Public Sector Payrolls

Edited by
David A. Wise

Public Sector Payrolls

Mr. Peter S. Heller, Mr. Alan A. Tait

Public Sector Payrolls:

Public Sector Payrolls David A. Wise, 2008-04-15 An estimated one out of five employees in this country works for some branch of government Because policies concerning the compensation of these employees rest on assumptions about the economic dynamics of the public sector the issue of public sector employment is of vital importance in the analysis of the national economy In Public Sector Payrolls leading economists explore the independent and interdependent functioning of the public and private sectors and their effect on the economy as a whole The volume developed from a 1984 National Bureau of Economic Research conference focuses on various labor issues in military and other governmental employment Several contributors discuss compensation in the armed forces and its relationship to that in the private sector as well as the interaction between the military and the private sector in the employment of youth This latter is of particular interest because studies of youth employment have generally ignored the important influence of military hiring practices on labor market conditions In other contributions the response of wages and employment in the public sector to economic conditions is analyzed and a detailed study of government pension plans is presented Also included is a theoretical and empirical analysis of comparable worth in the public sector from the viewpoint of analytical labor economics The volume concludes with a look at public school teachers salaries in the context of current debates over improving the quality of American education A valuable resource to policymakers Public Sector Payrolls will be an important addition to research in the field of labor economics

Statistical Sources on Public Sector Employment OECD, 1994-09-21 This report explores several important aspects of currently available statistical sources on public sector employment It examines who is responsible for collection data collection methods and available statistical publications

Public Sector Employment Regimes Karin Gottschall, Bernhard Kittel, Kendra Briken, Jan-Ocko Heuer, Sylvia Hils, Sebastian Streb, Markus Tepe, 2015-10-29 This book explores the extent to which a transformation of public employment regimes has taken place in four Western countries and the factors influencing the pathways of reform It demonstrates how public employment regimes have unravelled in different domains of public service contesting the idea that the state remains a model employer

Public Service Management and Employment Relations in Europe Stephen Bach, Lorenzo Bordogna, 2016-07-07 Has there been a transformation of public service employment relations in Europe since the crisis Public Service Management and Employment Relations in Europe examines public service employment relations after the economic crisis including analysis of more than thirty years of public service and workforce reform and addresses the interplay between an emerging post crisis public service sector and the consequences for the state employers and trade unions in core public services Written by leading national experts this book places the economic crisis in a longer timeframe and examines how far trends in public sector employment relations were reinforced or reversed by the crisis It provides an up to date analysis of the restructuring of public service employment relations in 12 major European countries including analysis of little studied central and Eastern European countries This

book will be vital reading for researchers academics and PhD Students in the fields of Public Management Public Administration Employment Relations and Human Resource Management **Public Employment and Compensation in Canada** David K. Foot,1978 Monographic collection of essays on civil service and public service employment and wages in Canada covers growth in number of civil servants and public servants wage determination wage differentials fringe benefits etc In the public sector at both national level and local level Bibliography pp 186 to 188 references and statistical tables

Strategic Choices in Reforming Public Service Employment C. Dell'Aringa,G. Della Rocca,B. Keller,Giuseppe Della Rocca,2001-09-25 Although many industrialized countries have had to face the same political and economic pressures in reforming their public sectors there have been different reactions and a diversity of solutions to the emerging problems This book examines the most significant initiatives targeted towards the restructuring of public sector employment relations in countries belonging to the Organization for Economic Cooperation and Development The contributors focus on national and local governments and health education and social services The first section provides an up to date analysis of six European countries The second part considers the USA Canada New Zealand Australia and Japan **Public Sector Pay and Employment Reform** Barbara Nunberg,1988 Overstaffed bureaucracies afflicted by eroding salaries demoralization corruption moonlighting and chronic absenteeism are often unable to carry out the key tasks of economic recovery What should the Bank do about it **Public Service Employment : CETA Program Models** United States. Employment and Training Administration,Ray E. Corpuz,1978 *Public Service Employment Legislation, 1974* United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Employment, Poverty, and Migratory Labor,1974

Public Sector Employment in a Time of Transition Dale Belman,Morley Gunderson,Douglas Hyatt,1996 Examines the transformation of the employment relationship in governmental agencies with particular emphasis on human resources policies and workplace practices **Public Sector Compensation in Times of Austerity** OECD,2012-11-15 This report argues that any new approaches to public sector pay must help to enhance external competitiveness of salaries promote internal equity throughout the public sector reflect the values of public organisations and align compensation with government s core strategic objectives *Public Service Employment* United States. Congress. House. Committee on Education and Labor. Select Subcommittee on Labor,1968 *Employment and Wages in the Public Sector* International Monetary Fund,1995-07-01 We study the determinants of employment and wages in the public sector using a new set of panel data for 34 LDCs and 21 OECD countries from 1972 992 by estimating equations suggested by an efficiency wage model We find that government employment is positively associated with the relaxation of resource constraints the revenue to GDP ratio and foreign financing in the case of developing countries and GDP per capita in the case of OECD countries urbanization the level of education and certain countercyclical pressures for government hiring the real effective exchange rate for developing countries and private employment for OECD countries Certain measures of government wages are

positively associated with government revenues and negatively associated with the level of education government debt and countercyclical pressures *Government Employment and Pay* Mr.Peter S. Heller,Mr.Alan A. Tait,1983-10-31 How many people are employed by the government How many are employed by the central government compared with the state and local authorities How many are employed in public enterprise How much are they all paid How much are they paid relative to each other or relative to the private sector Such questions interest people in general and economists and policymakers in particular yet it is remarkable how little information is readily accessible on these topics Off-Payroll Arrangements in the Public Sector Great Britain: Parliament: House of Commons: Committee of Public Accounts,2012 In May 2012 HM Treasury published its report on the use of off payroll arrangements in central government Review of the tax arrangements of public sector appointees Cm 8350 ISBN 9780101835022 This showed that over 2 400 staff each earning more than 58 200 a year were being paid off payroll a practice which generates suspicions of complicity in tax avoidance and which fails to meet the standards expected of public officials The review's recommendations should go some way to reducing the prevalence of the practice yet the scope of the review was limited in scope to central government and did not cover other public services like Local Government the NHS and the BBC Some doubts about the Treasury's proposals remain The Review stated that off payroll arrangements can be used in exceptional circumstances but does not clarify what these exceptional circumstances are It also recommended that departments seek assurance that those staff who remain off payroll are paying the appropriate amount of tax but did not specify how departments could or should do this Ultimately whether those paid off payroll are paying the right amount of tax is dependent on HM Revenue Customs properly enforcing tax rules to ensure employees pay tax as employees However HM Revenue Customs has progressively reduced its enforcement of the legislation designed to eliminate the avoidance of tax and National Insurance Contributions through the use of intermediaries such as personal service companies putting at risk any deterrent effect the rules might have on tax avoidance IRPP Series on Public Sector Employment in Canada ,1978 **Studies in Public Employment and Compensation in Canada** M. W. Bucovetsky,1979

Unlocking The Human Potential For Public Sector Performance World Public Sector Report 2005 United Nations,2006 The conditions of globalization including economic integration fiscal discipline introduction of information communications technologies and democratic governance have increasingly forced states to redefine their role in public management and to reform the public administration system However there is growing realization among decision makers that policy and institutional reform per se will not be sufficient to revitalize the public sector Major strengthening of the knowledge skills values attitudes and leadership abilities of human capital is also needed to transform the public sector particularly in developing countries and countries with economies in transition This year's report is expected to contribute to global and national debates on this topic Publisher's description *Uganda* Kapil Kapoor,1993-01-01 The technologies of information and communications and their application are becoming central issues for all governments trying to achieve long

run growth and international competitiveness This country study provides a comprehensive analysis of the role of informatics in economic development and examines Turkey s efforts to develop its capacity in those areas During the 1980s Turkey laid the foundation for its transition to an information based economy by liberalizing finance and investment regulations and by reducing barriers to competition Tariffs on computer equipment were slashed and the government embarked on a program of investment in the communications system Investors responded particularly in the finance and travel sectors and in select operations of large corporations But the largest consumer of these technologies is still the Turkish government And gains in productivity expected from modernization have not yet been widely evident This study says that the most effective policy to promote an information based economy is a commitment to open competitive markets The major factor in that commitment is building up an educated workforce Although Turkey s performance in this area is better than most developing countries this report contends it needs to do more to meet its goal of full participation in the new era of informatics The study contains cross country comparative data throughout the book and in annexes Public Service Employment Legislation, 1974, Hearings Before the Subcommittee on Employment, Poverty, and Migratory Labor Of..., 93-2, Sept. 16; Oct. 16 and 17, 1974 United States. Congress. Senate. Committee on Labor and Public Welfare,1974
