**Reckless Women** Cecelia Frey, 2004 Reckless women inhabit the spaces of these poems women who dare to travel without maps or even a single sign women who dare the seduction of cliff edge leaps into deadly waters women who dare the midnight garden to ensure their crop When Cecelia Frey considers the pain recklessness causes to others she returns to the source that impels a reckless nature There Frey finds women who challenge the empty spaces of the psychic frontier women who let themselves be seduced by the vanilla man or is it the other way around female magicians performing aquabelles women who toss their clothes from the balcony and have nothing to go home in She also learns that recklessness is a dangerous game That s when poetry itself comes to the rescue When Frey reaches love s end and is herself silenced the poems speak that silence When cold camphor travels her veins the poems rant and defy but they also instruct They teach her to believe even when belief seems impossible In the face of death they speak of love In despair of life they assert that the trick is to achieve moments of joy The female magician s task is to pull off such tricks lark from fire its white wings raised singing

*Complicated Women* Mick LaSalle, 2014-08-05 Between 1929 and 1934 women in American cinema were modern For five short years women in American cinema were modern They took lovers had babies out of wedlock got rid of cheating husbands enjoyed their sexuality led unapologetic careers and in general acted the way many think women only acted after 1968 Before then women on screen had come in two varieties good or bad sweet ingenue or vamp Then two stars came along to blast away these common stereotypes Garbo turned the femme fatale into a woman whose capacity for love and sacrifice made all other human emotions seem pale Meanwhile Norma Shearer succeeded in taking the ingenue to a place she d never been the bedroom Garbo and Shearer took the stereotypes and made them complicated In the wake of these complicated women came others a deluge of indelible stars Constance Bennett Ruth Chatterton Mae Clarke Claudette Colbert Marlene Dietrich Kay Francis Ann Harding Jean Harlow Miriam Hopkins Dorothy Mackaill Barbara Stanwyck Mae West and Loretta Young all came into their own during the pre Code era These women pushed the limits and shaped their images along modern lines Then in July 1934 the draconian Production Code became the law in Hollywood and these modern women of the screen were banished not to be seen again until the code was repealed three decades later Mick LaSalle film critic for the San Francisco Chronicle takes readers on a tour of pre Code films and reveals how this was the true golden age of women s films and how the movies of the pre Code are still worth watching The bold pioneering and complicated women of the pre Code era are about to take their place in the pantheon of film history and America is about to reclaim a rich legacy

**Woman** Lillian Faderman, 2022-03-15 A comprehensive history of the struggle to define womanhood in America from the seventeenth to the twenty first century An intelligently provocative vital reading experience This highly readable inclusive and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture Kirkus Reviews A comprehensive and lucid overview of the ongoing campaign to free women from the tyranny of old notions Publishers Weekly What does it mean to be a woman in America Award winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God s plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as metoo the appointment of Amy Coney Barrett to the Supreme Court the election of Kamala Harris as vice president and the transgender movement This wide ranging 400 year history chronicles conflicts retreats defeats and hard won victories in both the private and the public sectors and shines a light on the often overlooked battles of enslaved women and women leaders in tribal nations Noting that every attempt to cement a particular definition of woman has been met with resistance Faderman also shows that successful challenges to the status quo are often short lived As she underlines the idea of womanhood in America continues to be contested

**Women in the English Novel, 1800-1900** Merryn Williams, 1985-06-18 [A Woman of Wisdom](#) Dee Brestin, 2006 **Women, Crime and Criminology (Routledge Revivals)** Carol Smart, 2013-10-14 First published in 1977 Women Crime and Criminology presents a feminist critique of classical and contemporary theories of female criminality It addresses the issue that criminology literature has throughout history been predominantly male oriented always treating female criminality as marginal to the proper study of crime in society Carol Smart explores a new direction in criminology and the sociology of deviance by investigating female crime from a committed feminist position Examining the types of offences committed by female offenders Smart points to the fallacies inherent in a reliance on official statistics and shows the deficiencies of the popular argument that female emancipation has caused an increase in female crime rates She deals with studies of prostitution and rape and considers the treatment of women as offenders and victims by the criminal law the police and courts and the penal system Particular attention is given to the question of lenient treatment for female offenders with the conclusion that women and girls are in some important instances actually discriminated against in our legal and penal systems The relationship between female criminality and mental illness is discussed and the author concludes by dealing with some of the problems inherent in developing a feminist criminology

**Women Educators, Leaders and Activists** Tanya

Fitzgerald, Elizabeth M. Smyth, 2014-07-23 This collection traces women educators professional lives and the extent to which they challenged the gendered terrain they occupied The emphasis is placed on women s historical public voices and their own interpretation of their selves and lives in their struggle to exercise authority in education *Sylvia Porter* Tracy Lucht, 2013-10-30 In 1942 the directors of the New York Stock Exchange met to discuss a problem The exchange its air charged with testosterone its floor scuffed by the frantic paces of men racing one another for shares of the American dream was off limits to women This it was agreed was how it should be However it had recently become public knowledge that one of New York s most prolific and respected financial writers S F Porter was a woman If Porter trained her eye on the all male stock exchange the NYSE might find itself the subject of some unwanted controversy during the electrified Rosie the Riveter days of World War II But should women really be allowed into the stock exchange The board finally saw its way around the dilemma and voted on a resolution Sylvia is one of the boys We hereby award her honorary pants Sylvia Porter 1913 1991 was the nation s first personal finance columnist and one of the most admired women of the twentieth century In *Sylvia Porter America s Original Personal Finance Columnist* Lucht traces Porter s professional trajectory identifying her career strategies and exploring the role of gender in her creation of a once unique now ubiquitous form of journalism A pioneer for both male and female journalists Porter established a genre of newspaper writing that would last into the twenty first century while carving a space for women in what had been an almost exclusively male field She began as an oddity a woman writing about finance during the Great Depression and rose to become a nationally recognized expert revered by middle class readers and consulted by presidents As the first biography of Sylvia Porter this book makes an important contribution to the history of women and the media *What Is the Women's World Cup?* Gina Shaw, Who HQ, 2023-04-25 Gooaal Soccer fans get your game on with this book about one of the biggest tournaments in women s sports The first international women s soccer match was in 1881 but the Women s World Cup didn t become official until 1991 110 years later Read about the courageous soccer loving women who worked hard to have a World Cup of their own in this addition to the Who HQ series Young readers will learn about the history of women s soccer star players and iconic wins From Team USA s record breaking four championships to Japan s inspiring win in 2011 this book is full of heartwarming and exciting stories about incredible athletes across decades *Black Women, Identity, and Cultural Theory* Kevin Everod Quashie, 2004 Ultimately moves beyond these to propose a new cultural aesthetic that aims to center black women and their philosophies Book jacket *What Do Really Women Want?* Salim Khan Anmol, 2024-04-30 What Do Really Women Want First English Letest Edition By Salim Khan Anmol July 29 2025 What Do Women Need in a Relationship 10 Essential Elements for a Strong and Fulfilling Relationship Do you know what it takes to build a strong connection in a relationship Do you know what each person might need to make a significant difference in securing happiness While every person is different many women share common needs in relationships From my experience I ve done a lot of the same types of date nights given similar affection

communicated pretty similarly and shared many of the same values To us these needs might seem pretty straightforward but executing them and building them to a fulfilling relationship is a different story In this blog I will explore what most women need or want in a relationship covering aspects like emotional intimacy communication trust growth shared values and adventure By understanding and addressing these needs you can create a stronger and more satisfying relationship for yourself and your women

**Show Her Love and Affection** Love and affection are foundational to any successful relationship Women need to feel loved and cherished by their significant others This can be shown through kind words physical touch and thoughtful gestures One of the ways I show affection to my wife is greet her with a hug and a kiss at the door when she comes home from work It s become so regular in our relationship that she looks forward to this encounter when she arrives home When women feel loved and appreciated they feel more secure and happy in the relationship These regular expressions of love and affection in your relationship can help to maintain a strong emotional connection and demonstrate care and commitment to her

**Create More Emotional Intimacy** Emotional intimacy is a cornerstone of any successful relationship Women need to feel emotionally connected to their partners This involves sharing feelings fears dreams and experiences I know my wife connects very deeply on an emotional level and sometimes it s something I don t understand fully She ll tell me about her workday and what she did while I wasn t home I ll listen carefully and engage with her because this is one of the ways she connects with me Emotional intimacy is about being vulnerable and open with each other So if the special woman in your life wants to talk about her day this is something that helps her feel more secure and understood In turn this strengthens your bond

**Ensure Strong Communication** Good communication is essential for a healthy relationship Women need their partners to communicate openly and honestly with them This means sharing feelings discussing problems and talking about their daily lives As I mentioned before in the emotional intimacy section my wife loves to tell me about her day especially the people she works with It brings her a lot of joy to discuss the successes of her day and also the down parts of her day As the listener it s important for me to remain engaged in the discussion giving her verbal and nonverbal cues throughout the conversation Besides this effective communication helps to avoid misunderstandings and build a deeper connection If there are tasks that need to be done throughout the day like water the garden flip the laundry clean the bathroom prep food for dinner or vacuum the floor these need to be communicated It s important to listen actively and speak kindly to each other ensuring both partners feel heard and understood

**Build Up Trust** Trust is a critical component of any relationship Women need to feel trusted by their partners and need to trust them in return Trust involves being honest keeping promises and maintaining reliability It is built through consistent actions and open communication As a great Spider man once said Don t make promises you can t keep It s true If you promise something make sure to deliver on your promise so your significant other can see the completed task On the other hand make sure to avoid any situations where trust and loyalty may be tested If you used to hang out with your friends at bars or clubs maybe stay away from those situations When

trust is broken it can be challenging to rebuild but it is not impossible with effort and commitment A relationship grounded in trust allows both partners to feel secure and confident knowing they can rely on each other

### Be Empathetic Towards Her

Empathy is the ability to understand and share the feelings of another person Women need their partners to show empathy especially during difficult times This is something that I've had to get good at throughout the years and it started probably when I was in high school I think for some men including myself it's far easier to provide a solution over listening to what she's going through This means being able to put yourself in her shoes and understand her emotions I often find myself pausing a lot more after the story is told and gathering my thoughts instead of just blurting out a response Empathy requires you to dig deeper and actually address the root problem of the cause In case you need it here's a tip Before the conversation begins ask if she's looking for a solution or if she just wants to tell you how she feels This could help avoid you trying to solve her problems if all she wants you to do is listen to her and empathize with her Empathy helps to build a strong emotional connection and shows that you care about her feelings and experiences

### Show Her Validation and Appreciation

Validation is an essential aspect of emotional support Women need to feel that their feelings and experiences are acknowledged and validated by their partners This goes hand in hand with empathy This means recognizing and affirming her emotions without judgment If I validate my wife's feelings about something that happened in her personal life or in work this shows her I support her More often than not I do side with how she's feeling and the issue bugs me too The two of you are a team so you'll be making a lot of decisions together and most often siding together when decisions come up Validation helps to build self-esteem and creates a sense of security and trust in the relationship Remember to always appreciate what she does in your relationship as well whether it's paying for a coffee date cleaning up after the kids when she's had a long day or cleaning the bathroom after you said you'd get to it This helps the continuous growth of your relationship

### Support Her Personal Growth

Encouraging personal growth is essential in a healthy relationship Women need to feel that their partners support their personal and professional development and maybe sometimes more than men This means encouraging them to pursue their goals take on new challenges and grow as individuals My wife has ambitions of her own and those ambitions have changed over time Of all the personal growth opportunities she's presented to me over our relationship there hasn't been one I haven't been supportive of her pursuing Perhaps that's due to our understanding of each other or her reasonable goals but supporting each other's growth helps to keep the relationship fulfilling All decisions should be considered equally and ideally it either helps the growth of the relationship or the growth of the family Sometimes more personal growth opportunities come about and those might need to be discussed a little more It might be easier to support pursuing a master's degree to earn more money for your growing family than deciding to summit Mt Everest next year

### Talk About Shared Values

Having shared values and beliefs is crucial for a strong relationship Women need to feel that their partners share similar life goals morals and values Those hard topics like religion politics career goals domestic life and money need to be discussed before

pursuing marriage You don't want to lock yourself into a relationship without knowing your potential spouse's personal professional and political preferences This was a conversation that lasted many years for my wife and I and each of us grew closer together when discussing these preferences Our marriage probably wouldn't have worked well if we'd gotten married 3 years earlier This understanding of each other's core values creates a sense of alignment and unity in the relationship It's the hard discussions and understanding of each other's values that helps to build a strong foundation for a lasting relationship

Find New Adventures With Her Keeping the relationship exciting and adventurous is important Women need to experience new things with their partners whether it's traveling trying new hobbies or simply exploring new ideas together I saw a video recently of two women discussing hobbies and how easy it seemed for men to find hobbies They mentioned hobbies that men engage in like golf video games watching sports regularly fishing and more They mentioned how neither of them really had hobbies and I found that intriguing My wife definitely has hobbies but they aren't the same as mine She truly loves baking she loves having a little garden she loves going to new coffee shops and loves to skate at the local ice rink Sure it's not golfing every Saturday with the boys but those are a few things she loves doing For a next date night consider asking her what kinds of adventures she wants in her life Adventure adds excitement and fun to the relationship helping to keep it fresh and engaging and hey you might find out what she enjoys to do with some downtime

Spend Quality Time Together Spending quality time together is crucial in any relationship Women need to feel that their partners enjoy spending time with them One of the more recent ways my wife and I have shared quality time together is cooking together whenever we can and watching movies together Cooking together in our smaller kitchen almost forces us to work together just so we avoid bumping into each other We've also watched a few more movies recently and I'll make this distinction watching one movie is far different than watching a TV show Movies are longer and require more planning you need to start it earlier you need to make sure you have 2-3 hours for it and you might make popcorn or a yummy treat You also need to decide which movie to watch All of this requires more effort and planning than just watching a TV show This quality time helps us to strengthen our marriage and create happy memories Knowing what women need in a relationship is very necessary for creating a strong relationship together If you concentrate on all of these major aspects of a relationship you can build up this unbreakable unity that makes both people feel loved and valued All relationships require effort understanding and commitment from both sides By discussing all her needs and working through problems you can create a lasting and loving relationship that brings joy happiness security and meaning to both of you If the two of you always remember a successful relationship is built on respect trust and love you'll be able to go far together and hopefully make a wonderful beautiful life together

**Female Entrepreneurship in Nineteenth-Century England** Jennifer Aston,2016-08-31 Aston challenges and reshapes the on going debate concerning social status economic opportunity and gender roles in nineteenth century society Sources including trade directories census returns probate records newspapers advertisements and photographs are analysed and linked to demonstrate conclusively that women in nineteenth century England were far more prevalent in business than previously acknowledged Moreover women were able to establish and expand their businesses far beyond the scope of inter generational caretakers in sectors of the economy traditionally viewed as unfeminine and acquire the assets and possessions that were necessary to secure middle class status These women serve as a powerful reminder that the middle class woman s retreat from economic activity during the nineteenth century so often accepted as axiomatic was not the case In fact women continued to act as autonomous and independent entrepreneurs and used business ownership as a platform to participate in the economic philanthropic and political public sphere

Female Entrepreneurs in the Long Nineteenth Century Jennifer Aston,Catherine Bishop,2020-07-29 This volume challenges those who see gender inequalities invariably defining and constraining the lives of women But it also broadens the conversation about the degree to which business is a gender blind institution owned and managed by entrepreneurs whose gender identities shape and reflect economic and cultural change Mary A Yeager Professor Emerita University of California Los Angeles This is the first book to consider nineteenth century businesswomen from a global perspective moving beyond European and trans Atlantic frameworks to include many other corners of the world The women in these pages who made money and business decisions for themselves rather than as employees ran a wide variety of enterprises from micro businesses in the grey market to large factories with international reach They included publicans and farmers midwives and property developers milliners and plumbers pirates and shopkeepers **Female Entrepreneurs in the Long Nineteenth Century A Global Perspective** rejects the notion that nineteenth century women were restricted to the home Despite a variety of legal and structural restrictions they found ways to make important but largely unrecognised contributions to economies around the world many in business Their impact on the economy and the economy s impact on them challenge gender historians to think more about business and business historians to think more about gender and create a global history that is inclusive of multiple perspectives Chapter one of this book is available open access under a CC BY 4 0 license at [link.springer.com](http://link.springer.com)
