Blood Moon John Sedgwick, 2019-04-16 An astonishing untold story from the nineteenth century a riveting engrossing American Epic The Wall Street Journal and necessary work of history that reads like Gone with the Wind for the Cherokee A vigorous well written book that distills a complex history to a clash between two men without oversimplifying Kirkus Reviews Blood Moon is the story of the feud between two rival Cherokee chiefs from the early years of the United States through the infamous Trail of Tears and into the Civil War Their enmity would lead to war forced removal from their homeland and the devastation of a once proud nation One of the men known as The Ridge short for He Who Walks on Mountaintops is a fearsome warrior who speaks no English but whose exploits on the battlefield are legendary The other John Ross is descended from Scottish traders and looks like one a pale unimposing half pint who wears modern clothes and speaks not a word of Cherokee At first the two men are friends and allies who negotiate with almost every American president from George Washington through Abraham Lincoln But as the threat to their land and their people grows more dire they break with each other on the subject of removal In Blood Moon John Sedgwick restores the Cherokee to their rightful place in American history in a dramatic saga that informs much of the country s mythic past today Fueled by meticulous research in contemporary diaries and journals newspaper reports and eyewitness accounts and Sedgwick s own extensive travels within Cherokee lands from the Southeast to Oklahoma it is a wild ride of a book fascinating chilling and enlightening that explains the removal of the Cherokee as one of the central dramas of our country Ian Frazier Populated with heroes and scoundrels of all varieties this is a richly evocative portrait of the Cherokee that is destined to become the defining book on this

Simplicity is a secret place located in another dimension which is parallel to our own world Its just one of many places that exist in the spirit world Its known only to the select few who have been tricked and abducted from this world and taken there Thats in the belief that they had just won a free shopping trip to the Mall in Minnesota Unknown to them it is far more than that The Mall is really not in Minnesota but somewhere else in that other dimension Both very good and bad people are taken there Some of the really bad ones are imprisoned in that strange mall They are finally brought to justice in some very creative and appropriate ways Most are transported from there to a strangely quaint little river town called Simplicity Those people have all been taken there for very specific reasons Some find a little piece of heaven there A few others find themselves trapped in what for them is their own personal hell There is no escape and no plea bargaining Train visitors are recruited there to serve a vital cause once they return home That is the cause of freedom and liberty back in America That can only be achieved through well organized civil disobedience and perhaps armed rebellion A very creative new way has been found to actually make that work Its a way that big government control freaks are not prepared to deal with Simplicity is actually the planning and control center for that operation Its permanent residents are all freedom lovers eager to serve in that cause All have lived out their previous lives in America They had earned their reward here in Simplicity where they live on However they are all deceased back in America They can never go back They can though have a tremendous impact and

influence on those who are abducted from America to their spirit world That's where the abducted train visitors are actually shown that there really is a spirit world They can actually meet their dead friends relatives and acquaintances They learn that life really does go on They also learn that America is forever doomed unless the new plan can be made to work That's when they get recruited They are all promised that their next life will be lived in Simplicity as a reward for their efforts back home What greater proof and incentive could there ever be Those residents of Simplicity have all passed their final exams and have been promoted to a higher level of existence If you can't believe them who can you believe Now educated and informed the train visitors return back home with newfound courage and a tremendous desire to do the right thing That is because seeing is believing Those chosen ones had been granted a rare privilege They actually enter into the spirit world while they are still living in this world There they get a real shock their proof of immortality They actually meet the dead who had summoned them That must be done in a very careful way so as not to cause heart attacks or fainting spells Before they are sent back they are all given two special gifts completely unattainable in their world If they ever doubt the experience those two items will convince them otherwise One is a large medallion made of a strange material unknown on earth It says simply I was there The second mystery item is an unbreakable pocket mirror in a leather case Removed from the case the mirror emits an eerie glow Printed below the mirror are the words I cannot do everything but I can do something That which I can do I ought to do I will not fail Most importantly the train visitors are recruited into the most secret of all organizations Its purpose is to restore freedom to America by any means necessary That is the real secret of Simplicity Among them is a young man named Joe Quin He has been tricked into going there like all the others but for a different purpose Joe is a person of spec
