Pursuing Perfection People Groups And Society:

Pursuing Perfection Leonard W. Doob, 1999-03-30 Analyzes humanity's eternal pursuit of perfection and proposes seven guides for improving our existence Visible and Invisible Olmes Bisi, 2014-10-20 Light phenomena have intrigued humankind since prehistory Think of the rainbow a sunset on the sea a game of shadows Humans have always used light for their own needs from cooking food to illuminating a room However light is not only limited to what we can see with our eyes The invisible part of the electromagnetic spectrum is broad and dynamic This book outlines the mysteries and wonders of electromagnetism heat and light It also covers the history of our scientific understanding of light The dark as well as the bright sides of light are fully explored in these pages from their impact on our world to their use in cutting edge technologies in a variety of fields Numerous full color images and drawings complement the text and light phenomena are explained in a simple and engaging way **Recruitment Advertising as an Instrument of Employer Branding** Jolanta

Łacka-Badura, 2015-10-05 The book offers a linguistic analysis of job advertising as an instrument of employer branding investigating how the creation of the employer brand and the projection of employee value proposition are realised linguistically in a corpus of online job advertisements The study is methodologically grounded in the current approaches to discourse analysis and business organisational communication as it is broadly understood with particular emphasis on genre and register analysis the language of persuasion and evaluation as well as the language of organisational values The analysis conducted in the book demonstrates that job advertisements constitute a distinct promotional business genre a member of the system of genres applied in the job search context increasingly resembling multi modal marketing type ads The rhetorical structure of online recruitment advertisements confirms the initial hypothesis that job ads contribute to the projection and reinforcement of employer brands The register of recruitment ads clearly harmonises with the employer branding function of the genre extremely positive encompassing a wide range of persuasive strategies as well as lexico grammatical choices contributing to the creation of employer brands job advertising may justifiably be classified as a paradigm case of persuasion With employer branding being deeply rooted in the values emanating from an organisation the use of linguistic structures communicating or implying the system of attributes and values declared by the employing organisations is a powerful employer branding strategy widely reflected in the corpus Taking into account the interdisciplinary character of the analysis the book will be of interest not only to linguists and business communication scholars but also to human resource management and public relations researchers and practitioners **Taking Socialism Seriously** Richard Schmitt, Anatole

Anton, 2012-03-22 Taking Socialism Seriously raises essential questions about what socialism is and how socialists can reach it by addressing a long list of potential quandaries The contributions compiled by Anatole Anton and Richard Schmitt describe how socialism differs from a reformed and more humane form of capitalism Various chapters discuss suitable forms of love and family in a socialist society and economic arrangements within a socialist system They also break important new

paths by calling for significant social change examining detailed questions that have previously been neglected and setting a new direction for radical theorists Critics are often convinced that there is no alternative and therefore are content to reform capitalism This book affirms that another world is possible **Forthcoming Books** Rose Arny,1999 Witnesses of Perfect Love Amy Caswell Bratton,2014-03 In *Witnesses of Perfection* Amy Caswell Bratton explores how the eighteenth century doctrine of Christian Perfection spread in the early British Methodist communities Alongside leaders such as John and Charles Wesley teaching about Christian Perfection Methodist men and women told narratives of Christian Perfection which transmitted the doctrine Using narrative to spread Christian Perfection was effective because it both communicated the content of the experience of Christian Perfection and also commended this experience to the listener This study is noteworthy for its detailed analysis of several first hand narratives that testify to the experience and which were made public for the edification of the Methodist community in the *Arminian Magazine* and other publications The narratives of four Methodist people are examined at length Sarah Crosby 1729 1804 George Clark 1710 1797 William Hunter 1728 1797 and Bathsheba Hall 1745 1780 In addition to observing the transmission of the doctrine through narrative the study of these stories illuminates early Methodist spirituality and the doctrine of Christian Perfection or entire sanctification through the embodiment of Perfection in the life of real people This lived out expression of Christian Perfection draws attention to unique elements of the doctrine as each narrative illustrates nuances of Christian Perfection Finally the narratives of Perfection offer the embodiment of transformation which resulted in lasting change *Scarcity* Fredrik Albritton Jonsson,Carl Wennerlind,2023-04-18 Fredrik Albritton Jonsson and Carl Wennerlind chart ideas about economic scarcity across centuries of European intellectual history Showing how ideologies of infinite desire and infinite growth came to dominate capitalist societies they argue for alternative modes of economic thought that respect nature s boundaries in the face of climate crisis

Seeking Perfection Matt J. Rossano,2015-07-31 How would Socrates and Plato react to a modern world where secularism and religious fundamentalism are growing while the gap between the human mind and animal mind is narrowing Using some creative license mixed with real history science and philosophy *Seeking Perfection* addresses that question Matt J Rossano uses a narrative dialogue format to superimpose on modern times ancient Greece s two most eminent philosophers along with its government and culture The story begins with Plato s daring escape from Sicily where he tutored Dionysius II in philosophy On board his homebound ship Plato recounts his experiences in Sicily In this narrative the intellectual difference between practical rewards and the pursuit of ideals provides the basis for a series of dialogue on science secularism religion and the uniqueness of the human mind Upon the ship s arrival home Plato s mentor Socrates is arrested and his trial provides the venue for the book s final dialogue The final dialogue serves as a counterweight to the earlier ones Rossano begins and ends with a philosopher imprisoned by his views indicative of one of its main messages the true philosopher uses a well disciplined mind and the best knowledge of the day to get as close to the truth as possible In doing so

he invariably gets into trouble This imaginatively constructed tale will absorb those interested in what the philosophical masters might say about today's world *The Philosophical Review*, 1999 *Seeking Imperfection* Evan M. Dolive, 2015-07-31 In March 2013 after seeing an advertising campaign for Victoria's Secret that was targeted especially to younger female demographics and much too sexy Evan Dolive a concerned father and ordained minister wrote an open letter calling for Victoria's Secret and other companies to view girls as human beings not objects What happened next was truly amazing His letter hit a nerve It was viewed numerous times 3.9 million times to be exact and Dolive was interviewed by national news publications and appeared on CNN and Headline News Dolive didn't want his 15 minutes to be in vain So he turned it into a labor of love *Seeking Imperfection* a book that's grounded in biblical insights stories reflection questions and prayers for anyone who believes in empowering children to grow up to value themselves for who they are *The World of Ibn Tufayl* Lawrence I. Conrad, 1996 This collection of interdisciplinary essays on a unique work by a physician and political figure in 12th century Spain and North Africa casts important light on the social and intellectual history of the period and breaks new ground in the critical assessment of medieval Arabic literary works **American Book Publishing Record**, 1999 [The Love Israel Family](#) Charles Pierce LeWarne, 2015-07-21 Winner of the Malstrom Award of the League of Snohomish County Historical Organizations In 1968 a time of turbulence and countercultural movements a one time television salesman named Paul Erdmann changed his name to Love Israel and started a controversial religious commune in Seattle's middle class Queen Anne Hill neighborhood He quickly gathered a following and they too adopted the Israel surname along with biblical or virtuous first names such as Honesty Courage and Strength The burgeoning Love Israel Family lived a communal lifestyle centered on meditation and the philosophy that all persons were one and life was eternal They flourished for more than a decade owning houses and operating businesses on the Hill although rumors of drug use control of members and unconventional sexual arrangements dogged them By 1984 perceptions among many followers that some Family members especially Love Israel himself had become more equal than others led to a bitter breakup in which two thirds of the members defected The remaining faithful about a hundred strong resettled on a ranch the Family retained near the town of Arlington Washington north of Seattle There they recouped and adapted with apparent social and economic success for two more decades In *The Love Israel Family* Charles LeWarne tells the compelling story of this group of idealistic seekers whose quest for a communal life grounded in love service and obedience to a charismatic leader foundered when that leader's power distanced him from his followers LeWarne followed the Family for years attending its celebrations and interviewing the faithful and the disaffected alike He tells the Family's story with both sympathy and balance describing daily life in the urban and later the rural communes and explaining the Family's deeply felt spiritual beliefs *The Love Israel Family* is an important chapter in the history of communal experiments in the United States *Usability for the World: Building Better Cities and Communities* Elizabeth Rosenzweig, Amanda Davis, 2025-07-02 Want to build cities that truly work for

Christianity and

Civil Society Jeanne Heffernan Schindler, 2008-01-01 Christianity and Civil Society responds to the crisis of American democracy as perceived by such diverse thinkers as Christopher Lasch Michael Sandel Mary Ann Glendon and Robert Putnam Despite their philosophical differences these thinkers highlight a common theme a decline in the institutions of civil society once held to be the vital center of the American polity In place of these institutions such as the family neighborhood church and civic associations one finds a disturbingly reduced socio political stage dominated by an abstract triumvirate of the individual state and market as prime actors Whether taking their inspiration from the political theology of St Thomas Aquinas and papal encyclicals or from John Calvin and his heirs in the Reformed traditions the authors assembled here find the doctrinal resources of Christianity indispensable to defending the irreducible identity and value of the social institutions that serve as the connective tissue of a political community By drawing upon a treasury of social thought little known to most Americans Christianity and Civil Society offers a fresh vantage point from which to assess the crisis of our polity as well as the best prospects for its renewal

Foundations of Cultural Diplomacy Nicolas K. Laos, 2011 This original systematic theory of cultural diplomacy opens a new way of thinking about diplomacy politics and culture Dr Laos methodically investigates the relationship between culture and politics and between the reality of the world and the reality of consciousness In so doing he articulates a new approach to international relations theory and the concept of power one based on philosophical arguments about reality history and freedom Dr Laos takes a stark and realistic look at the interplay between culture and politics and makes an intellectually challenging contribution to normative international relations theory The author proposes a new way of defining critical political theory substantially different from the Frankfurt School s approach which leads to a new dynamic understanding of history and he argues that the chessboard of power is not so much on the surface of the earth as in the mental network formed by the communication between consciousnesses He presents an original explanation of the inherent inability of Realpolitik to account for reality throwing light on deep and controversial questions of identity for Europe and the West in general
