## Recovery Of Islamic Identity In Global:

**The Recovery of Islamic Identity in Global Perspective** Ralph J. D. Braibanti, 1979 Islam in Malaysia Hussin Mutalib, Ee Heok Kua, 1993 This book offers good news about ageing in Singapore and not just the grim statistics of elderly people. From a meticulous survey of 612 elderly people in the districts of Tiong Bahru, Bukit Merah and Henderson, a wealth of data has been amassed. The questionnaire encompassed a wide range of issues: eg perception of old age, memory, sleep, health, alcohol consumption, activities of daily living, leisure pursuits, social network, the old, old elderly men and women etc. and from the information gathered there is compelling evidence to debunk the myths surrounding ageing and old age: the myths of decrepitude, dependency and despondency. **Islam and Power (RLE Politics of Islam)** Alexander

Cudsi,E. Hillal Dessouki,2013-07-24 The 1970s witnessed a mushrooming of Islamic movements and ideas which was described variously as Islamic revival Islamic resurgence and Islam on the march Whether as part of the majority or minority whether under capitalist or socialist regimes Muslims have been moved by this reawakening But what really are the causes and nature of this Islamic resurgence Is it a purely religious revival Or is it a social and political movement that must be understood in the context of the Muslim s conditions and milieu Will it really lead to the establishment of an Islamic socio political order or will it end up as an instrument of struggle between Muslim ruling elites and their opposition And what are the foreign policy implications of these developments Do they necessarily lead to a more militant and hostile attitude towards the West These questions and more are tackled by the contributors to Islam and Power First published in 1981 American Journal of Islamic Social Sciences 16:1 Ralph Braibanti,Aref T.M. Walt,2013-08-07 Revolution within a state almost invariably leads to

intense security competition between states and often to war In Revolution and War Stephen M Walt explains why this is so and suggests how the risk of conflicts brought on by domestic upheaval might be reduced in the future In doing so he explores one of the basic questions of international relations What are the connections between domestic politics and foreign policy Walt begins by exposing the flaws in existing theories about the relationship between revolution and war Drawing on

the theoretical literature about revolution and the realist perspective on international politics he argues that revolutions cause wars by altering the balance of threats between a revolutionary state and its rivals Each state sees the other as both a looming danger and a vulnerable adversary making war seem both necessary and attractive Walt traces the dynamics of this argument through detailed studies of the French Russian and Iranian revolutions and through briefer treatment of the American Mexican Turkish and Chinese cases He also considers the experience of the Soviet Union whose revolutionary transformation led to conflict within the former Soviet empire but not with the outside world An important refinement of realist approaches to international politics this book unites the study of revolution with scholarship on the causes of war
