Recruiting For Uncle Sam:

Recruiting for Uncle Sam David R. Segal, 1989 Which citizens have fought America's wars Which ones should fight in the future and how should they be recruited Should military or other national service be an obligation for every citizen David Segal's probing look at the complex issues behind these questions tells us much about the changing manpower needs of our armed forces and about the evolution of civil military relations in the United States Segal analyzes the mobilization contributions and limitations of drafted reservist and volunteer forces from the early days of the republic to the present In the process he shows how Americans have come to separate the benefits of citizenship from service to their country Symptomatic of this separation is the current reliance on an all volunteer military a system that treats military service more as an occupation and opportunity for self advancement than as a civic duty and obligation Drawing on a vast interdisciplinary literature in American history sociology political science and economics Segal illuminates the ways demographics weapons technology international relations scientific management and social policies have all affected the composition of America's armed forces He also shows how the military anticipated and expanded the American welfare system and played a pivotal role in creating better opportunities for minorities and women The capabilities and performance of U S armed forces in future conflicts will depend on a thorough understanding of and informed response to the crucial manpower issues Segal discusses His thoughtful study should be required reading for military professionals and policymakers and will be of interest to anyone concerned about the future of this country's armed forces **Recruiting News**, 1935 People Kirk

Schreifer, John Sivell, 1996 *America From Apple Pie to Ziegfeld Follies* is a four book series of reproducible low level ESL EFL Literacy reading and discussion texts Each unit examines an element of the American experience that will genuinely interest and inform not only immigrants to the United States but also learners abroad who want to know more about the people history geography and culture of this great nation Although the passages are limited to an elementary level of language difficulty their style remains vivid and authentic Readers will be inspired by the courage of Harriet Tubman awed by the beauty of the Grand Canyon fascinated by the work of the F B I and shocked by the events surrounding Watergate

Organs without Bodies Slavoj Zizek, 2016-05-06 The latest book by the Slovenian critic Slavoj Zizek takes the work of French philosopher Gilles Deleuze as the beginning of a dazzling inquiry into the realms of radical politics philosophy film Hitchcock *Fight Club* and psychoanalysis Of *Organs without Bodies* Joan Copjec *Imagine There's No Woman* has written With all his usual humor and invention Zizek the acknowledged master of the 180 degree turn here takes a trip into enemy territory to deliver Deleuze of a marvelously rebellious child one that seriously challenges Deleuze's other progeny with a surprising but convincing bid for succession Those who thought Deleuze's forward march into the future would follow a straight path are forced to rethink their stance From now on all readings of Deleuze will have to take a detour through this important even necessary book Eric Santner *On the Psychopathology of Everyday Life* describes *Organs without Bodies* as

offering an entirely new degree of conceptual clarity and political urgency Through his deep engagement with the logic of Deleuze s project Zizek opens up new possibilities of thought beyond the terms of the current political debates on globalization democratization war on terror Once again Zizek has produced an utterly timely and radically untimely meditation Recently profiled in The New Yorker and hailed by the Village Voice as the giant of Ljubljana Zizek is one of the most provocative and entertaining thinkers at work today

American Myths, Legends, and Tall Tales Christopher R. Fee,Jeffrey B. Webb,2016-08-29

A fascinating survey of the entire history of tall tales folklore and mythology in the United States from earliest times to the present including stories and myths from the modern era that have become an essential part of contemporary popular culture

Folklore has been a part of American culture for as long as humans have inhabited North America and increasingly formed an intrinsic part of American culture as diverse peoples from Europe Africa Asia and Oceania arrived In modern times folklore and tall tales experienced a rejuvenation with the emergence of urban legends and the growing popularity of science fiction and conspiracy theories with mass media such as comic books television and films contributing to the retelling of old myths This multi volume encyclopedia will teach readers the central myths and legends that have formed American culture since its earliest years of settlement Its entries provide a fascinating glimpse into the collective American imagination over the past 400 years through the stories that have shaped it Organized alphabetically the coverage includes Native American creation myths tall tales like George Washington chopping down his father s cherry tree and the adventures of King of the Wild Frontier Davy Crockett through to today s urban myths Each entry explains the myth or legend and its importance and provides detailed information about the people and events involved Each entry also includes a short bibliography that will direct students or interested general readers toward other sources for further investigation Special attention is paid to African American folklore Asian American folklore and the folklore of other traditions that are often overlooked or marginalized in other studies of the topic

The Long War Andrew J. Bacevich,2009-06-22

Essays by a diverse and distinguished group of historians political scientists and sociologists examine the alarms emergencies controversies and confusions that have characterized America s Cold War the post Cold War interval of the 1990s and today s Global War on Terror The developments of this Long War have left their imprint on virtually every aspect of American life and by considering the period as a whole this volume is the first to take a truly comprehensive look at America s response to the national security crisis touched off by the events of World War II Contributors consider topics ranging from grand strategy and strategic bombing to ideology and economics and assess the changing American way of war as the twentieth century

progressed They evaluate the evolution of the national security apparatus and the role of dissenters who viewed the activities of that apparatus with dismay and they take a fresh look at the Long War s civic implications and its impact on civil military relations More than a military history The Long War examines the ideas policies and institutions that have taken shape since the United States claimed the role of global superpower In breaking down the old and artificial boundaries that have traditionally divided the postwar period into neat historical units this volume offers fresh perspectives on the current state of American national security *Our Army* ,1938 [Vault Guide to the Top Government and Nonprofit Legal Employers](#) ,2003

For the first time Vault is profiling government and non profit employers with its trademark in depth style Profiles include history and recent news the hiring process for legal professionals pay and perks hours culture training and more

[Merchants Record and Show Window](#) ,1917 **Recruit or Die** Chris Resto,Ian Ybarra,Ramit Sethi,2007-08-02 A guerrilla guide to getting the best college graduates to work for you without spending like Microsoft McKinsey and Goldman Sachs Recruit or Die is the first practical guide to the entry level recruiting game which is very different from other kinds of recruiting and vitally important to every company large or small Traditionally only large and powerful companies recruit on college campuses scooping up the best and brightest But small and young companies can also get top graduates without a Wall Street budget if they learn the secrets of America s top recruiters The key is understanding today s college students They aren t just looking for money and perks More important they are looking for opportunities to stand out move around quickly and rack up cool experiences and achievements Any employer can compete with the big companies on these intangibles The authors share dozens of anecdotes and research on more than one thousand students that show how successful recruiters work their magic and how unsuccessful recruiters blow it They offer practical strategies and advice in each chapter along with case studies Based on their experience working with hot recruits and the elite companies that pursue them the authors show how any company can conquer the campus [Twentieth-Century War and Conflict](#) Gordon Martel,2014-06-27 TWENTIETH CENTURY WAR AND CONFLICT With rich entries that highlight the political context strategic significance and tactical detail of each conflict this encyclopedia is an essential reference for students of military history and strategic studies Theo Farrell King s College London Drawn from the award winning five volume Encyclopedia of War Choice Outstanding Academic Title 2013 the single volume Twentieth Century War and Conflict provides an essential guide to the conflicts and concepts that shaped warfare in the twentieth century and up to the present day This concise reference contains a range of entries from 1 000 to 6 000 words long each written by a leading international scholar This concise encyclopedia provides full coverage of global conflicts and themes in twentieth century war World Wars I and II are covered by 10 separate entries Lesser conflicts are also incorporated in this volume including the Russo Japanese War the Greco Turkish War the Falklands War the Soviet War in Afghanistan the Gulf Wars and more Issues such as chemical warfare ethnic cleansing psychological warfare and women and war also receive substantial treatment making this an invaluable

resource for students and general readers alike **Bulletin [of The] Recruiting Publicity Bureau, U.S. Army** ,1940

Harper's Weekly John Bonner,George William Curtis,Henry Mills Alden,Samuel Stillman Conant,Montgomery Schuyler,John Foord,Richard Harding Davis,Carl Schurz,Henry Loomis Nelson,John Kendrick Bangs,George Brinton McClellan Harvey,Norman Hapgood,1907 **Liberty and Freedom** David Hackett Fischer,2004-11-15 Liberty and freedom Americans agree that these values are fundamental to our nation but what do they mean How have their meanings changed through time In this new volume of cultural history David Hackett Fischer shows how these varying ideas form an intertwined strand that runs through the core of American life Fischer examines liberty and freedom not as philosophical or political abstractions but as folkways and popular beliefs deeply embedded in American culture Tocqueville called them habits of the heart From the earliest colonies Americans have shared ideals of liberty and freedom but with very different meanings Like DNA these ideas have transformed and recombined in each generation The book arose from Fischer s discovery that the words themselves had differing origins the Latinate liberty implied separation and independence The root meaning of freedom akin to friend connoted attachment the rights of belonging in a community of freepeople The tension between the two senses has been a source of conflict and creativity throughout American history Liberty Freedom studies the folk history of those ideas through more than 400 visions images and symbols It begins with the American Revolution and explores the meaning of New England s Liberty Tree Pennsylvania s Liberty Bells Carolina s Liberty Crescent and Don t Tread on Me rattlesnakes In the new republic the search for a common American symbol gave new meaning to Yankee Doodle Uncle Sam Miss Liberty and many other icons In the Civil War Americans divided over liberty and freedom Afterward new universal visions were invented by people who had formerly been excluded from a free society African Americans American Indians and immigrants The twentieth century saw liberty and freedom tested by enemies and contested at home yet it brought the greatest outpouring of new visions from Franklin Roosevelt s Four Freedoms to Martin Luther King s dream to Janis Joplin s nothin left to lose Illustrated in full color with a rich variety of images Liberty and Freedom is literally an eye opening work of history stimulating large spirited and ultimately inspiring
