Reclaiming What Was Lost Recovering Spiritual Vitality In The Mainline Church:

Reclaiming What Was Lost Carlyle Fielding Stewart, 2003 In *Reclaiming What Was Lost* Stewart brings together the best of his writing and thinking on the problems of mainline Protestantism Readers will find here important guidance on how to establish a congregation that is genuinely led by laypeople how to move the gospel from the church building out into the neighborhood and onto the street corners and how to preach genuine scriptural holiness in a skeptical and relativistic age Throughout *Reclaiming What Was Lost* Stewart drives his point home with the forceful simple message that is his hallmark the church has failed because we its leaders have failed to develop and maintain a fervent personal devotion to our Lord To those looking for hope and new life in a church grown spiritually cold *Reclaiming What Was Lost* speaks powerfully BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Pastor on Track Emanuel Cleaver III, 2014-04-15 So often pastors are defined by external forces rather than by the essential nature of the pastoral leader as modeled in scripture Taking positive steps to put pastors on track author Emmanuel Cleaver III draws on his own experiences and from dynamic and effective pastors and churches across the country He presents biblical models to distill his message and to recalibrate the definition of what makes the best church leaders *Pastor on Track* helps clergy re frame their congregation s expectations and to empower them to do the work of the people so the pastor can do the work of the pastor

Paradigm Shift Johnny M. Wilson Jr., 2014-06-19 In *Paradigm Shift* this book describes the challenges on intercultural relationships and with family related small to conservative African American Churches in the culture life of New England in general An examination of the complexes of change and addressing the need for more intercultural and communication within many churches The term paradigm refers to a philosophical and theoretical framework for example ideal or pattern Many of these congregations have long standing in their communities helping the poor feeding the hungry and spreading the good news of the gospel **Branded Faith** Rajkumar Dixit, 2010-06-07 Christianity may be the greatest story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas on how to

maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society

Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 *The Unquestionable Right to be Free* Itumeleng Jerry Mosala, Buti Tlhagale, 1986 **Spirit Unchained** Russell Welch, 2024-11-04 In the journey of faith every generation must wrestle with how to live out the teachings of Christ in a way that is authentic and transformative This struggle is not merely a personal endeavor it is a communal challenge that shapes the very identity of the Church As society evolves and cultural paradigms shift believers are called to reinterpret and reapply the teachings of Jesus within their contemporary contexts Spirit Unleashed Reviving the Church's True Identity emerges as a timely response to this pressing need seeking to bridge the chasm between the vibrant Spirit-led church of the New Testament and the often rigid institutional churches we see today The New Testament presents a vision of the Church that is alive dynamic and responsive to the leading of the Holy Spirit It is a community where believers are empowered to live out their faith in radical ways serving the marginalized advocating for justice and spreading love unconditionally However as history unfolded many churches became enshrined in tradition adhering to rigid doctrines that increasingly distanced them from the heart of Christ's teachings This institutionalization often results in a loss of spiritual vitality rendering the Church a mere shadow of its intended purpose In Spirit Unleashed the author invites readers to embark on a journey of rediscovery emphasizing a return to a church that thrives on the profound guidance of the Holy Spirit rather than the heavy chains of outdated religious doctrine One of the central themes of the book is the need for a radical reawakening of the Church's mission **Throwing the Baby Out with the Holy Water** Stephen White, 2025-08-22 This book is intended for those who feel something is missing For those who cherish their Reformation heritage but experience the lack of a rooted faith For those who crave spiritual depth yet have been cautioned against looking too far back For those who rightly suspect that the ancient Church holds treasures we've overlooked and who wish to recover them without compromising the gospel in the process I am one of those people I am Protestant I am grateful for the clarity conviction and gospel urgency that runs through the best of the Reformation tradition However I have also learned that the Reformation was not a blank slate It was a return a return to something already present in the early Church long before the medieval corruptions that the Reformers rightly challenged That Early Church is ours too The wisdom of the desert fathers is ours The profound thinking of Catholic theologians when in step with Scripture is ours The reverence of liturgical worship is ours Mary's example of discipleship is ours The practice of confession is ours These are not Catholic things that we're borrowing They are Christian things we left behind The goal of this book is not to argue for reunion with Rome It's not to flatten doctrinal differences or pretend that the Reformation doesn't matter It does matter deeply However recovering lost wisdom does not betray the gospel instead it deepens our experience of it It anchors us more fully in the historical Church and strengthens our present discipleship We live in an age of spiritual shallowness Attention spans are short Formation is thin Many of our churches have become expressions of the broader culture anxious fragmented

performative over programmed and emotionally underdeveloped Our theological systems are sound but our souls are brittle What we need isn't novelty it's rootedness And there is no root system richer than the one the Spirit has cultivated through two thousand years of global historic Christianity That root system includes more than just Calvin and Luther it encompasses Irenaeus Benedict Teresa of Avila and yes even Aquinas It comprises the monastics and the mystics along with rhythms and practices that were born in the desert and tested by fire We don't honor our Protestant ancestors by staying shallow We honor them by going deeper by seeking the full maturity that the Church was always meant to grow into If we are to become a people of resilience depth and beauty again we must recover the practices and perspectives we once discarded We must learn to live not only as people of truth but as people of presence soaked in prayer humility and the kind of holiness that cannot be faked This introduction is a doorway In the pages ahead we will explore what was lost not to romanticize the past but to recover what still holds the power to shape our future We will examine ancient practices like confession forgotten figures like the desert fathers neglected teachings about Mary and the immense intellectual and spiritual wealth of Catholic theologians who never stopped loving Scripture and Christ We will ask hard questions Can Protestants re-engage with these issues without compromising our convictions Can we recover a reverence for tradition without losing our dependence on Scripture Can we build a Protestant future that is spiritually rich historically informed and deeply Christ-centered I believe the answer is yes
