Josie Coco, 2012-06-20 Right from the get go I was never going to believe that we were not meant to be happy At just 15 years of age the thought of spending the rest of my life in misery because we werent put on this earth to be happy was a thought too frightening to conceive As I projected this sentiment forward and imagined the long years ahead then and there I made the commitment that I was going to find the pathway to happiness that I would live a joyful life By the time I had reached my middle years this commitment had become an obsession During this lifetime I would find the keys to happiness Whatever it took joy was my goal and I wouldnt rest until I found it With glimpses of happiness along the way I was motivated

and driven Love yourself first What does that mean How do you do that There were lots of great suggestions but very few helpful guidelines Entrenched in a middle income mindset I held many limiting beliefs that kept me squarely where I was But for an enquiring mind and a fearless heart that had almost lost its desire to fight on I may have drowned in the mire of unworthiness Little by little the pieces of the puzzle came together My journey took me to explore both inside and out what others had to offer and the filters through which I was living my life A woman on a mission I wouldn't let it go until I had discovered the answers Joy We are meant to be joyful We are meant to be happy Wurruwarrin Where the Wind Blows Sandy Ross,2018-08-23 My book is meant to show the holistic intelligence of our traditional people Surviving for over sixty thousand years meant the whole brain had to be utilized The education I received left me stifled as my emotional intelligence was more in need of attention than my IQ which was ordinary I found the need to challenge that which was lacking in my schooling years and be passionate about change after revisiting education in the areas that I found interesting while learning as a mature age student *Solomon Speaks on Reconnecting Your Life* Dr. Eric Pearl,Frederick Ponzlov,2014-05-20 Why are prominent doctors quantum physicists and researchers all over the world interested in the seemingly chance encounter that Dr Eric Pearl had with one of his patients What was it about that encounter that would not only radically accelerate the trajectory of his life but ultimately affect the lives of millions and will most likely profoundly affect your life as well What is this phenomenon In his international bestseller *The Reconnection Heal Others Heal Yourself* Dr Pearl taught readers how to access and tap into a comprehensive spectrum of energy light and information previously inaccessible to anyone anywhere In doing so he allowed us to entirely transcend complex energy healing techniques and bring about dramatic often instantaneous lifelong healings and life transformations Since then the world has clamored for Eric's second book His response When I have something else to say Today Dr Pearl in collaboration with Frederick Ponzlov indeed has something else to say You might have to reconsider everything you've read up until now about healing consciousness and our four dimensional existence here on Earth As guided by the spirit of Solomon an extradimensional intelligence that speaks through Frederick experience firsthand the insights imparted during the evolution of this unique transmodality known today as Reconnective Healing Now you can discover these insights and apply them to your life insights that have revolutionized the healing world and given us the key to access the immense power that we each have within our lives Solomon speaks *Evolution of Faith and Religion* Ajit Randhawa,2009-08
