Recovery Of Mission Beyond The Pluralist Paradigm:

The Recovery of Mission Vinoth Ramachandra, 2002-10-03 In recent years the term religious pluralism has come to be used not only in a descriptive sociological sense but also as theologically prescriptive Within this new paradigm traditional Christian understandings of Christ conversion evangelism and mission have been radically reinterpreted The Recovery of Mission explores the pluralist paradigm through the work of three of its most influential Asian exponents Stanley Samartha Aloysius Pieris and Raimundo Panikkar subjecting each to a theological and philosophical critique On the basis of biblical patristic and contemporary theological writings Vinoth Ramachandra argues for the uniqueness and decisiveness of what God has done for us in Jesus Christ Ramachandra seeks to show that many of the valid concerns of pluralist theologians can best be met by reappropriating the missionary thrust at the heart of the gospel The book ends with suggestions challenging to pluralists and conservatives alike as to how the gospel needs to be communicated in a multifaith world **The Recovery**

Samuel Lee, 2021-04-12 Contemporary missions often include evangelistic and socio economic dimensions For effective missions some way of assessing what is being achieved is needed beyond just the common metrics touching on the spiritual and or economic which neglects social transformation that ideally should also be occurring This book seeks to identify key factors for holistic evaluation based on salient characteristics that emerged as three Entrepreneurial Church Planting sites were studied in San Francisco Redeemer Community Church Selma Alabama Blue Jean Church and Lynch Kentucky Meridzo

Ministries What emerges from these case studies is the importance of relationality general emphasis on growth and development and a well established focus on holistic transformation The mechanisms for the operation of holistic transformation are spelled out to reflect the operation of the three actors of the Trinity in missions The practical component of the book is the conceptual framework that reveals the operation of holistic transformation and ways to measure the dynamic relationships that occur Journal of Latin American Theology, Volume 17, Number 1 Lindy Scott, 2022-05-16 This issue of the Journal of Latin American Theology presents some of the papers given at the Seventh Latin American Conference of the Red Internacional de Educaci n Superior Cristiana RIESC Designed around the theme Higher Education Christian Identity and Public Impact in Latin America the authors herein explore the challenges and the people involved in the three primary tasks of a university teaching research and community engagement through university extension projects Alberto Salom Echevarra's keynote address lays out the seven primary challenges that secular and faith based universities alike are facing The three articles that follow feature concrete examples of successfully facing some of the challenges These are by Joel Aguilar and Ruth Padilla DeBorst with CETI Alejandra Ortiz and Josu Olmedo with IFES and Humberto Shikiya and Milton Mej a with Qonakuy In the next four articles professors in different fi elds interact with the RIESC conference theme from within their specifi c disciplines This includes Adelaida Jim nez in educational sciences Jos Alc ntara Mej a in literature and the arts Arturo Gonz lez Guti rrez in engineering and Ingrid Beatriz Martell in health sciences After the fi nal statement from the conference book reviews by Sidney Rooy and Arturo Gonz lez Guti rrez continue the theme of Christian higher education A fi lm review by Samuel Lagunas explores the worldview of a Protestant evangelical indigenous woman and two poems close this volume with refl ections on God's work as the Divine Educator and as the tender Creator of woman

Encountering Religious Pluralism Harold Netland, 2001-08-14 Harold Netland traces the emergence of the pluralistic ethos that challenges Christian faith and mission interacting heavily with philosopher John Hick and providing a framework for developing a comprehensive evangelical theology of religions **Religion and International Relations** K.R.

Dark, 2000-01-26 Discussions of religion in international relations have often focused narrowly on religious fundamentalism and on the potentially negative consequences of religious differences This book attempts to take a more balanced and much broader view of the subject bringing together new research based studies by specialists from international relations history and theology Case studies and thematic analyses examine both seldom discussed issues such as the political consequences of large scale religious change and review old themes in new ways **Leadership in Community** Lee A. Faith Comes by Hearing ,2009 **Faith Comes by Hearing** Christopher W. Morgan,2009-10-06 WHAT ABOUT THOSE WHO HAVE NEVER HEARD The debate swirls and feelings run deep What is the fate of the unevangelized The traditional position that apart from an explicit faith in Jesus no one is saved seems to have fallen out of favor with many evangelicals But the contributors to Faith Comes by Hearing demur This book is a passionate but irenic response to the arguments of those who believe that the unevangelized can or might be saved apart from knowledge of Jesus Christ Building on the insights of others nine scholars introduce readers even those with little background to the ongoing discussion Key questions Is general revelation sufficient Are other religions salvific Do holy pagans exist Must faith be explicit Is exclusivism unjust are probed and answered from a biblical theological and historical perspective The Shape of Christian History Scott W. Sunquist,2022-06-28 How should thoughtful Christians especially historians and missiologists make sense of global Christianity as an unfolding historical movement Highlighting both the continuity and the diversity within the Christian movement over the centuries this comprehensive resource from Scott Sunquist offers a framework for how to read and write church history **Faith Comes by Hearing (EasyRead Large Bold Edition)** ,2001 **Working Together with God to Shape the New Millennium** Kenneth B. Hospitality and the Other Author, Amos Yong,2015-03-04 The Cambridge Companion to Evangelical Theology Timothy Larsen,Daniel J. Treier,2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with

contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today s most eminent evangelical theologians and important emerging voices The Perception of Christianity as a Rational Religion in Singapore Clive S. Chin,2017-03-23 This book evaluates the common criticism that Christianity in Asia is westernized Since the 1980s Asian evangelical theologians and missiologists argue that the intrusion of Western theology is responsible for the Western and hence alien expressions of Christianity in Asia Yet in Singapore the number of Christians has increased over the last few decades Empirical evidence demonstrates that younger Chinese Singaporeans convert from Buddhism or Taoism to Christianity partly because they perceive it as a rational religion over Buddhism or Taoism which are viewed as irrational or superstitious Not only do many converts favor Christianity as a rational religion but they do not regard Christianity as a Western religion at the point of their conversion What accounts for those recent developments This study explores the processes of modernization and globalization as important factors impacting religious change in Singapore Personal contextual and structural elements actually influence one s religion of choice In facilitating effective mission one must qualify the use of the categories Asian and Western because religious and cultural boundaries overlap What matters most in missiology is discerning how the gospel of Jesus Christ engages the self understanding and lived realities of ethnic and religious others in diverse cultural settings Krsna and Christ Steven Tsoukalas,2011-09-01 This work compares the Krsnavatara Krsna in his avatara doctrines of Sankara and Ramanuja and the incarnation of Christ as represented by classical Christian orthodoxy and draws out comparative theological and soteriological implications It does so first by examining the epistemologies theologies and world views of Sankara and Ramanuja and the theology and world view of classical Christian orthodoxy so that second an adequate foundation and subsequent thorough representation of avatara and incarnation might be accomplished in order that third accurate comparisons may be drawn between avatara and incarnation The result of this study is a demonstration that many of the popularly held similarities between avatara and incarnation are superficial and that therefore careful consideration of epistemologies and ontologies should be undertaken when comparing theologies and soteriologies pertinent to avatara and incarnation
