**Suffragists in an Imperial Age** Allison L. Sneider, 2008-02-04 In 1899 Carrie Chapman Catt who succeeded Susan B Anthony as head of the National American Women Suffrage Association argued that it was the duty of U S women to help lift the inhabitants of its new island possessions up from barbarism to civilization a project that would presumably demonstrate the capacity of U S women for full citizenship and political rights Catt like many suffragists in her day was well versed in the language of empire and infused the cause of suffrage with imperialist zeal in public debate Unlike their predecessors who were working for votes for women within the context of slavery and abolition the next generation of suffragists argued their case against the backdrop of the U S expansionism into Indian and Mormon territory at home as well as overseas in the Philippines Puerto Rico and Hawaii In this book Allison L Sneider carefully examines these simultaneous political movements woman suffrage and American imperialism as inextricably intertwined phenomena instructively complicating the histories of both

**Women's Life Writing and Imagined Communities** Cynthia Anne Huff, 2005 Recognising the great legacy of women's life writings this book draws on

a wealth of sources to critically examine the impact of these writings on our communities      **Imposing Decency** Eileen Findlay, 1999 The interrelationship between sexuality and national identity during Puerto Rico's transition from Spanish to U.S. colonialism      **We Are Left without a Father Here** Eileen J. Suárez Findlay, 2015-02-15 We Are Left without a Father Here is a transnational history of working people's struggles and a gendered analysis of populism and colonialism in mid-twentieth century Puerto Rico At its core are the thousands of agricultural workers who at the behest of the Puerto Rican government migrated to Michigan in 1950 to work in the state's sugar beet fields The men expected to earn enough income to finally become successful breadwinners and fathers To their dismay the men encountered abysmal working conditions and pay The migrant workers in Michigan and their wives in Puerto Rico soon exploded in protest Chronicling the protests the surprising alliances that they created and the Puerto Rican government's response Eileen J. Suárez Findlay explains that notions of fatherhood and domesticity were central to Puerto Rican populist politics Patriarchal ideals shaped citizens' understandings of themselves their relationship to Puerto Rican leaders and the state as well as the meanings they ascribed to U.S. colonialism Findlay argues that the motivations and strategies for transnational labor migrations colonial policies and worker solidarities are all deeply gendered      **Exploring the Decolonial Imaginary** P. Schechter, 2012-01-02 This study explores two categories empire and citizenship that historians usually study separately It does so with a unifying focus on racialization in the lives of outstanding women whose careers crossed national borders between 1880 and 1965 It puts an individual intellectual and female face on transnational phenomena      Readings in Caribbean History and Culture D.A. Dunkley, 2011-12-08 This collection of eleven essays is designed to highlight some important new voices who have been doing research on the general subject areas of the history and culture of the Caribbean The essays in this volume also address a number of themes which are critical to developing an understanding of current scholarly work on the two broad subject areas Among the themes examined are colonialism slavery and the involvement of the Christian Church in both colonial rule and enslavement The essays also analyze the pre-independence and post-independence periods of the twentieth century with examinations on topics that include prostitution departmentalization education visual art and the musical form known as Reggae The purpose of this book is to stimulate discussion around these important topics based on the perspectives of a number of new scholars The book is also designed as a teaching device principally for courses focusing on Caribbean society whether in the past or the present      *Beyond Bondage* David Barry Gaspar, Darlene Clark Hine, 2010-10-01 Emancipation manumission and complex legalities surrounding slavery led to a number of women of color achieving a measure of freedom and prosperity from the 1600s through the 1800s These black women held property in places like Suriname and New Orleans headed households in Brazil enjoyed religious freedom in Peru and created new selves and new lives across the Caribbean Beyond Bondage outlines the restricted spheres within which free women of color by virtue of gender and racial restrictions carved out many kinds of existences Although their freedom represented by respectability opportunity and the acquisition of

property always remained precarious the essayists support the surprising conclusion that women of color often sought and obtained these advantages more successfully than their male counterparts

**"Women and the Material Culture of Needlework and Textiles, 1750-1950"** Maureen Daly Goggin, 2017-07-05 Rejecting traditional notions of what constitutes art this book brings together essays on a variety of fiber arts to recoup women's artistic practices by redefining what counts as art Although scholars over the last twenty years have turned their attention to fiber arts redefining the conditions practices and products as art there is still much work to be done to deconstruct the stubborn patriarchal art/craft binary With essays on a range of fiber art practices including embroidery knitting crocheting machine stitching rug making weaving and quilting this collection contributes to the ongoing scholarly redefinition of women's relationship to creative activity Focusing on women as producers of cultural products and creators of social value the contributors treat women as active subjects and problematize their material practices and artifacts in the complex world of textiles Each essay also examines the ways in which needlework both performs gender and in turn constructs gender Moreover in concentrating on and theorizing material practices of textiles these essays reorient the study of fiber arts towards a focus on process the making of the object including the conditions under which it was made by whom and for what purpose as a way to rethink the fiber arts as social praxis

**Puerto Rico in the American Century**  
César J. Ayala, Rafael Bernabe, 2009-06-23 Offering a comprehensive overview of Puerto Rico's history and evolution since the installation of U.S. rule Cesar Ayala and Rafael Bernabe connect the island's economic political cultural and social past *Puerto Rico in the American Century* explores Puerto Ricans in the diaspora as well as the island residents who experience an unusual and daily conundrum they consider themselves a distinct people but are part of the American political system they have U.S. citizenship but are not represented in the U.S. Congress and they live on land that is neither independent nor part of the United States Highlighting both well known and forgotten figures from Puerto Rican history Ayala and Bernabe discuss a wide range of topics including literary and cultural debates and social and labor struggles that previous histories have neglected Although the island's political economy remains dependent on the United States the authors also discuss Puerto Rico's situation in light of world economies Ayala and Bernabe argue that the inability of Puerto Rico to shake its colonial legacy reveals the limits of free market capitalism a break from which would require a renewal of the long tradition of labor and social activism in Puerto Rico in connection with similar currents in the United States
