Weir, 2005 The idea of covenant was at the heart of early New England society In this singular book David Weir explores the origins and development of covenant thought in America by analyzing the town and church documents written and signed by seventeenth century New Englanders Unmatched in the breadth of its scope this study takes into account all of the surviving covenants in all of the New England colonies Weir s comprehensive survey of seventeenth century covenants leads to a more complex picture of early New England than what emerges from looking at only a few famous civil covenants like the Mayflower Compact His work shows covenant theology being transformed into a covenantal vision for society but also reveals the stress and strains on church state relationships that eventually led to more secularized colonial governments in eighteenth century New England He concludes that New England colonial society was much more English and much less American than has often been thought and that the New England colonies substantially mirrored religious and social change in Old England **The Salmon Records** William Salmon, 2017-10-16 Excerpt from *The Salmon Records A Private Register of Marriages and Deaths of the Residents of the Town of Southold Suffolk County N Y And of Persons More or Less Closely Associated With That Place 1696 1811* Member of the New York Genealogical and Biographical Society and Long Island Historical Society The Salmon Records are a private register of marriages and deaths of residents of the Town Of Southold Suffolk County New York or of persons more or less closely associated with that place About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art
