Punished Peoples:

Moscow's Lost Empire Michael Rywkin, 2016-09-16 This volume gives an overview of the regional ethnic and political structure of the Soviet empire from its establishment through its ultimate disintegration It provides a corrective to the Russocentrism and Great Power bias that has marked most studies of the Soviet Union

The People's War Robert W. Thurston, Bernd Bonwetsch, 2000 The People's War lifts the Stalinist veil of secrecy to probe an almost untold side of World War II the experiences of the Soviet people themselves Going beyond dry and faceless military accounts of the eastern front of the Great Patriotic War and the Soviet state's one dimensional heroic People this volume explores how ordinary citizens responded to the war Stalinist leadership and Nazi invasion Drawing on a wealth of archival and recently published material contributors detail the calculated destruction of a Jewish town by the Germans and present a chilling picture of life in occupied Minsk They look at the cultural developments of the war as well as the wartime experience of intellectuals for whom the period was a time of relative freedom They discuss women's myriad roles in combat and other spheres of activity They also reassess the behavior and morale of ordinary Red Army troops and offer new conclusions about early crushing defeats at the hands of the Germans defeats that were officially explained as cowardice on the part of high officers A frank investigation of civilian life behind the front lines The People's War provides a detailed balanced picture of the Stalinist USSR by describing not only the command structure and repressive power of the state but also how people reacted to them cooperated with or opposed them and adapted or ignored central policy in their own ways By putting the Soviet people back in their war this volume helps restore the range and complexity of human experience to one of history's most savage periods

Russia Human Rights Watch (Organization), 1996 OTHER VIOLATIONS IN 1994 *De Facto States* Tozun Bahcheli, Barry Bartmann, Henry Srebrnik, 2004-09-09 In this new century the relentless appeal of national self determination has moved beyond decolonisation A large group of de facto states would be sovereignties now seek international recognition In some cases these nations in waiting have already established the exclusivity of their writ on the ground and wait only for the outside world to come to terms with the realities of their existence In others there are powerful external players who could undermine their claims on one hand or ensure their success on the other The cases described in this book are to be found throughout the world Abkhazia and Chechnya in the Caucasus Kosovo Montenegro Republika Srpska and Transnistria in eastern Europe Palestine and the Turkish Republic of Northern Cyprus in the Middle East Somaliland in Africa and Bougainville in the Pacific Are these isolated voices or a harbinger of things to come Their demands for separate statehood have breached the orthodoxies of territorial integrity and eroded the taboos of secession Other large states such as Indonesia Nigeria and the Sudan also teeter on the brink of disintegration

Samarkand Marco Buttino, 2021-07-21T17:41:00+02:00 Samarkand located along the Silk Road has a history that is often confused with a fabled image of the East This book however deals with a real city narrating the changes that took place while it was part of the USSR and in the period following

all the way up to the present In Samarkand the passage between these two eras reflects the broader transformation that affected Uzbekistan and the other Central Asian countries which were internal colonies first of Russia and then of the Soviet Union before becoming independent states Step by step the reader enters the city its various districts private homes public places and hears the stories of diverse individuals and families Based on archival records interviews and photographs the book traces the changes in cultures and ways of life in Samarkand over this period and investigates the tensions of the post Soviet years The Russians vanished from the city they had colonised or guided through the years of Soviet modernisation as did many populations that had been deported there during the Second World War and various local minorities The city experienced a period of profound crisis was transformed in terms of the composition of its population constructed a new national image rewrote its history and finally emerged ready to receive tourists with their cameras *Beyond*

Totalitarianism Michael Geyer, Sheila Fitzpatrick, 2008-12-08 In essays written jointly by specialists on Soviet and German history the contributors to this book rethink and rework the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond the now outdated twentieth century models of totalitarianism ideology and personality Doing the labor of comparison gives us the means to ascertain the historicity of the two extraordinary regimes and the wreckage they have left With the end of the Cold War and the collapse of the Soviet Union scholars of Europe are no longer burdened with the political baggage that constricted research and conditioned interpretation and have access to hitherto closed archives The time is right for a fresh look at the two gigantic dictatorships of the twentieth century and for a return to the original intent of thought on totalitarian regimes understanding the intertwined trajectories of socialism and nationalism in European and global history **United States Relations with the People's Republic of China** United

States. Congress. Senate. Committee on Foreign Relations, 1972 *Ghalghaai-ingalsii, Ingalsii-ghalghaai Lughat* Johanna Nichols, Ronald L. Sprouse, 2004 This bilingual dictionary is the very first of its kind and contains about 6 000 words of essential vocabulary for Ingush **Criminal Legislation in the People's Republic of China** China, 1958 *The People's*

Bible History George Claude Lorimer, 1902 **Young People's Understanding of Society (Routledge Revivals)** Adrian

Furnham, 2015-12-22 First published in 1991 this book represents the first wide ranging review of young people s understanding of the social world and the functioning of society Taking a social cognitive view of adolescence it focuses on the processes by which young people learn to understand other people s thoughts emotions intentions and behaviour Concentrating on the social world of politics economics work gender and religion the authors cover such issues as politics and government work and unemployment law and legislative matters religion marriage and the family social class and racial and ethnic differences This work will be of interest to students of sociology and psychology **Legislating for Equality**

Talia Naamat, Dina Porat, Elena Pesina, Giovanni Matteo Quer, 2019-12-30 *Legislating for Equality* a Multinational Collection of Non Discrimination Norms is a compilation of national constitutional provisions and laws on non discrimination and the

promotion of equality The aim of the book divided into four volumes is to provide a comprehensive overview of the legal frameworks of all UN Member States on matters relating to discrimination on the basis of race religion and ethnicity prohibition of hate crimes and hate speech Each volume also includes relevant international and regional treaties and ratification tables The first volume on Europe was published in August 2012 The second volume on the Americas was published in 2013 and the third volume on Africa was published in 2016 In this final volume of the series we turn our attention to Asia and Oceania *United States Relations with the People's Republic of China, Hearings... 92-1, on S. J. Res. 48, S. Res. 18, S. Res. 37, S. Res. 82, and S. Res. 139, June 24,25,28, and 29, and July 20, 1971* United States. Congress. Senate. Foreign Relations,1972 **New States, New Politics** Ian Bremmer, Ray Taras, 1996-12-28 Since its publication in 1993 *Nations and Politics in the Soviet Successor States* edited by Ian Bremmer and Ray Taras has established itself internationally as the genuinely comprehensive systematic and rigorous analysis of the nation and state building processes of the fifteen states that grew out of the 1991 collapse of the Soviet Union *New States New Politics Building the Post Soviet Nations* was first published in 1997 and succeeds and replaces the editors earlier book with a fresh collection of specially commissioned studies from the world's foremost specialists Far from eradicating tensions among the former Soviet peoples the disintegration of empire saw national minorities rediscovering long suppressed identities The contributors to *New States New Politics* bring together historical and ethnic backgrounds with penetrating political analysis to offer an intriguing record of the different roads to self assertion and independence being pursued by these young nations **Brezhnev's Folly** Christopher J. Ward, 2009-06-01 Heralded by Soviet propaganda as the Path to the Future the Baikal Amur Mainline Railway BAM represented the hopes and dreams of Brezhnev and the Communist Party elite of the late Soviet era Begun in 1974 and spanning approximately 2 000 miles after twenty nine years of halting construction the BAM project was intended to showcase the national unity determination skill technology and industrial might that Soviet socialism claimed to embody More pragmatically the Soviet leadership envisioned the BAM railway as a trade route to the Pacific where markets for Soviet timber and petroleum would open up and as an engine for the development of Siberia Despite these aspirations and the massive commitment of economic resources on its behalf BAM proved to be a boondoggle a symbol of late communism's dysfunctionality and a cruel joke to many ordinary Soviet citizens In reality BAM was woefully bereft of quality materials and construction and victimized by poor planning and an inferior workforce Today the railway is fully complete but remains a symbol of the profligate spending and inefficiency that characterized the Brezhnev years In *Brezhnev's Folly* Christopher J Ward provides a groundbreaking social history of the BAM railway project He examines the recruitment of hundreds of thousands of workers from the diverse republics of the USSR and other socialist countries and his extensive archival research and interviews with numerous project workers provide an inside look at the daily life of the BAM workforce We see firsthand the disorganization empty promises dire living and working conditions environmental damage and acts of crime

segregation and discrimination that constituted daily life during the project's construction. Thus perhaps we also see the final irony of BAM that the most lasting legacy of this misguided effort to build Soviet socialism is to shed historical light on the profound ills afflicting a society in terminal decline.

Nationalism And Policy Toward The Nationalities In The Soviet Union Gerhard Simon, 2019-04-11 This book examines Soviet nationalities policy from the 1920s to the present. Tracing nationalities policy to its roots in Bolshevik efforts to arrest the decay of the Russian Empire, Dr. Simon looks at the evolution of Soviet policy, analyzes the reactions of non-Russian peoples to the policies, and discusses the forms of expression and the goals of *The Russian-Chechen Conflict 1800-2000* Robert Seely, 2012-10-12 In 1994 the mountain territory of Chechnya was witness to the largest military campaign staged on Russian soil since World War II. The Russo-Chechen war is examined within the context of the bitter history between the two peoples culminating in the expression of conflict from 1994-1996.

Selected Cases from the Supreme People's Court of the People's Republic of China China Institute of Applied Jurisprudence, 2024-01-16 This book includes focal and vital cases tried by presiding justices, guiding cases from the Supreme People's Court, and cases discussed at the Joint Meetings of Presiding Judges from various tribunals. This book is divided into three sections including Cases by Justices, Guiding Cases, and Typical Cases, which will introduce readers to Chinese legal processes, legal methodology, and ideology in an intuitive, clear, and accurate manner. This book presents cases selected by the trial departments of the Supreme People's Court of China from their concluded cases. In order to give full weight to the legal value and social function of cases from the Supreme People's Court and to achieve the goal of serving the trial practices, serving economic and social development, serving legal education and legal scholarship, serving legal exchanges among Chinese and foreign legal communities, and serving the rule of law in China, the China Applied Jurisprudence Institute, with the approval of the Supreme People's Court, opts to publish *Selected Cases from the Supreme People's Court of the People's Republic of China* in both Chinese and English for domestic and overseas distribution.

Ethnic Conflicts and the Nation-State Rodolfo Stavenhagen, 2016-07-27 Using original research by a number of highly regarded specialists, this book brings together comparative materials and distinct disciplinary approaches on the origins and dynamics of ethnic conflicts, ethnic policies of nation-states, and different attempts to contain, transform, and resolve ethnic conflicts. It is one of the results of a research project on ethnic conflicts and development undertaken by the United Nations Research Institute on Social Development. Includes material on Asia and the Pacific, Africa, the Middle East, the former socialist countries, the United States, and Latin America.

Gulag Voices J. Gheith, K. Jolluck, 2011-02-10 In this volume the powerful voices of Gulag survivors become accessible to English-speaking audiences for the first time through oral histories rather than written memoirs. It brings together interviews with men and women members of the working class and intelligentsia, people who live in the major cities and those from the provinces, and from an array of corrective hard labor camps and prisons across the former Soviet Union. Its aims are threefold: 1) to give a sense of the range of the Gulag experience and its consequences for Russian society; 2)

to make the Gulag relevant to English speaking readers by offering comparisons to historical catastrophes they are likely to know more about such as the Holocaust and 3 to discuss issues of oral history and memory in the cultural context of Soviet and post Soviet society
