Pursuing A Dream:

Pursuing the American Dream Calvin C. Jillson, 2004 Marked by continuity renewal and expansion the image of the Dream Jillson contends has been remarkably constant since well before the American Revolution an image of a nation offering a better chance for prosperity than any other His book reveals how that Dream has motivated our nation s leaders and common citizens to move sometimes grudgingly toward a more open diverse and genuinely competitive society ON THE WAY TO OUR DREAM SUN Yanlin, 2024-03-18 The book is to help readers to accurately understand the rich connotation of the Chinese Dream and to clarify the role of each Chinese in achieving the dreams at different stages and in different positions It aims to provide readers with a better understanding of the contemporary China and its past and the opportunities it offers emphasizing the China opportunity theory rather than the China threat theory The work systematically explores the historical and cultural development of the Chinese Dream presenting it as a logical conclusion The study and promotion of the Chinese Dream is not a political issue The Chinese Dream encompasses various aspects including culture economy science and technology military and politics It is also a dream shared by people all over the world It is not a means to sacrifice the interests of other countries but a global dream that promotes openness peaceful coexistence mutual benefit and win win cooperation with all countries around the world The realization of the Chinese Dream is examined from the perspectives of industrial economics strategic studies theories of enterprises and organizational behavior People from all walks of life in China have their own missions to fulfill their own dreams *A Holy Pursuit* Dianne Jago, 2020-03-17 Chase your dreams and follow your heart no matter the cost is the call of the world today The opposite extreme often advised by well meaning Christians is to lay down all of our dreams and passions avoiding all self interest One narrative says to follow a passion and the other says to lay it down Both claim to offer happiness and purpose on the other side But what does the Bible say about dreams goals and passions With compelling illustrations from Dianne Jago s unexpected journey in creating DeeplyRooted Magazine along with thoughtful scriptural examples Dianne shares an honest account of how God changed her plans and aligned them with His As you read this book you will be challenged to look upward instead of inward seeing the God given purpose of every Christian as the foundation of your dreams Scripture shapes a believer s pursuits and the gospel speaks to our passions Instead of the one size fits all formula for dream chasing *A Holy Pursuit* will help you identify whether it s time to pursue pause or surrender a dream you hold *The Universe is Indifferent* Ann W Duncan, Jacob L Goodson, 2017-10-26 Centred on the lives of the employees at a Manhattan advertising firm the television series *Mad Men* touches on the advertising world s unique interests in consumerist culture materialistic desire and the role of deception in Western capitalism While this essay collection has a decidedly socio historical focus the authors use this as the starting point for philosophical religious and theological reflection showing how *Mad Men* reveals deep truths concerning the social trends of the 1960s and deserves a significant amount of scholarly consideration Going beyond mere reflection the authors make

deeper inquiries into what these trends say about American cultural habits the business world within Western capitalism and the rapid social changes that occurred during this period From the staid and conventional early seasons to the war assassinations riots and counterculture of later seasons *The Universe is Indifferent* shows how social change underpins the interpersonal dramas of the characters in *Mad Men* *Summary of Simon Squibb's What's Your Dream?
