The Purposes of Pleasure Richard A. Hawley, 1983-01-01 **Special Reference Briefs**, 1983 **Defining the Humanities** Robert E. Proctor, 1998-12-22 Think of this as The Thinking Man's Bloom or The Thinking Woman's Closing of the American Mind It takes up debates about education and reasons about them where Bloom often only blasted away This is one of the more helpful recent statements of the case for the classics accompanied by rather venturesome curricular suggestions Christian Century His exciting readable book calls for a return to a study of the classics and of the Renaissance poets and scholars like Petrarch who rediscovered the classics Michael Dirda Washington Post Book World a splendid statement bringing together in a careful and coherent way the prospects for a solid humanities curriculum Ernest L Boyer Ten years ago when this book was first published it was called Education's Great Amnesia Reconsidering the Humanities from Petrarch to Freud It is being reissued now in a second edition with a different title for a new generation of readers who cannot have forgotten what they never knew What are the humanities Can we agree on a core curriculum of humanistic studies Robert Proctor answers these questions in a provocative readable book **Substance Abuse** Kathleen C. Papers from the Headmaster Richard A. Hawley, 1996 This timely collection of reflections asks some hard questions parents the education establishment and the larger society have avoided for too long What are the consequences Richard Hawley asks of having created a commercial and public culture that is demonstrably toxic to children Hawley challenges readers to consider in light of what is known about healthy child development the implications of imposing adult sexuality on children in amounts and in forms that can only overwhelm and terrify them Drawing on vivid personally observed examples and incidents he carefully examines what children actually learn from popular culture in which public and private leaders are exposed as philanderers and frauds in which athletes and entertainment stars are revealed as addicts and child molesters and murderers The greatest dangers to this era's children Hawley says lie where the remedy ought to be in the ways we tell our collective stories and in the conveyance of our common history Our children are in danger of being educated to believe there are no healing true stories that history is the invention of the teller that nothing finally is verifiable knowable safe or right In such a world all preferences and all claims become morally equivalent and thus meaningless Identifying and Intervening with Drug-involved Youth Ann H. Crowe, Pamela J. Schaefer, 1992 *Getting Tough on Gateway Drugs* Robert L.
