The Inner Mind A. L. Ward, 2008-01-21 In the beginning it was my purpose to find the body of a woman through the use of hypnosis I wanted to show that by proper use and knowledge hypnosis could be used for many things more beneficial to mankind than entertainment As it became evident that more important knowledge could be obtained from a source that is available only once in a lifetime I left unfinished the search for the body of Mrs Dolores Mae Siddall Many hypnotists including myself have through regression made contact with entities on various levels but never had I heard of anyone obtaining the level indicated by Rebecca Many things not mentioned herein were received from this level including others which will some day be made known to all those who are interested To sum up the following pattern of life has been established in these series of regressions The Creation God created man in his own image Genesis 1:27 A creation is made by the leader God This creation or entity is given knowledge of its purpose in life and schooled in the requirements for its purification by the teacher Christ and the masters others such as Buddha Mohammed etc Then at the request of God or by their own desire to learn and raise themselves to a higher perfection they prepare to be born As one subject explained it To change from a high vibration and frequency to a low vibration and solid This preparation is made by studying the records supplied by God of the persons and the experience they will be born to then at their final decision they make the entry into life The Entry The entry is made at the time of conception by a force described as mass energy when the soul is united with the physical body and the person begins a growth into life The months during pregnancy are a growing learning and resting period to prepare you for this life If at any time you feel that you no longer want to complete or live this life experience you can return to the area of your accomplishment to further your learning and prepare for another life experience See Rebecca's explanation of miscarriage We are told in regression that the soul must go down to go up or come down into a life experience to learn that which is necessary to raise itself to a higher level of perfection The Experience and Purpose We are told that a

person's life experience is determined before he makes his entry into it and it is his own choice the way that he conducts himself in this experience Psychology says that what one's environment is and hereditary traits are determine one's personality profession and way of life If we accept the theory given from regressions it would then seem that what environment and heredity contributes to your experience is the type of heredity and experience that you have selected prior to being born to advance your learning and perfection We are told that we must learn everything good and bad This would mean that we must through actual experiences associations or study know every phase of life and its environment to reach perfection To Go Ahead It has been explained that we have only one life but that we live many life experiences What we term death is only the completion of one phase of the learning process When we lose the will to live when we feel that we can no longer learn to help ourselves or others we may go ahead We return to an area beyond to a level of perfection where we are counseled by our God and masters to prepare ourselves for another experience Each of us has free agency or free will to decide what we want here and beyond If we choose to stay in this beyond area we can but if we make this choice we are then limited to the knowledge and perfection already gained We may be able to move up in one area but to reach the total we must choose to live

pleading the blood of Jesus over Haiti The exact location of the meetings is where the voodoo priests used to make blood sacrifices Now the right blood is there Each vivid story brings the faces sights and sounds of Haiti into your heart and mind leaving a lasting impression of how all of God s children are showered with His love even during tragic times
