Red Star Over Hollywood The Film Colonys Long Romance With The Left:

Red Star Over Hollywood Ronald Radosh, Allis Radosh, 2005 Using material from Hollywood insiders the authors trace the growth of the Communist Party from the 1920s when stars like Charlie Chaplin and Groucho Marx toured the Soviet Union and came back converted through the 1930s and the war years when the party achieved critical mass in Hollywood

Anti-Communism in Twentieth-Century America Larry Ceplair, 2011-10-05 This compelling critical analysis of anti communism illustrates the variety of anti Communist styles and agendas thereby making a persuasive case that the threat of domestic communism in Cold War America was vastly overblown In the United States today communism is an ideology or political movement that barely registers in the consciousness of our nation Yet merely half a century ago communist was a buzzword that every citizen in our nation was aware of a term that connoted traitor and almost certainly a characterization that most Americans were afraid of Anti Communism in Twentieth Century America A Critical History provides a panoramic perspective of the types of anti communists in the United States between 1919 and the collapse of the Soviet Union It explains the causes and exceptional nature of anti communism in the United States and divides it into eight discrete categories This title then thoroughly examines the words and deeds of the various anti Communists in each of these categories during the three Red Scares in the past century The work concludes with an unapologetic assessment of domestic anti communism This book allows readers to more fully comprehend what the anti communists meant with their rhetoric and grasp their impact on the United States during the 20th century and beyond for example how anti communism has reappeared as anti terrorism

Red Conspirator Thomas L. Sakmyster, 2011 The author traces Peters s activities from

his arrival in the United States to the dawn of the Cold War and his deportation back to Hungary Known as the Hungarian man of mystery Peters emigrated to the United States in 1924 after serving in the Austrian Army during World War I In America he oversaw a false passport operation that facilitated the movement of Soviet agents to the United States and American communists to the Soviet Union Working under a number of aliases he constructed a complex network of informants and spies that stole numerous State Department documents in the 1930s After years of hiding underground he was arrested and deported in 1949 The author reveals Peters to be not just the influential leader of conspiratorial Communist activities but also an organizer in the open American Communist party The author of a handbook on Communism Peters also set up a program to infiltrate the armed forces in the United States [Politics and Film](#) Daniel P. Franklin,2016-07-18

The Cold War in Science Fiction: Soviet and American Science Fiction Films in the 1950s Natalia Voinova,2013-06-01 This study will compare the USSR and the United States according to their cinematic use of science fiction in the late 1950s and 1960s in order to coincide with the period of de Stalinisation and thaw in the USSR and late McCarthyism in the United States The genre provides an opportunity to express the two powers scientific stand off through fiction and serves as a vehicle for the dissemination of ideas and propaganda Post 1956 marks the time when the period of de Stalinisation officially began and science fiction saw a carefully crafted rebirth for it served as a tool that could reflect the socialist ideal and quasi religious faith in science that was promoted by the party Science fiction uniquely demands for an imaginative view of the future and therefore corresponds with the Marxist Leninist future oriented ideology For this period the themes for American science fiction are hyperbolised monsters and invasion and reflect the fear of the otherness of the Soviet Union and its threat on domestic ideals These themes are reflected in movies as Angry Red Planet and Them On the other hand Soviet science fiction movies focus on the heroic Soviet man who frequently receives calls for help from outer space and overcomes great trials to save those not living in utopia This storyline is represented in Towards a Dream and The Sky is calling The author gives special attention to the Soviet movie The Sky is calling and the subsequent redubbed American version Battle beyond the Sun Further she addresses alterations or plot and subtle propaganda messages in the Soviet movies Planet of Storms and the Hollywood remake Journey to the Prehistoric Planet [Art Book News Annual, volume 4: 2008](#)Art Book News Annual, volume 4: 2008 , [The Cause](#) Eric Alterman,2012-04-12 The definitive history of American postwar liberalism told through the lens of those who brought it to life Liberalism stands proudly at the center of American politics and culture Driven by passion for social justice tempered by respect for the difficulty of change liberals

have struggled to end economic inequality racial discrimination and political repression Liberals have fueled their cause with the promise of American life and visions of national greatness seeking to transform the White House the halls of Congress the courts the worlds of entertainment law media and the course of public opinion Bestselling author journalist and historian Eric Alterman together with historian Kevin Mattson traces the history of liberal ideals through the lives and struggles of fascinating personalities The Cause tells the remarkable story of politicians intellectuals visionaries activists and public personalities battling for the heart and soul of the nation The first full scale treatment of postwar liberalism The Cause offers an epic saga driven by stories of grand aspirations principled ambitions tragic flaws and the ironies of history of the people who fought for America to live up to the highest ideals of its history *Cinematic Cold War* Tony Shaw, Denise Jeanne Youngblood, 2010 The first book length survey of cinema s vital role in the Cold War cultural combat between the U S and the USSR Focuses on 10 films five American and five Soviet both iconic and lesser known works showing that cinema provided a crucial outlet for the global debate between democratic and communist ideologies *The Conservative Century* Gregory L. Schneider, 2009-11-16 This concise history focuses on the development of American conservatism in the twentieth century up to the present Gregory L Schneider traces the course of a once reactionary movement opposed to progressive reform and the New Deal and describes how it came to advance alternative policies and programs that revolutionized the shaping of domestic politics foreign policy and economic policy Along the way he profiles such influential thinkers as William F Buckley Frank Meyer Henry Regnery and Barry Goldwater He also details how the decline of liberalism after the 1960s helped conservatives gain political power and how their energized activism and organization culminated in the election of Ronald Reagan in 1980 Schneider also describes how the years since the Reagan Revolution have been decidedly mixed for American conservatives *McCarthyism* Jonathan Michaels, 2017-04-21 In this succinct text Jonathan Michaels examines the rise of anti communist sentiment in the postwar United States exploring the factors that facilitated McCarthyism and assessing the long term effects on US politics and culture *McCarthyism The Realities Delusions and Politics Behind the 1950s Red Scare* offers an analysis of the ways in which fear of communism manifested in daily American life giving readers a rich understanding of this era of postwar American history Including primary documents and a companion website Michaels text presents a fully integrated picture of McCarthyism and the cultural climate of the United States in the aftermath of the Second World War *Robert Rossen* Alan Casty, 2013-03-13 This book calls for a re evaluation of the films of Robert Rossen Over a 30 year period he was the most accomplished writer and director who was also a longtime member of the Communist Party but his achievement has not been recognized his films have been belittled or ignored his legacy denied Rossen s films reflected his times and the American scene with a dramatic intensity and personal expression unmatched by any other filmmaker of the period The stages of his political journey from idealism about Communism to his rebellion against the Party s betrayal of those ideals influenced the rendering of his concerns and themes the flaws of human nature the complexities of

motives the paradoxes of betrayal personal and political Yet Rossen testified against his fellow filmmakers and so his morals and character have been denounced his work diminished as fatally marred by his moral flaws The opposite is true Here is a thorough analysis of each of his 22 films and their place in the developing themes of his body of work It integrates this study of the films with a documented narrative of his relationship to the Party its history and conflicts its duplicities especially the relations of the Party and its followers to the oppressions of the Soviet Union And so it challenges the validity of the conventional wisdom about the moral issues of the blacklist period

The Marxist and the Movies Larry Ceplair, 2007-11-16 As part of its effort to expose Communist infiltration in the United States and eliminate Communist influence on movies from 1947-1953 the House Committee on Un American Activities subpoenaed hundreds of movie industry employees suspected of membership in the Communist Party Most of them including screenwriter Paul Jarrico 1915-1997 invoked the Fifth Amendment and refused to answer questions about their political associations They were all blacklisted In *The Marxist and the Movies* Larry Ceplair narrates the life movie career and political activities of Jarrico the recipient of an Oscar nomination for his screenplay for *Tom Dick and Harry* 1941 and the producer of *Salt of the Earth* 1954 one of the most politically besieged films in the history of the United States Though Jarrico did not reach the upper echelon of screenwriting he worked steadily in Hollywood until his blacklisting He was one of the movie industry's most engaged Communists working on behalf of dozens of social and political causes *Song of Russia* 1944 was one of the few assignments that allowed him to express his political beliefs through his screenwriting craft Though MGM planned the film as a conventional means of boosting domestic support for the USSR a wartime ally of the United States it came under attack by a host of anti Communists Jarrico fought the blacklist in many ways and his greatest battle involved the making of *Salt of the Earth* Jarrico other blacklisted individuals and the families of the miners who were the subject of the film created a landmark film in motion picture history As did others on the blacklist Jarrico decided that Europe offered a freer atmosphere than that of the cold war United States Although he continued to support political causes while living abroad he found it difficult to find remunerative black market screenwriting assignments On the scripts he did complete he had to use a pseudonym or allow the producers to give screen credit to others Upon returning to the United States in 1977 he led the fight to restore screen credits to the blacklisted writers who like himself had been denied screen credit from the late 1940s to the mid 1960s Despite all the obstacles he encountered Jarrico never lost his faith in the progressive potential of movies and the possibility of a socialist future *The Marxist and the Movies* details the relationship between a screenwriter's work and his Communist beliefs From Jarrico's immense archive interviews with him and those who knew him best and a host of other sources Ceplair has crafted an insider's view of Paul Jarrico's life and work placing both in the context of U S cultural history

The Cinematic Challenge: Filming Colonial America John P. Harty, Jr., 2016 Why did cinema largely ignore the colonial era and the Revolutionary War *The Cinematic Challenge* asks this question and studies four films from the 1930s and 1940s to

consider other queries such as How did Darryl F Zanuck make a film about the American Revolution Drums Along The Mohawk without indicating that the British were the enemy Why was Northwest Passage never completed How did Cecil B DeMille begin production on a film Unconquered based on a book that did not yet exist In addition we ll learn how accurate the depictions of colonial life were in each film and whether the political and economic climate affected the finished products Volume one of The Cinematic Challenge also includes information about the general state of the film industry during this period technological advancements and rival theories about historical filmmaking making it the most in depth resource available today on colonial movies

Channeling the Past Erik

Christiansen,2013-03-15 After the turmoil of the Great Depression and World War II Americans looked to the nation's more distant past for lessons to inform its uncertain future. By applying recent and emerging techniques in mass communication including radio and television programs and commercial book clubs American elites working in media commerce and government used history to confer authority on their respective messages. With insight and wit Erik Christiansen uncovers in *Channeling the Past* the ways that powerful corporations rewrote history to strengthen the postwar corporate state while progressives, communists and other leftists vied to make their own versions of the past more popular. Christiansen looks closely at several notable initiatives: CBS's flashback *You Are There* program, the Smithsonian Museum of American History constructed in the late 1950s, the *Cavalcade of America* program sponsored by the Du Pont Company, the History Book Club and the Freedom Train, a museum on rails that traveled the country from 1947 to 1949 exhibiting historic documents and flags including original copies of the U.S. Constitution and the Magna Carta. It is often said that history is written by the victors, but Christiansen offers a more nuanced perspective: history is constantly remade to suit the objectives of those with the resources to do it. He provides dramatic evidence of sophisticated calculations that influenced both public opinion and historical memory and shows that Americans' relationships with the past changed as a result.

Hollywood's Cold War

Tony Shaw,2007 Published at a time when American filmmakers are deeply involved in the War on Terror, this authoritative and timely book offers the first comprehensive account of Hollywood's propaganda role during the defining ideological conflict of the 20th century, the Cold War.

Hollywood Left and Right

Steven J. Ross,2011-09-06 In *Hollywood Left and Right*, Steven J. Ross tells a story that has escaped public attention: the emergence of Hollywood as a vital center of political life and the important role that movie stars have played in shaping the course of American politics. Ever since the film industry relocated to Hollywood early in the twentieth century, it has had an outsized influence on American politics. Through compelling larger-than-life figures in American cinema—Charlie Chaplin, Louis B. Mayer, Edward G. Robinson, George Murphy, Ronald Reagan, Harry Belafonte, Jane Fonda, Charlton Heston, Warren Beatty, and Arnold Schwarzenegger—*Hollywood Left and Right* reveals how the film industry's engagement in politics has been longer, deeper, and more varied than most people would imagine. As shown in alternating chapters, the Left and the Right each gained ascendancy in Tinseltown at different times. From Chaplin, whose movies almost always displayed his leftist convictions, to Schwarzenegger's nearly seamless transition from action blockbusters to the California governor's mansion, Steven J. Ross traces the intersection of Hollywood and political activism from the early twentieth century to the present. *Hollywood Left and Right* challenges the commonly held belief that Hollywood has always been a bastion of liberalism. The real story, as Ross shows in this passionate and entertaining work, is far more complicated. First, Hollywood has a longer history of conservatism than liberalism. Second, and most surprising, while the Hollywood Left was usually more vocal and visible, the Right had a greater impact on American political life, capturing a senate seat, Murphy a governorship, Schwarzenegger and the ultimate achievement, the Presidency, Reagan.

Hang 'Em High Bob Herzberg, 2013-09-11 For more than a century the Western film has proven to be an enduring genre At the dawn of the 20th century in the same years that The Great Train Robbery begat a film genre Owen Wister wrote The Virginian which began a new literary genre From the beginning both literature and film would usually perpetuate the myth of the Old West as a place where justice always triumphed and all concerned except the villains pursued the Law The facts however reflect abuses of due process lynch mobs and hired gunslingers rather than lawmen regularly pursued lawbreakers vengeance rather than justice was often employed and even in courts of law justice didn't always prevail Some films and novels bucked this trend however This book discusses the many Western films as well as the novels they are based on that illustrate distortions of the law in the Old West and the many ways most of them marked by vengeance in which its characters pursued justice

Elia Kazan Brian Neve, 2008-12-08 In 1999 Elia Kazan 1909-2003 received an honorary Oscar for lifetime achievement it was a controversial award for in 1952 he had given testimony to the HUAC Committee for which he was ostracized by many That Oscar also acknowledged Kazan's remarkable contribution to American and world cinema making such films as On the Waterfront and A Streetcar Named Desire Kazan's life in the cinema is due a reassessment one that is presented expertly and gracefully by Brian Neve in this book drawing on previously neglected and some hitherto untapped sources Focussing in particular on the producer-director's post On the Waterfront New York based independent work and on his key artistic collaborations including those with Tennessee Williams John Steinbeck and Budd Schulberg Neve gives a fascinating reassessment of Kazan's famed technique with such actors as Marlon Brando and James Dean and his lifetime concern to provoke and photograph authentic behaviour He reveals a pattern through the films of personally resonant themes relating for example to ethnicity and the American immigrant myth He reviews Kazan's style from the colour and wide screen of East of Eden to the creative use of location in his American South films including Baby Doll He debates the reception of Kazan's work and the controversy which dogged his career of his 1952 Congressional testimony These elements and more make this a very readable and memorable fresh portrayal of the film career of this ever fascinating director
