The Process of Recreation Programming

Patricia Farrell, Herberta M. Lundegren, 1991 The third edition of this popular book takes the reader through the process of recreation programming Material has been added concerning leisure education using volunteers marketing programs and qualitative approaches to evaluating and understanding the diversity of participants Basic recreation program areas are presented in terms of how to program the activity experience rather than how to do the activity **Programming for Parks, Recreation, and Leisure Services** Donald G. DeGraaf, Debra Jean Jordan, Kathy H. DeGraaf, 2010 Meeting the needs of customers through effective recreation programs is imperative for leisure service organizations to survive and prosper in the 21st century This new edition of Programming for Parks Recreation and Leisure Services retains its user friendly approach and servant leadership foundation It includes updated material in all chapters and additional material about social entrepreneurship and strategic planning In addition programmer profiles have also been added to each chapter to introduce students to recreation programmers in a variety of positions Leisure Programming for Baby Boomers Lynda Jeanine Cochran, Anne Marie Rothschild, Jodi L. Rudick, 2009 This title shows leisure industry professionals how to attract the emerging and lucrative Baby Boomer market by using evidence based research to understand the Boomer generation s leisure values interests and needs It contains staff training strategies marketing strategies and a guide to developing successful Boomer programmes Leisure Programming , 2004 **Recreation and Leisure Programming** Christopher R. Edginton, David M. Compton, David W. Compton, Carole J. Hanson, 1980 *Programming for Parks, Recreation, and Leisure Services* Debra Jean Jordan, Donald G. DeGraaf, Kathy H. DeGraaf, 2005 **Recreation Programming** Richard G. Kraus, 1997 This book accurately reflects current program practices in the U S and Canada in a realistic user friendly way including examples of partnerships among agencies The author has incorporated the latest changes in recreation programming including the shift in focus from traditional elements to immensely varied elements such as creative social educational environmental personality enrichment and human service activities A benefits driven approach which emphasizes working toward and achieving significant program outcomes is featured throughout For professionals in the field of recreation programming **Recreation Programming** James Robert Rossman, 1989 This book teaches new programmers how recreation programs are developed and provides experienced programmers with new design concepts Recreation programming is presented as a cyclical process with practical techniques and background theory to accomplish each step Programming Leisure Experiences Christine Z. Howe, 1985 **Therapeutic Recreation Leadership and Programming** Robin Kunstler, Frances Stavola Daly, 2010-06-14 Therapeutic Recreation Leadership and Programming will help students learn the essential aspects of professional practice while developing a leadership mind set The book focuses on the day to day responsibilities of the therapeutic recreation specialist TRS while integrating ethical considerations into each aspect of the job Readers will learn how to perform the daily work of a TRS while maintaining the highest ethical standards of the profession The book details the principles theories and codes of ethics that will form the foundation of specialists

understanding of the field and set the stage for practice the knowledge skills and leadership principles that TRSs will need in order to help their clients accomplish therapeutic outcomes strategies that will guide TRSs in planning a wide range of programs and services including information on frequently encountered health problems major program areas facilitation strategies and client and program evaluation and methods for program organization and delivery that will prepare specialists to offer a regular schedule of therapeutic recreation programs that meet the needs of all of their clients whether in group or individual settings The book will arm students with the information and tools they need in order to succeed as therapeutic recreation specialists It familiarizes students with their future clients by describing the health concerns most often encountered in therapeutic settings Case studies for the most common concerns provide students with concrete examples of how programming works in various clinical settings The book also provides specific recreation activities from five major program areas along with information on the effectiveness of the activities risk management concerns and implementation strategies Step by step instructions for structuring planning and leading both group and one on one sessions will prepare students to implement programs in a wide variety of settings Stories from professionals in the field examples of real and hypothetical clients and case studies show students how to use the principles they ve learned when leading programs Learning activities help them to further explore the concepts in each chapter and highlight boxes emphasize key ideas related to each chapter s content An instructor guide is available to course adopters at [www HumanKinetics com](http://www.HumanKinetics.com)
