Reclaiming The Inner Child:

Homecoming John Bradshaw, 1990-07-01 In this powerful book the 1 New York Times bestselling author of *Reclaiming Virtue* shows how we can learn to nurture our inner child and offer ourselves the good parenting we needed and longed for Are you outwardly successful but inwardly feel like a big kid Do you aspire to be a loving parent but too often lose it in hurtful ways Do you crave intimacy but sometimes wonder if it's worth the struggle Are you plagued by constant vague feelings of anxiety or depression If any of this sounds familiar you may be experiencing the hidden but damaging effects of a painful childhood carrying within you a wounded inner child who is crying out for attention and healing John Bradshaw's step by step process of exploring the unfinished business of each developmental stage helps us break away from destructive family rules and roles freeing ourselves to live responsibly in the present Then says Bradshaw the healed inner child becomes a source of vitality inviting us to find new joy and energy in living *Homecoming* includes a wealth of unique case histories and interactive techniques including questionnaires guided meditations affirmations and letter writing to the inner child These classic therapies which were pioneering when introduced continue to be validated by new discoveries in attachment research and neuroscience No one has ever brought them to a popular audience more effectively and inspiringly than John Bradshaw

of our self worth When we deny reject or criticize our own innocence and vulnerability we hinder our capacity for authenticity and connection We are desperate for a semblance of control because we felt powerless as a child and we attempt to protect ourselves by directing arrows of judgment criticism and negativity towards ourselves and others Political hatred discrimination and crime can all be traced to childhood wounding These harmful behaviors along with depression anxiety and self doubt are the inner child s desperate call for help Our younger selves are still trying to get their needs met and it is now our responsibility to meet these needs Nobody else can Until we meet our own needs we blame our parents our partners and the world We are stuck in a triangle of disempowerment in which only three roles are available victim villain and rescuer We cycle through all three of these roles depending on the circumstance In each one of these roles we are looking for self worth outside ourselves and feel resentful and powerless This book teaches us how to step out of this triangle and the layers of story we have been telling ourselves becoming our own guide on an epic inner quest It is an invitation to write a new story to finally meet our needs and take full responsibility for our lives To do this we step outside of linear time and journey back to significant moments of our childhood bringing our adult self along with all of our acquired life experience to offer the support that was needed at the time Homecoming John Bradshaw,1992 *Reclaiming Your Inner Child* Ken Parker,Kenneth F.
