

Great Falls

Invitation to attend the Great Falls meeting. I received your letter in time to attend the rest of the week. I am glad of a chance to visit the place that still lives. Most of my old friends who were in the range will be there. It is a history that the former good men and boys were regular and Americans lost with the frontier.

Recollections Of Charley Russell:

Recollections of Charley Russell Frank Bird Linderman, 1988-09-01 The intimate human memories regarding Charles M Russell his genius and eccentricities which Frank Linderman set down shortly after the death of his good friend constitute a miscellany of personal insights for which any of Russell's biographers ought to have given his eyeteeth But in none of the increasingly frequent Russell commentaries apparently has use ever been made of these prime source materials When Russell and Linderman met it was to be expected a close friendship would result Their interests experiences and natural inclinations were of the same cloth They loved untrammelled people in virgin country they had high regard for the old time Indian and his mores they held the encroachments upon the old West of civilization's less laudable aspects in mutual disdain and finally Linderman with words and Russell with paint and clay were professional artists concerned in the re creation of a beloved time fast slipping away These recollections of their shared campfires trails conversations and fun constitute the finest portrait extant of Charley Russell the human being pulsing with personality quip and many of his well known tall tales

Charles M Russell Raphael Cristy establishes the western artist's importance as a writer who overturned stereotypes about American Indians. Environmental studies are showcased in Dan Flores's essays on the demise of the great buffalo herds and the history of the horse trade. And no overview of the West would be complete without military and law enforcement history amply represented by Robert M Utley's work on the Texas Rangers. Paul Hutton's panoramic recounting of the Alamo and Sally Denton's new look at the controversial Mountain Meadows Massacre incorporating the latest forensic evidence. In what serves as a fitting coda to the violent yet inspiring history of the American West, Hutton offers a stirring account of Teddy Roosevelt's leadership at the Battle of San Juan Hill. This is a collection as pleasurable to read as it is rich with great and significant stories about one of the most enduring national epochs: the history of the great American West.

Great Plains Quarterly, 1988 **Journal of the West** Lorrin L. Morrison, Carroll Spear Morrison, 1990 Figures in a Western Landscape Elizabeth Stevenson, 2001-01-01

Figures in a Western Landscape is an absolutely stunning book. A biographer's take on the story of the American West, it posits that the turns of history are based on people, major figures who shape their time and place. In her sequence of biographical essays, Elizabeth Stevenson tells the story of the northern Rockies and, in particular, Montana, a state of mind even more than it is a state of the Union. As her readers have come to expect, she offers more than a mere recounting of events; Stevenson captures the humanity of her subjects. Charles Little, author of *Louis Bromfield at Malabar* and *Greenways for America*. The northern Rocky Mountains and adjacent high plains were the last American West. Here was the final enactment of our national drama: the last explorations, the final battles of the Indian wars, the closing of the frontier. In *Figures in a Western Landscape*, award-winning biographer Elizabeth Stevenson humanizes the history of the region with a procession of individual lives moving across generations. Each of the sixteen men and women depicted left behind his or her own unique written record or oral history. The stories they have bequeathed are rich in revealing anecdote and colorful detail. Among them: Meriwether Lewis, America's most introspective explorer; John Kirk Townsend, known to the Chinooks as the bird chief; Pretty Shield, wife of the Crow scout who warned Custer to turn back at Little Big Horn; James and Granville Stuart, early settlers lured by rumors of gold in the 1850s. In a concluding chapter, Stevenson draws on previously unpublished material to reveal new information about Martha Jane Cannary Burke, better known as Calamity Jane, the woman who could ride, shoot, and drive a mule team as well as any man but who once failed to pass because she didn't cuss her mules like one. She lies buried in Deadwood, South Dakota, next to the man, some said, was her husband, Wild Bill Hickok. These and other men and women whose stories Stevenson tells helped to shape and were in turn shaped by the uniquely challenging landscape of America's last West. Their words and actions, here rediscovered, give vivid color to a climactic chapter in American history. This book will be of interest to historians and general readers interested in the people of the American West.
