Turner and Constable Nicola Moorby, 2025-03-11 Born just fourteen months apart one in London and the other in rural Suffolk J M W Turner and John Constable went on to change the face of British art The two men have routinely been seen as polar opposites not least by their peers Differing in temperament background beliefs and vision they created images as dissimilar as their personalities Yet in many ways they were fellow travellers As children of the late 18 th century both faced the same challenges and opportunities Above all they shared common cause as champions of a distinctively British art Through their work they fought for the recognition and appreciation of landscape painting and in doing so ensured their reputations were forever intertwined and interlinked Nicola Moorby offers us a fresh perspective on two extraordinary artists uncovering the layers of fiction that have embellished and disguised their greatest achievements For Turner it is also the story of the triumph of landscape
