Recurrent Maladies in Scholarly Writing Eugene S. McCartney,1955
Writing Eugene Stock McCartney,2003-01-01
Recurrent Maladies in Scholarly Writing [By] Eugene S. McCartney
Eugene Stock McCartney, *Garner on Language and Writing* Bryan A. Garner,2009 Since the 1987 appearance of A Dictionary of Modern Legal Usage Bryan A Garner has proved to be a versatile and prolific writer on legal linguistic subjects This collection of his essays shows both profound scholarship and sharp wit The essays cover subjects as wide ranging as learning to write style persuasion contractual and legislative drafting grammar lexicography writing in law school writing in law practice judicial writing and all the literature relating to these diverse subjects
Writing at Work Robert Barrass,2003-08-27 Many employers complain about the poor communication skills of many young people seeking employment and many people in employment are handicapped by the poor quality of their written work While bad spelling ineffective punctuation and faults in grammar create barriers between the writer and the reader good English makes the reader feel at ease The benefits of being a good writer at work are Managers need to be able to communicate in order to get ideas across If they cannot they will be unable to make their viewpoint heard and they will be unable to influence customers suppliers and colleagues as desired If you can write well you will find that your views are given prominence over those of others Effective communication and that includes writing is the key to career success and advancement This book is for those who have difficulty in getting thoughts into words or their ideas across as well as those who are satisfied with their writing but are ready to consider the possibility of improving it It is all about the ways in which writing at work is important helping the reader to observe remember think plan organise and communicate
Students Must Write Robert Barrass,1995 The second edition of this established text contains everything students need to know about written communication Includes advice on writing essays letters preparing a dissertation and on how to find out information for a project or essay
A Reference Guide for English Studies Michael J. Marcuse,2023-11-15
Scientists Must Write Robert Barrass,2006-08-21 This book by a scientist is not a textbook on English grammar nor is it just one more book on how to write a technical report or a thesis or a paper for publication It is about all the ways in which writing is important to scientists and engineers in helping them to remember to observe to think to plan to organize and to communicate
Garner's Modern American Usage Bryan Garner,2009-08-27 Since first appearing in 1998 Garner s Modern American Usage has established itself as the preeminent guide to the effective use of the English language Brimming with witty erudite essays on troublesome words and phrases this book authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar punctuation word choice or pronunciation Now in the third edition readers will find the Garner s Language Change Index which registers where each disputed usage in modern English falls on a five stage continuum from nonacceptability to the language community as a whole to acceptability giving the book a consistent standard throughout

Garner's *Modern American Usage* 3e is the first usage guide ever to incorporate such a language change index and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies. Another first in this edition is the panel of critical readers: 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved.

Garner's Modern English Usage Bryan Garner, 2016-03-11

With more than a thousand new entries and more than 2,300 word frequency ratios, the magisterial fourth edition of this book, now renamed *Garner's Modern English Usage* (GMEU), reflects usage lexicography at its finest. Garner explains the nuances of grammar and vocabulary with thoroughness, finesse, and wit. He discourages whatever is slovenly, pretentious, or pedantic. GMEU is the liveliest and most compulsively readable reference work for writers of our time. It delights while providing instruction on skillful, persuasive, and vivid writing. Garner liberates English from two extremes: both from the hidebound purists who mistakenly believe that split infinitives and sentence-ending prepositions are malfeasances, and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available. In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources. No other resource provides as comprehensive, reliable, and empirical a guide to current English usage. For all concerned with writing and editing, GMEU will prove invaluable as a desk reference. Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to, whether in word choice, syntax, phrasing, punctuation, or pronunciation. No matter how knowledgeable you may already be, you're sure to learn from every single page of this book.

Garner's Modern American Usage Bryan A. Garner, 2003. Painstakingly researched with copious citations from books, newspapers, and news magazines, this new edition has become the classic reference work praised by professional copy editors.

Garner's Modern English Usage Bryan A. Garner, 2022. *Garner's Modern English Usage* is one of the most influential style guides ever written for the English language. With more than a thousand new entries, 200 replacement entries, and thoroughly updated usage data, this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing.
