## **Publii Ovidii Nasonis Epistularum Ex Ponto Liber Iv:**

**Publii Ovidii Nasonis Epistularum Ex Ponto Liber IV** Martin Helzle, 1989      **Publii Ovidii Nasonis Epistularum Ex Ponto Liber IV** Martin Helzle, 1987      **Ovid: Epistulae ex Ponto Book I**,      *Ovid: Epistulae ex Ponto Book I* Ovid, 2014-03-20 When Ovid already renowned for his love poetry the *Metamorphoses* and other works was exiled by Augustus to Tomis on the Black Sea in AD 8 he continued to write After five books of *Tristia* he composed a collection of verse letters the *Epistulae ex Ponto* in which he appeals to his friends and supporters in Rome lamenting his lot and begging for their help in mitigating it In these epistolary elegies his inventiveness flourishes no less than before and his imaginative self fashioning is as ingenious and engaging as ever although in a minor key This commentary on Book I assists intermediate and advanced students in understanding Ovid's language and style while guiding them in the appreciation of his poetic art The introduction examines the literary background of the *Epistulae ex Ponto* their relation to Ovid's earlier works and their special interest and appeal to readers of Augustan poetry      *Epistulae Ex Ponto* Ovid, 2005-10-06 The *Epistulae ex Ponto* are epistolary poems written by the banished Latin poet Ovid They are a key text of exile literature The present edition of the first book of these poems gives a revised Latin text a new translation an extended introduction and the first full scale commentary of the work in English      *Ancient Memory* Katharine Mawford, Eleni Ntanou, 2021-07-05 Although the recent memory boom has led to increasing interdisciplinary interest there is a significant gap relating to the examination of this topic in Classics In particular there is need for a systematic exploration of ancient memory and its use as a critical and methodological tool for delving into ancient literature The present volume provides just such an approach theorising the use and role of memory in Graeco Roman thought and literature and building on the background of memory studies The volume's contributors apply theoretical models such as *memoriescapes* civic and cultural memory and memory loss to a range of authors from Homeric epic to Senecan drama and from historiography to Cicero's recollections of performances The chapters are divided into four sections according to the main perspective taken These are 1 the Mechanics of Memory 2 Collective memory 3 Female Memory and 4 Oblivion This modern approach to ancient memory will be useful for scholars working across the range of Greek and Roman literature as well as for students and a broader interdisciplinary audience interested in the intersection of memory studies and Classics      *P. Ovidii Nasonis Epistularum ex Ponto liber primus, with intr. and notes by C.H. Keene* Ovid, Publius Ovidius Naso, 1887      *Explorations in Latin Literature: Volume 2, Elegy, Lyric and Other Topics* Denis Feeney, 2021-08-19 Denis Feeney is one of the most distinguished scholars of Latin literature and Roman culture in the world of the last half century These two volumes conveniently collect and present afresh all his major papers covering a wide range of topics and interests Ancient epic is a major focus followed by Latin lyric historiography and elegy Ancient literary criticism and the technology of the book are recurrent themes Many papers address the problems of literary responses to religion and ritual with an interdisciplinary methodology drawing on comparative anthropology and religion The transition

from Republic to Empire and the emergence of the Augustan principate form the background to the majority of the papers and the question of how literary texts are to be read in historical context is addressed throughout All quotations from ancient and modern languages have now been translated and Stephen Hinds has contributed a foreword The Poems of Exile Ovid,2005-01-18 This is no small achievement For the language lover the translation provides elegant flowing English verse for the classicist it conveys close approximation to the Latin meaning coupled with a sense of the movement and rhythmic variety of Ovid's language Geraldine Herbert Brown editor of Ovid's Fasti Historical Readings at its Bimillennium This book fills a gap There is no similar annotated English translation of Ovid's exile poetry Thoroughly grounded in Ovidian scholarship Green's introduction and notes are helpful and informative The translation is accurate idiomatic and lively closely imitating the Latin elegiac couplet and capturing Ovid's changing moods Karl Galinsky author of Ovid's Metamorphoses An Introduction to the Basic Aspects *P. Ovidii Nasonis "Epistula ex Ponto" III 1* Beatrice Larosa,2012-12-06 The Epistula ex Ponto III 1 composed by Ovid to his wife in the 2nd period of his relegatio is the summary of the leitmotives of his exile poetry and lacks a recent accurate analysis This linguistic philological commentary the most updated and comprehensive available since the 1965 Staffhorst's one reveals dense intertextual connections with the author's other writings with the previous Latin love poetry and the ways of the Ciceronian and Horatian decorum by underlining an articulated literary dialogue that in the recovery of the original mournful connotation of ancient elegy employs also typically tragic contents and styles The request to the wife to intercede with Livia is modelled according to the structural and conceptual modules of the suasoria around the main theme of conjugal fides and includes the consideration of historic and sociological themes such as the wife's figure and her play in the imperial society the relationships of the intellectual person with power towards the end of the Augustan principality and the increasing importance of the role of the empress during the last years of the princeps life **A Companion to Ovid** Peter E. **Transformations of Ovid in Late Antiquity** Ian Fielding,2017-10-19 Ovid could be considered the original poet of late antiquity In his exile poetry he depicts a world in which Rome has become a distant memory a community accessible only through his imagination This Ovid claimed was a transformation as remarkable as any he had recounted in his *Metamorphoses* Ian Fielding's book shows how late antique Latin poets referred to Ovid's experiences of isolation and estrangement as they reflected on the profound social and cultural transformations taking place in the fourth fifth and sixth centuries AD There are detailed new readings of texts by major figures such as Ausonius Paulinus of Nola Boethius and Venantius Fortunatus For these authors Fielding emphasizes Ovid was not simply a stylistic model but an important intellectual presence Ovid's fortunes in late antiquity reveal that poetry far from declining into irrelevance remained a powerful mode of expression in this fascinating period

**Lists and Catalogues in Ancient Literature and Beyond** Rebecca Laemmle,Cédric Scheidegger Laemmle,Katharina Wesselmann,2021-02-22 Lists and catalogues have been en vogue in philosophy cultural media and literary studies for more than a decade These explorations of enumerative modes however have not yet had the impact on classical scholarship that they deserve While they routinely take a limited set of ancient models as their starting point there is no comparably comprehensive study that focuses on antiquity conversely studies on lists and catalogues in Classics remain largely limited to individual texts and with some notable exceptions offer little in terms of explicit theorising The present volume is an attempt to close this gap and foster the dialogue between the recent theoretical re appraisal of enumerative modes and scholarship on ancient cultures The 16 contributions to the volume juxtapose literary forms of enumeration with an abundance of ancient non sub or para literary practices of listing and cataloguing In their different approaches to this vast and heterogenous corpus they offer a sense of the hermeneutic epistemic and methodological challenges with which the study of enumeration is faced and elucidate how pragmatics materiality performativity and aesthetics are mediated in lists and catalogues

**Essays on Propertian and Ovidian Elegy** T. E. Franklino,Jennifer

Ingleheart,2024-01-17 This volume brings together eleven chapters on the genre of Latin elegy by leading scholars in the field Latin elegy is typically thought to have flourished for a brief period at Rome between c 40 BC and the early decades of the first century AD it was the pre eminent vehicle for writing about amatory matters in this period and among its principal exponents were Propertius and Ovid whose works constitute the focus of this volume Their poems and poetic collections were however by no means restricted to the themes of love even if amatory concerns often surface at unexpected moments in texts that are not ostensibly concerned with love Both poets were alive to their precursors writings in elegiacs and so aetiological themes and reflection on contemporary political circumstances form an integral part of their poetry Such concerns are explored in some of the chapters on Propertius on Ovid s Fasti and exile poetry and also in a Renaissance elegy that looks closely to its literary heritage as it comments on the concerns of its day Some contributions to this volume also shed new light on the typically elegiac conceit of separation notably in amatory and exilic texts while others look to conceptions of Roman identity and the relationship between the natural world and the cultural political and literary spheres All of the chapters share an interest in the close reading of texts as the basis for drawing broader conclusions about these fascinating authors their poetry and their worlds

**No Regrets** Laurel Fulkerson,2013-06-20 No Regrets Remorse in Classical Antiquity is the first sustained study examining the circumstances under which the emotions of remorse and regret were manifested in Greek and Roman public life Despite a still common notion that remorse is a modern monotheistic emotion it argues that remorse did in fact exist in pre Christian antiquity By discussing the standard lexical denotations of remorse Fulkerson shows how its parameters were rather different from its modern counterpart Remorse in the ancient world was normally not expressed by high status individuals but by their inferiors notably women the young and subjects of tyrants nor was it redemptive but often served to show defect of character Through a series of examples especially poetic historical and philosophical texts this book demonstrates this was so because of the very high value placed on consistency of character in the ancient world High status men in particular faced constant challenges to their position and maintaining at least the appearance of uniformity was essential to their successful functioning The redemptive aspects of remorse of learning from one s mistakes were thus nearly absent in the ancient world

**Writing Exile: The Discourse of Displacement in Greco-Roman Antiquity and Beyond** Jan Felix Gaertner,2007-02-28 Exile and displacement are central topics in classical literature Previous research has been mostly biographical and has focused on the three most prominent exiles Cicero Ovid and Seneca By shifting focus to a discourse of exile and displacement in early Greek poetry Greek historiography Cynicism consolatory literature Latin epic Greek literature of the empire and Medieval Latin literature the present volume questions the notion of a distinct psychologically conditioned genre or mode of exile literature It shows how ancient and medieval authors perceive and present their exile according to pre existent literary paradigms style themselves or others as typical exiles and employ exile as a powerful trope to express estrangement elicit readerly sympathy and question political power

structures     **Writing Exile** Jan Felix Gaertner, 2007 The volume explores how Greek and Latin authors perceive and present their own real or metaphorical exile and employ exile as a powerful trope to express estrangement elicit readerly sympathy and question political power structures
