**Thomas Anderson** George Toles, 2016-08-01 Since his explosive debut with the indie sensation *Hard Eight* Paul Thomas Anderson has established himself as one of contemporary cinema's most exciting artists. His 2002 feature *Punch Drunk Love* radically reimagined the romantic comedy. Critics hailed *There Will Be Blood* as a key film of the new millennium. In *The Master* Anderson jarred audiences with dreamy amorphousness and a departure from conventional story mechanics. Acclaimed film scholar and screenwriter George Toles approaches these three films in particular and Anderson's oeuvre in general with a focus on the role of emergence and the production of the unaccountable. Anderson Toles shows is as an artist obsessed with history, workplaces and environments but also intrigued by spaces as projections of the people who dwell within. Toles follows Anderson from the open narratives of *Boogie Nights* and *Magnolia* through the pivot that led to his more recent films, Janus-faced masterpieces that orbit around isolated central characters and advance Anderson's journey into allegory and myth. Blending penetrative analysis with a deep knowledge of filmic storytelling, Paul Thomas Anderson tours an important filmmaker's ever-deepening landscape of disconnection.

**The Cinema of Paul Thomas Anderson** Ethan Warren, 2023-04-25 Paul Thomas Anderson's evolution from a brash self-anointed Indiewood auteur to one of his generation's most distinctive voices has been one of the most remarkable career trajectories in recent film history. From early efforts to emulate his cinematic heroes to his increasingly singular late films, Anderson has created a body of work that balances the familiar and the strange. History and myth viewers feel perpetually off-balance, unsure of whether to expect a pitch-black joke or a moment of piercing emotional resonance. This book provides the most complete account of Anderson's career to date, encompassing his varied side projects and unproduced material, his personal and professional relationships with directors such as Jonathan Demme, Robert Altman, and Robert Downey Sr., and his work as a director of music videos for Fiona Apple, Joanna Newsom, and Haim. Ethan Warren explores Anderson's recurring thematic preoccupations: the fraught dynamics of gender and religious faith, biological and found families, and his native San Fernando Valley, as well as his screenwriting methods and his relationship to his influences. Warren argues that Anderson's films conjure up an alternate American history that exaggerates and elides verifiable facts in search of a heightened truth marked by a deeper level of emotional hyperrealism. This book is at once an unconventional primer on Anderson's films and a provocative reframing of what makes his work so essential.
