Reclaiming Your Christian Self In A Secular World:

Reclaiming Your Christian Self in a Secular World Cheryl Dickow, 2005-10-01 More than ever before we are longing to understand God's unique plan for our lives. We are questioning how to live more completely as He commands. The Holy Spirit has placed a sense of urgency upon our hearts that calls us to return to God's Word as our source of wisdom and guidance. We find through women like Ruth, Zipporah, Deborah, and Noah's wife how God supports and encourages us on our own individual journeys. Ultimately we believe that as we pursue the Father, He will be true to His word as given to us in Hebrews 11:6. And without faith it is impossible to please God because anyone who comes to him must believe that he exists and that he rewards those who earnestly seek him. *Reclaiming Your Christian Self in a Secular World* inspires women to renew their commitment to their Creator and to their Christian identity. It helps them to answer the call that God has put on their lives. *Reclaiming Your Christian Self in a Secular World* clearly identifies the characteristics that the Lord values as seen through the examples of women in Scripture and gives meaningful ways for women to bring these traits into their daily lives. A must read for today's Christian woman. The perfect book for our women's group. PamA wonderful book with something for every woman. Kathy

Recovering Christian Character Robert C. Roberts, 2022-03-17 Discipleship guidance from the writings of Kierkegaard. Genuine Christian character often runs counter to prevailing notions of Christianity as much in today's era of nationalistic religiosity as in the staid Christendom of Søren Kierkegaard's time. Kierkegaard responded to the hypocrisy around him by becoming a missionary of sorts in the Western world. Through his writing he exposed the illusions of conventional wisdom while advancing a compelling vision of the true Christian life that would give rise to essential virtues like faith, hope, love, patience, gratitude, and humility. What might Kierkegaard say to us today about recovering a genuine Christian character amid manifold corruptions of the gospel? Robert C. Roberts guides the reader through Kierkegaard's thought about character, clarifying while never unduly simplifying to show how Kierkegaard's prescient psychological insights can be applied in the lives of twenty-first century Christians interested in personal formation. Taking on a Kierkegaardian voice of his own, Roberts powerfully illustrates how virtue arises not from the mastery of individual ethical principles but from the continuity of one's soul with the heart of God. Apologetics in Africa Kevin Muriithi Ndereba, 2024-02-01 Divided into four major sections, this textbook provides an in-depth exploration of the biblical, philosophical, cultural, and practical concerns facing African Christians as they proclaim and defend the gospel in Africa. Written by a diverse group of pastors and scholars, it provides a much-needed interdisciplinary and contextualized approach to apologetics. It also seeks to bridge the gap between academic research and ministry practice, touching on such topics as hermeneutics, biblical criticism, church history, the nature of evil, religious inclusivism, Muslim-Christian engagement, eldership, rites, domestic violence, cults, and the digital age. Biblically robust, contextually relevant.

ministry oriented and accessible this is a remarkable resource for enriching the life and ministry of Christians in Africa and beyond

Shaping the Society Christianity and Culture Pastor Stephen Kyeyune, 2012-05-03 African theology involves theology that reflects the original thinking of African people Many African have expressed a need for the theology that reflects the original thinking of African peoples Some theologians have recklessly labeled every aspect of African culture to be evil whereas others have expressed contempt regarding Christianity wrapped in Europeans culture Having stayed away from my culture for more than twenty years I have encountered several cultural shocks My personal experience has induced me to invest time into intensive researching on the issue of culture and Christianity in anticipation to help somebody puzzled and drowned in confusion I mean somebody who will not draw a diving line between the two aspects of lives Within every cultural background setting there is a godly culture that is not in conflict with Christianity The culture of man apart from God equals to corruption God created culture and He sent His Son to restore and to preserve the moral values of the cultures The godly culture of man should therefore not be in conflict with the culture of the Bible This topic has been produced in a series of teachings in different volumes of books for deeper clarification I advise you to read all of the series available for your spiritual growth

Spiritual Theology Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the

connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology. Allowing rational formulations to drop into the background, he brings the mystery of the faith to the fore. Chan begins with the principal doctrines of God, sin, salvation, and the church. He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction. Unabashedly evangelical and truly ecumenical, Chan grounds his exploration in the sources of the Protestant, Catholic, and Orthodox traditions. His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective. *Spiritual Theology* is a book for those who care deeply about theology and spirituality and strive to integrate the two. It is well worth careful reflection and prayerful reading.

Ruined Sinners to Reclaim David Gibson, Jonathan Gibson, 2024-04-22. Examining the Doctrine of Human Depravity in Scripture and throughout Church History. For centuries theologians have debated the doctrine of total depravity, the belief that people are wholly and naturally corrupt due to original sin. Reformed theology upholds this truth, acknowledging it to be essential for understanding the gospel and humanity's need for a Savior. *Ruined Sinners to Reclaim* persuasively reaffirms the doctrine of total depravity from biblical, historical, theological, and pastoral perspectives, drawing on the debates of theologians throughout church history. Edited by David and Jonathan Gibson, this book features contributions from respected theologians including Michael A. G. Haykin, Gray Suttle, Garry Williams, Mark Jones, Daniel Strange, and R. Albert Mohler Jr. to help readers understand the reality of our sinful nature, its debilitating effects, and the Holy Spirit's role in salvation. This is the second book in the *Doctrines of Grace* series, which explores the central points of the Canons of Dort, providing a framework for understanding each doctrine in all its historical, biblical, theological, and pastoral richness. *Defends the Doctrine of Total Depravity*, including sin's origin, spread, nature, and scope, as well as its effects on free will. *Comprehensive* explores theological ideas throughout church history, including from the patristic, medieval, Reformation, and post-Reformation periods, and viewpoints of the Pelagians and Semi-Pelagians, Arminians, Rationalists, Romanists, and Evolutionists. Part of the *Doctrines of Grace* Series. Along with *From Heaven He Came and Sought Her*, this volume explores a central tenet of Reformed theology. Well researched. Includes contributions from Michael A. G. Haykin, Mark Jones, Lee Gatiss, Mark D. Thompson, Gray Suttle, Douglas Sean O'Donnell, Daniel Strange, David Wells, R. Albert Mohler Jr. and more.

By the Renewing of Your Minds Ellen T. Charry, 1999. This book develops the thesis that classical Christian theology seeks to help believers flourish by knowing and loving God. Ellen Charry argues this premise by example, offering a close reading of a number of classical texts from the New Testament era to the Reformation, including works of Paul, Augustine, Athanasius, Basil of Caesarea, Anselm, and Calvin. She points out the pastoral and moral aims that shape the teachings of these theologians on a wide range of topics, including the Trinity, human beings as created in the image of God, the incorporation of Jews and Gentiles into the body of Christ in baptism, the incarnation, death, and resurrection of Christ, and the divinity of the Holy Spirit. Charry explains that the very logic of their arguments is shaped by the author's concern for the goodness and

happiness that should result from living into the doctrines She further shows that although the spiritual and pastoral purposes of these writings are many and complex they are invariably concerned to foster what modern people can without difficulty recognize as human dignity what she calls excellence in action affection and self appraisal **Urban Fears and Global Terrors** Victor Jeleniewski Seidler,2007-10-18 First published in 2007 Routledge is an imprint of Taylor Francis an informa company Christian Ethics Introduced Hans O. Positional Christianity Dr. Lin Ares, 2021-08-05 Positional Christianity is a biblical lifestyle based on scripture It is making decisions based on God s Word It is accepting Scripture as truth regardless of how illogical it may appear Its opposite is dispositional Christianity which is making decisions on emotions feelings past experiences or other human tendencies This book explains the Christian lifestyle based on the principles of positional Christianity **Faith in America** Charles H. Lippy, 2006-09-30 Over the last 25 years there has been much talk of the presumed decline in religious participation in America In addition from the 1960s on surveys that mark the influence of religion in American life have shown a mixed response Many suggest that religion is losing influence in the culture as a whole others indicate that while organized religion

may be experiencing challenges spirituality is on the upswing At the same time however there have been signs that religious life in the U S is extraordinarily healthy But religion in America has changed to be sure in a number of ways And it has changed us and our culture in return This timely set looks at the major forces that are changing the shape of religion in American life With an influx of immigrants from Asia Latin America and other regions the diversity of religion has grown to include Buddhism Hinduism Islam and other faiths Latin American and African American communities have experienced changes in the ways they practice their faith and in turn influence American culture in general Women have entered the clergy in record numbers and the push for allowing women and gays to enter the clergy in religions that limit or prohibit their roles is on the increase In addition gay couples are leading the same sex marriage movement and other social issues such as abortion stem cell research end of life care etc are still being debated Interest over how people actually live out their religion or spirituality has mushroomed in recent decades thanks in part to the information revolution and popular culture What folks do when they gather together to worship and where they come together has changed dramatically with the advent of the Internet and the role of sports in American life So much has changed and faith in America has become more important than ever as part of our culture our way of life and the way we relate to each other and the world around us The essays found in these pages shed light on our understanding of these transformations and help us comprehend the enormous role of religion in our society and in our world
