Reconsiderations On The Russian Revolution

Richard Abraham

Reconsiderations On The Russian Revolution:

Reconsiderations on the Russian Revolution Ralph Carter Elwood, 1976 **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state. *The Russian Revolution, 1917* Rex A. Wade, 2017-02-02 This book explores the 1917 Russian Revolution from its February Revolution beginning to the victory of Lenin and the Bolsheviks in October. *Russia in the Age of Modernisation and Revolution 1881 - 1917* H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation: the relationship between state and society and its effects on politics, economics, and class in these critical years. **From Tsar To Soviets** Christopher Reed, 2005-11-10 Written from the perspective of the factory worker and peasant at the ground level, this study of Russia during the Revolution 1917-21 aims to shed light on the realities of living through and participating in these tumultuous events. The book is intended for undergraduate courses in history, Soviet studies, and politics. *From Tsar to Soviets* Christopher Read, 1996 By examining the 1917 revolution in the light of the experiences of the ordinary population rather than the activities of central parties and politicians, this book presents a challenging and fresh interpretation. *T S Eliot: a Reconsideration* Naorem Khagendra Singh, 2001 *Russia, the Roots of Confrontation* Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma. It springs from the thesis that Russia's national character and its international relations can be understood only in light of the traumas and triumphs, privation and privileges that the country weathered under the tsars and the Soviets. **A History of Modern Russia from Nicholas II to Vladimir Putin** Robert Service, 2005 Robert Service here presents a comprehensive overview of 20th century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic, and social ingredients that made up the Soviet compound. **Alexander Kerensky** Richard Abraham, 1987 In this innovative biography, Richard Abraham offers a comprehensive analysis of Alexander Kerensky's politics and an intimate portrait of the Russian revolutionary's role during the turbulent times of the 1917 Revolution and World War I. *Inside Lenin's Government* Lara Doubs, 2018-02-22 Lara Doubs examines the practical functioning and internal political culture of the early Soviet government cabinet, the

Council of People's Commissars Sovnarkom under Lenin This study elucidates the process by which Sovnarkom's governmental decision making authority was transferred to Communist Party bodies in the early years of Soviet power and traces the day to day operation of the supreme state organ The book argues that Sovnarkom was the principal executive body of the early Soviet government until the Politburo gradually usurped this role during the Civil War Using a range of archival source material Lara Doust reinterprets early Soviet political history as a period where fledgling Soviet rather than simply Communist Party power was attempted but ultimately failed when pressures of Civil War and socio economic dislocation encouraged the centralising and authoritarian rather than democratic strand of Bolshevism to predominate Inside Lenin's Government explores the basic mechanics of governance by looking at the frequency of meetings types of business discussed processes of decision making and the administrative backdrop as well as the key personalities of Sovnarkom It then considers the reasons behind the shift in executive power from state to party in this period which resulted in an abnormal situation where as Leon Trotsky commented in 1923 leadership by the party gives way to administration by its organs

Revolutionary Democracy Soma Marik, 2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women's Studies and History at Jadavpur University Stalin Hiroaki Kuromiya, 2013-08-16 This profile looks at how Stalin despite being regarded as intellectually inferior by his rivals managed to rise to power and rule the largest country in the world achieving divine like status as a dictator Through recently uncovered research material and Stalin's archives in Moscow Kuromiya analyzes how and why Stalin was a rare even unique politician who literally lived by politics alone He analyses how Stalin understood psychology campaigns well and how he used this understanding in his political reign and terror Kuromiya provides a convincing concise and up to date analysis of Stalin's political life **Soviet Politics** Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post

Soviet politics as well as the interested general reader **The Origins of the Stalinist Political System** Graeme Gill, Graeme J. Gill, 2002-07-18 New and challenging perspectives on Soviet political development from 1917 to 1941

Soviet Communists in Power R. Sakwa, 1988-06-21 **Behind the Front Lines of the Civil War** Vladimir N. Brovkin, 2015-03-08 Countering the powerful myth that the civil war in Russia was largely between the Whites and the Reds Vladimir Brovkin views the struggle as a multifaceted social and political process Brovkin focuses not so much on armies and governments as on the interaction of state institutions political parties and social movements on both Red and White territories In the process he exposes the weaknesses of the various warring factions in a Russia plagued by strikes mutinies desertion and rebellions The Whites benefited from popular resistance to the Reds and the Reds from resistance to the Whites In Brovkin's view neither regime enjoyed popular support Pacification campaigns mass shooting deportations artillery shelling of villages and terror were the essence of the conflict and when the Whites were defeated the war against the Greens the peasant rebels went on Drawing on a remarkable array of previously untapped sources Brovkin convicts the early Bolsheviks of crimes similar to those later committed by Stalin What emerges behind the front lines is a picture of how diverse forces Cossacks Ukrainians Greens Mensheviks and SRs as well as Whites and Bolsheviks created the tragic victory of a party that had no majority support This book has important contemporary implications as the world again asks an old question Can Russian statehood prevail over local regional and national identities Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Revolutions and Revolutionists** Robert Blackey, 1982 **Political Violence, Crises and**

Revolutions (Routledge Revivals) Ekkart Zimmermann, 2013-04-15 First published in 1983 this extraordinary study provides a comprehensive systematic evaluation of cross national theorizing and quantitative empirical evidence on four interrelated phenomena Political violence Crises Military Coups D tat Revolutions Findings from social psychological research on aggression are integrated in this outstanding study as well as results reported in social historical studies of revolution The focus of the book is always on analytical perspectives and corresponding empirical evidence The author continually highlights the sociostructural and political conditions of political violence crises and revolutions This exceptionally detailed and systematic inventory of theories and research on a classic triad of political science political violence crises and revolutions also includes a remarkable bibliography encompassing over 3000 items **Lenin: A Political Life** Robert Service, 2016-07-27 In this second volume of his Lenin trilogy Robert Service builds on the approach established in the first He emphasises the extraordinary circumstances in Russia and the world enabling Lenin to come to

power in 1917 He also details ways whereby Lenin led a turbulent Bolshevik party and adjusted its policies so as to gain authority in the soviets Lenin the crafty and pragmatic politician as well as the utopian and merciless class warrior are portrayed

Reconsiderations On The Russian Revolution: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Reconsiderations On The Russian Revolution : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Reconsiderations On The Russian Revolution : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
