**I Cannot Go Back**

I cannot go back to my Mom's house,  
to walk through the rooms and feel her spirit  
and perhaps if I listen quietly, to hear the  
sound of her melodious laugh.

I cannot go back to the house where she was  
so happy-to see her beloved trees and watch  
the sunset from her bedroom window, her Santos  
standing guard.

No, I cannot go back to hear the silence of the  
morning or to smell the coffee perking.  
I cannot go back, the house is empty, silent,  
lifeless...

Pauline Chávez- Bent, 1991.

Cuando se habla de un corpus literario nuevomexicano,<sup>1</sup> normalmente hay un enfoque en la región del norte de Nuevo México como el estándar para nuestro entendimiento de lo que es la tradición literaria, la cultura y el lenguaje nuevomexicano. Debido a que esta área tiene una historia más larga que otras regiones en Nuevo México, la utilizamos como punto de partida para los estudios de dicha obra. Los escritores como Sabine Ulibarri, Rudolfo Anaya y Cleofas Jaramillo, entre otros, ejemplifican el centro de esa región,<sup>2</sup> representando los pueblos de Tierra Amarilla, Santa Rosa y Arroyo Hondo, respectivamente. En el presente trabajo se intenta mostrar la tradición literaria nuevomexicana desde el punto de vista de unos pueblos nuevomexicanos que no sólo ocupan un lugar periférico al norte tradicional, sino que fueron abandonados también por la gente hispana debido a varias razones sociopolíticas. Además se intenta profundizar la importancia de la memoria colectiva y la necesidad de preservar una tradición oral a lo largo de las generaciones en el noroeste de Nuevo México. Tal como los escritores nuevomexicanos del extremo norte del estado, Nasario García y Pauline Chávez-

Harris,2003-10-15 Author Linda G Harris and photographer Pamela Porter have divided the state into eleven regions comprising seventy ghost towns from the Santa Fe Trail and Colfax County in the north to the boot heel in the south Forty-Seventh Star David Van Holtby,2012-09-28 New Mexico was ceded to the United States in 1848 at the end of the war with Mexico but not until 1912 did President William Howard Taft sign the proclamation that promoted New Mexico from territory to state Why did New Mexico s push for statehood last sixty four years Conventional wisdom has it that racism was solely to blame But this fresh look at the history finds a more complex set of

obstacles tied primarily to self-serving politicians. *Forty Seventh Star* published in New Mexico's centennial year is the first book on its quest for statehood in more than forty years. David V. Holtby closely examines the final stretch of New Mexico's tortuous road to statehood beginning in the 1890s. His deeply researched narrative juxtaposes events in Washington, D.C. and in the territory to present the repeated collisions between New Mexicans seeking to control their destiny and politicians opposing them, including Republican U.S. senators Albert J. Beveridge of Indiana and Nelson W. Aldrich of Rhode Island. Holtby places the quest for statehood in national perspective while examining the territory's political, economic, and social development. He shows how a few powerful men brewed a concoction of racism, cronyism, corruption, and partisan politics that poisoned New Mexicans' efforts to join the Union. Drawing on extensive Spanish language and archival sources, the author also explores the consequences that the drive to become a state had for New Mexico's Euro-American, *Nuevomexicano*, American Indian, African American, and Asian communities. Holtby offers a compelling story that shows why and how home rule mattered then and now for New Mexicans and for all Americans. *Beyond My Adobe Schoolhouse* Nasario

García, 2024-09-01 Nasario García dedicated his life to educating others in a variety of settings, including universities and prisons. A native of rural New Mexico and a beloved writer and folklorist, in *Beyond My Adobe Schoolhouse* García reflects on his experiences of being educated and of being an educator. He takes readers from his childhood in a one-room schoolhouse through graduate school and to universities and other settings in Pennsylvania, Illinois, Colorado, and New Mexico, all places in which he spent time teaching in various capacities. *Beyond My Adobe Schoolhouse* is a love song to education and a reminder to everyone that it is possible to find a life, love, and purpose beyond the circumstances into which they were born. **Hoe, Heaven, and Hell** Nasario García, 2015-03-15

Nasario García grew up in Ojo del Padre, a village in the Rio Puerco Valley northwest of Albuquerque, the way rural New Mexicans had for generations. His parents built their own adobe house, raised their own food, hauled their water, and brought up their children to respect the old ways. When he was young, García's mother taught him to mend his clothes and enlisted his aid in slaughtering chickens. Here he offers detailed accounts of these and other mundane tasks, explaining that doing laundry in tin tubs with a washboard represented progress for people accustomed to washing their clothes in the Rio Puerco and scrubbing them with stones. Life is an adventure from hauling wood down from the mountains to getting a haircut to family dinners and celebration. Story after story, with details such as the P.G. soap that his mother used, the menu at his uncle's wedding, the use of both Spanish and English when he started school, tell the story of a vanished way of life. **Bibliographic Guide to Chicana and Latina Narrative** Kathy Leonard, 2003-08-30

Hispanic Bibliography of the United States, 1989 Católicos Mario T. García, 2010-01-01 Chicano Catholicism both as a popular religion and a foundation for community organizing has over the past century inspired Chicano resistance to external forces of oppression and discrimination including from other non Mexican Catholics and even the institutionalized church Chicano Catholics have also used their faith to assert their particular identity and establish a kind of cultural citizenship Based exclusively on original research and sources Mario T García here offers the first major historical study to explore the various dimensions of the role of Catholicism in Chicano history in the twentieth century This is also one of the first significant studies in the still limited field of Chicano religious history Topics range from how early Chicano Catholic intellectuals and civil rights leaders were influenced by Catholic Social Doctrine to the role that popular religion has played in the lives of ordinary men and women in both rural and urban areas García also examines faith based Chicano community movements like Católicos Por La Raza in the 1960s and the Sanctuary movement in Los Angeles in the 1980s While Latino a history and culture has been for the most part inextricably linked with the tenets and practices of Catholicism there has been very little written until recently about Chicano Catholic history García helps to fill that void and explore the impact both positive and negative that the Catholic experience has had on the Chicano community
