Public Religion And Urban Transformation:

Public Religion and Urban Transformation Lowell W Livezey, 2023-11-21 American cities are in the midst of fundamental changes De industrialization of large aging cities has been enormously disruptive for urban communities which are being increasingly fragmented Though often overlooked religious organizations are important actors both culturally and politically in the restructuring metropolis Public Religion and Urban Transformation provides a sweeping view of urban religion in response to these transformations Drawing on a massive study of over seventy five congregations in urban neighborhoods this volume provides the most comprehensive picture available of urban places of worship from mosques and gurdwaras to churches and synagogues within one city Revisiting the primary site of research for the early members of the Chicago School of urban sociology the volume focuses on Chicago which provides an exceptionally clear lens on the ways in which religious organizations both reflect and contribute to changes in American pluralism From the churches of a Mexican American neighborhood and of the Black middle class to communities shared by Jews Christians Hindus and Muslims and the rise of megachurches Public Religion and Urban Transformation illuminates the complex interactions among religion urban structure and social change at this extraordinary episode in the history of urban America **Public Religion and Urban**

Transformation Lowell Livezey, 2000-05 This text offers a sweeping view of urban religion in response to the transformations of large cities Focusing on Chicago it explores the ways in which religious organizations both reflect and contribute to changes in American pluralism **Public Religion and the Urban Environment** Richard Bohannon, 2012-04-26 Nature and the city have most often functioned as opposites within Western culture a dichotomy that has been reinforced and sometimes challenged by religious images Bohannon argues here that cities and natural environments however are both connected and continually affected by one another He shows how such connections become overt during natural disasters which disrupt the narratives people use to make sense of the world including especially religious narratives and make them more visible This book offers both a theoretical exploration of the intersection of the city nature and religion as well as a sociological analysis of the 1997 flood in Grand Forks ND USA This case study shows how religious factors have influenced how the relationship between nature and the city is perceived and in particular have helped to justify the urban control of nature The narratives found in Grand Forks also reveal a broader understanding of the nature of Western cities highlighting the potent and ethically rich intersections between religion cities and nature *Sacred*

Circles, Public Squares Arthur E. Farnsley II, N. J. Demerath III, Etan Diamond, Mary L. Mapes, 2005-01-07 This study of the religious landscape of Indianapolis the summative volume of the Lilly Endowment's Project on Religion and Urban Culture conducted by the Polis Center at IUPUI aims to understand religion's changing role in public life The book examines the shaping of religious traditions by the changing city It sheds light on issues such as social capital and faith based welfare reform and explores the countervailing pressures of decentering the creation of multiple sub urban centers and civil religion

s role in binding these centers into one metropolis Polis Center Series on Religion and Urban Culture David J Bodenhamer and Arthur E Farnsley II editors **Faith, Philanthropy, and Southern Progress** Thomas Charles Henthorn,2009

From Piety to Professionalism--and Back? Patricia Wittberg,2006 The author compares the struggles and accomplishments of Catholic religious Protestant deaconesses and women s missionary societies and finds remarkable parallels which might surprise even them **Religion and American Culture** ,2003 **Varieties of Urban Experience** Michael Ian Borer,2006-04-24 Cities play an important role in contemporary American culture as sites of commerce trade entertainment and the arts We can learn a lot about what Americans believe and how they act upon those beliefs by looking at the ways our cultural dramas are continually played out on the city s stage Without relying on one theoretical disciplinary or ideological framework the essays in this volume decipher some of these experiences and offer fresh analytical insights

Encyclopedia of Religion in America Charles H. Lippy,Peter W. Williams,2010-06-01 A multidisciplinary examination of religion in American life Encyclopedia of Religion in America examines how religious history and practices are woven into the political social cultural and historical landscape of North America This authoritative four volume reference work explains the origins development adaptation influence and interrelations of the many faiths practiced including major world religions new religious sects cults and religious movements that originated or had an influence in the United States Edited by well known experts in the field the Encyclopedia covers all the significant religious denominations and movements that have originated or flourished in North America from the beginning of European settlement to the present day The broad multidisciplinary coverage includes the religious life of indigenous peoples specific aspects of religious life and the relationship of political social economic and cultural spheres Topics include Religion as an influential force in the U S Methods of worship Religion and politics Homosexuality and religion African American religion Arts and architecture Church state issues Education Environment and ecology Ethnicity Evangelicals Faiths Gay and lesbian issues Historical overviews Immigration Media new and old Megachurches Movements and denominations New religious movements Popular religion and culture Race and racism Religious thought Religious Right Rites Role of women Terrorism and war Encyclopedia of Religion in America is an essential resource for students and scholars researching issues in a wide variety of social science disciplines from American history to cultural studies political science gender studies psychology of religion and more It reflects new scholarly research and interpretation that have emerged over the last two decades as well as significant new areas of study such as post 9 11 America the role of gays and lesbians in church gender and the role of the evangelicals in American political life **American Book Publishing Record** ,2000 **Religion and Spirituality in Korean America** David K Yoo,Ruth H. Chung,2008-02-19 An introductory analysis of Korean American religious practices and community *The Sociology of Religion* Grace Davie,2008 *Europe, the Exceptional Case* Grace Davie,2002 Europe the Exceptional Case examines the nature of European religion within a global context concluding that Europe increasingly looks like an

exceptional case when it comes to matters of faith Europeans find this hard to believe they are prone to think that what happens in Europe today will happen elsewhere in the world tomorrow Hence their conviction that as the world modernises it will necessarily secularise Grace Davie argues that European religion is not a model for export it is something distinct peculiar to the European corner of the world and needs to be understood in these terms BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *A Nation of Religions* Stephen R. Prothero, 2006 Nation of Religions The Politics of Pluralism in Multireligious America **The Web of Voluntary Associations** Lida Vera Nedilsky, 2002 **Taxonomy of Religious and Secular Nonprofit Organizations** Nisha Danielle-Stephanie Botchwey, 2003 **Religious Pluralism and Civil Society** Wade Clark Roof, 2007-06-27 Organized into three major topics the articles in this volume delve into this urgent topic of our day and offer valuable insights in the following areas I Broad Perspectives Providing a solid foundation this opening section lays the groundwork for clarifying this complex issue II Region and Religion The papers in this section point to the importance of regional history and culture in shaping differing styles of pluralism within America III Minority Immigrant Experiences Focusing on contemporary immigrant and minority groups in the United States these articles reflect on the experiences of Muslims Orthodox Jews and Latino religions as well as the role of interfaith leaders in the 2005 2006 immigration reform debate IV Institutional Patterns Examining creative ways that pluralism is flourishing within the United States these articles provide a framework for future interfaith dialog Social scientists religious scholars policy makers and the informed public will find this volume of The ANNALS to be a valuable resource that distills this complex and sometimes cloudy issue of religious pluralism *Annals of the American Academy of Political and Social Science* American Academy of Political and Social Science, 2007 *American Studies* , 1971

Hollywood Faith Gerardo Marti, 2008 The author shows how a multiracial evangelical congregation of 2 000 people accommodates itself to the entertainment industry and draws in many striving to succeed in this harsh and irreverent business Hollywood s Oasis Christian Center strategically sanctifies ambition and negotiates social change by promoting a new religious identity as champion of life An identity that provides people who face difficult career choices and failed opportunities a sense of empowerment and endurance This book explores the modern evangelical movement and shows how religion adapts to social change
