## **Puppeteers Studies Of Obsessive Control:**

**The Puppeteers** Gerald Alper, 1999 Dr Alper relates and analyzes three cases which come out of his practice as a psychotherapist All three cases represent important aspects of our society and have the texture of lived experience Matthew in a story that both precedes and anticipates the David Koresh disaster in Waco Texas becomes a disciple of a counterculture cult in which he searches for a higher mode of life Paul tries to climb up the ladder of success and finds himself in a telemarketing sweatshop Emily yearns for romantic fulfillment and gets caught in the trap of obsessive love In the final chapter Alper weaves together the common elements of these three stories the pattern of seduction manipulation and obsessive control His arguments make shockingly clear that behavioral puppetry is not merely the occasional aberrant phenomenon about which we read in the newspapers but that it runs through nearly every stratum of our society The Oxford Handbook of New Religious Movements James R. Lewis, Inga Bårdsen Tøllefsen, 2016 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs **The Encyclopedia of Phobias, Fears, and Anxieties, Third Edition** Ronald M.
