by the media by politicians by pundits and other publics How well scholars in a discipline articulate their own definition can influence not only issues of image but the very success of the discipline in serving students and its other constituencies The Activist WPA is an effort to address this range of issues for the field of English composition in the age of the Spellings Commission and the No Child Left Behind Act Drawing on recent developments in framing theory and the resurgent

traditions of progressive organizers Linda Adler Kassner calls upon composition teachers and administrators to develop strategic programs of collective action that do justice to composition's best principles Adler Kassner argues that the story of college composition can be changed only when writing scholars bring the wonders down to articulate a theory framework that is pragmatic and intelligible to those outside the field and then create messages that reference that framework In The Activist WPA she makes a case for developing a more integrated vision of outreach English education and writing program administration
