collection of essays seeks to provide a forum for his evaluation and reinterpretation in accord with his topicality for literary studies today

**The Postmodern Short Story** Farhat Iftekharrudin, Joseph Boyden, Mary Rohrberger, Jaie Claudet, 2003-12-30 Short stories are usually defined in terms of characteristics of modernism in which the story begins in the middle develops according to a truncated plot and ends with an epiphany This approach tends to ignore postmodernism a movement often characterized by a negation of objective reality where plots are seemingly abandoned surfaces are extraordinary and symbols turn inward on themselves This book examines postmodern forms and characteristic themes by analyzing a group of short stories that make use of postmodern narrative strategies including nonfictional fiction gender profiling and death as an image The volume begins with a discussion of the blurred lines between fiction and nonfiction in the short story and imaginative personal essay It then looks at the role of women in works by such authors as Sandra Cisneros Leslie Marmon Silko Joyce Carol Oates and Lorrie Moore This is followed by a section of chapters on postmodern masculinity and short fiction The next section focuses on death as an image and theme in works by Richard Ford Richard Brautigan and James Joyce The final set of chapters considers postmodern short fiction from South Africa and Canada

Evans,2013-10-28 First published in 2003 Routledge is an imprint of Taylor Francis an informa company The Human Satan in Seventeenth-Century English Literature Nancy Rosenfeld,2016-02-24 Framed by an understanding that the very concept of what defines the human is often influenced by Renaissance and early modern texts this book establishes the beginning of the literary development of the satanic form into a humanized form in the seventeenth century This development is centered on characters and poetry of four seventeenth century writers the Satan character in John Milton's *Paradise Lost* and *Paradise Regained* the Tempter in John Bunyan's *Grace Abounding to the Chief of Sinners* and Diabolus in Bunyan's *The Holy War* the poetry of John Wilmot earl of Rochester and Dorimant in George Etherege's *Man of Mode* The initial understanding of this development is through a sequential reading of Milton and Bunyan which examines the Satan character as an archetype in the making building upon each to work so that the character metamorphoses from a groveling serpent and fallen archangel to a humanized form embodying the human impulses necessary to commit evil Rosenfeld then argues that this development continues in Restoration literature showing that both Rochester and Etherege build upon their literary predecessors to develop the satanic figure towards greater humanity Ultimately she demonstrates that these writers taken collectively have imbued Satan with the characteristics that define the human This book includes as an epilogue a discussion of Samson in Milton's *Samson Agonistes* as a later seventeenth century avatar of the humanized satanic form providing an example for understanding a stock literary character in the light of early modern texts **Modern American**

Biberman, 2017-03-02 Offering a profound re assessment of the conceptual rhetorical and cultural intersections among sexuality race and religion in English Renaissance texts this study argues that antisemitism is a by product of tensions between received Classical conceptions of masculinity and Christianity s strident critique of that ideal Utilizing works by Shakespeare Milton Marlowe and others Biberman illustrates how modern antisemitism develops as a way to stigmatize hypermasculine behavior thus facilitating the transformation of the culture s gender ideal from knight to businessman Subsequently the function of antisemitism changes becoming instead the mark of effeminate behavior Consequently the central antisemitic image changes from Jew Devil to Jew Sissy Biberman traces this shift s repercussions both in renaissance culture and what followed it He also contends that as a result of this linkage between Jewishness and the limits of masculine behavior the image of the Jewish woman remains especially unstable In concluding Biberman argues that the Gothic resurrects the Jew Devil bequeathing it to the Nazis and that the horror genre is often a rewriting of Renaissance discourse about Jews In the course of making this larger argument Biberman introduces a series of more limited claims that challenge the conventional wisdom within the field of literary studies First Biberman overturns the assumption that Jewishness and femininity are always associated in the cultural imagination of Western Europe Second Biberman provides the historical context needed to understand the emergence of the stereotype of the pathological Jewish woman Third Biberman revises the incorrect notion that divorce was not practiced in Renaissance England Fourth Biberman argues for the novel claim that serial monogamy in Western culture is a practice understood to possess a Jewish taint Fifth Biberman contributes a major advance in scholarship devoted to T S Eliot illustrating how Eliot s famous critical argument against Milton is an expression of his antisemitism and a coherent compliment to the antisemitic touches in his poetry Sixth in his discussion of Gothic literature Biberman introduces novel readings of Frankenstein and Dracula persuasively arguing that Mary Shelley s monster bears the mark of the Jew according to modern antisemitic discourse and that in Stoker both the vampire and the vampire

killer represent Jews executing a scenario of self policing that was realized in the ghettos and the concentration camps  
Biberman s final contribution in this study is to provide a definition for postmodern antisemitism and to apply it to various contemporary incidents including September 11th and the Arab Israeli conflict
