Victorians Julia Thomas, 2004 Pictorial Victorians focuses on two of the most popular mid nineteenth century genres illustration and narrative painting that blurred the line between the visual and the textual Illustration negotiated text and image on the printed page while narrative painting juxtaposed the two media in its formulation of pictorial stories Pictorial Victorians surveys a range of material from representations of the crinoline to the illustrations that accompanied Harriet Beecher Stowe's novel Uncle Tom's Cabin and Tennyson's poetry to paintings of adultery It demonstrates that the space between text and image is one in which values are both constructed and questioned BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Mr. Punch's History of Modern England: 1892-1914

Works John Ruskin, 1907 **Writing Women of the Fin de Siècle** Adrienne E. Gavin, Carolyn Oulton, 2016-02-16 Concentrating on a period of significant social and political change and exploring both canonical and newly rediscovered texts this book critically assesses the changing culture of the late Victorian period as represented by a range of women writers through a range of essays by leading academics in the field and cutting edge work by newer scholars *The World That Fear Made* Jason T. Sharples, 2020-06-19 A thought provoking history of slaveholders' fear of the people they enslaved and its consequences From the Stono Rebellion in 1739 to the Haitian Revolution of 1791 to Nat Turner's Rebellion in 1831 slave insurrections have been understood as emblematic rejections of enslavement the most powerful and perhaps the only way for slaves to successfully challenge the brutal system they endured In *The World That Fear Made* Jason T. Sharples orients the mirror to those in power who were preoccupied with their exposure to insurrection Because enslavers in British North America and the Caribbean methodically terrorized slaves and anticipated just vengeance colonial officials consolidated their regime around the dread of rebellion As Sharples shows through a comprehensive data set colonial officials launched investigations into dubious rumors of planned revolts twice as often as actual slave uprisings occurred In most of these cases magistrates believed they had discovered plans for insurrection coordinated by a network of enslaved men just in time to avert the uprising Their crackdowns known as conspiracy scares could last for weeks and involve hundreds of suspects They sometimes brought the execution or banishment of dozens of slaves at a time and loss and heartbreak many times over Mining archival records Sharples shows how colonists from New York to Barbados tortured slaves to solicit confessions of baroque plots that were strikingly consistent across places and periods Informants claimed that conspirators took direction from foreign agents timed alleged rebellions for a holiday such as Easter planned to set fires that would make it easier to ambush white people in the confusion and coordinated the uprising with European or Native American invasion forces Yet as Sharples demonstrates these scripted accounts rarely resembled what enslaved rebels actually did when they took up arms

Ultimately he argues conspiracy scares locked colonists and slaves into a cycle of terror that bound American society together through shared racial fear
