*Red Dyed Hair* Kōstas Mourselas, 1992 In scene embedded within scene *Red Dyed Hair* spins a tale of social and personal cowardice and treachery against a distant backdrop of courage betrayed at the cost of death *Song of Songs* Adele Berlin, 2025-01-07 There is no other book in the Bible like the *Song of Songs* It is a highly literate collection of love poems at times intense with erotic desire and at times playful or flirtatious This commentary draws out the tone of each poem along with its language and literary qualities including its metaphors allusions and clever use of words While there are correspondences between the *Song* and the literatures of Egypt and Mesopotamia and they are cited in the commentary the greatest foreign influence on the book comes from Greece The commentary approaches the *Song* as a Jewish Hellenistic work in the full sense of that hyphenated term It notes Greek ideas and tropes that appear throughout the book and shows how they have been adjusted and incorporated into Jewish thought and literary forms The book's Grecisms are dressed in biblical idioms and imagery Going beyond previous studies this volume emphasizes that the *Song*'s blending together of the Jewish and the Greek is part of its literary virtuosity *Westward the Course of Empire* Mary Matlock Griffith, 1924 *Journal of the Society of Dyers and Colourists* Society of Dyers and Colourists, 1904 For all interested in the use or manufacture of colours and in calico printing bleaching etc **Frontier Seaport** Catherine Cangany, 2024-05-31 Detroit's industrial health has long been crucial to the American economy Today's troubles notwithstanding Detroit has experienced multiple periods of prosperity particularly in the second half of the eighteenth century when the city was the center of the thriving fur trade Its proximity to the West as well as its access to the Great Lakes and the St Lawrence River positioned this new metropolis at the intersection of the fur rich frontier and the Atlantic trade routes In *Frontier Seaport* Catherine Cangany details this seldom discussed chapter of Detroit's history She argues that by the time of the American Revolution Detroit functioned much like a coastal town as a result of the prosperous fur trade serving as a critical link in a commercial chain that stretched all the way to Russia and China thus opening Detroit's shores for eastern merchants and other transplants This influx of newcomers brought its own transatlantic networks and fed residents' desires for popular culture and manufactured merchandise Detroit began to be both a frontier town and seaport city a mixed identity Cangany argues that hindered it from becoming a thoroughly American metropolis *Vray 5.0 (NEXT) User Guide* Serdar Hakan DÜZGÖREN, Universal V Ray Settings This page provides a tutorial on universal settings for V Ray that work for most still images Overview The universal settings comprise a set of settings that work very well for still images in many situations and are the default for V Ray Next Please note that these settings are not optimal in the sense that with enough tweaking you can probably get similar quality with faster render times The beauty of these settings though is that they require almost no tweaking and you are guaranteed to get a good result in the end The advantages of these settings are o very little parameters for controlling render quality vs speed o works for a very large number of scenes o produces high quality results With the Progressive Image Sampler the

default Render time min is set to 1 0 which might be insufficient for some scenes You can reset this to 0 0 min and rendering will continue until the Noise threshold is reached Setting the V Ray Renderer 1 Set V Ray as the current rendering engine with the default V Ray settings 2 The default settings are optimized to work universally so it is recommended to keep them Progressive image sampler with 100 Max subdivs and 1 Min subdivs GI enabled using Brute Force as Primary GI engine and Light Cache as Secondary GI engine 3 You can further refine the noise levels from the Progressive Image sampler rollout by adjusting the Noise Threshold and placing a 0 value for the Render time min 4 You can control the amount of AA vs shading samples for materials lights GI using the Min shading rate parameter in the Image Sampler rollout but the default value is optimised to work well for the majority of scenes

breathtaking blend of lyrical memoir photographs and textual artifacts Mother of Stories examines the complex legacy of a  
mother who was a gifted teacher a passionate reader and a pathological liar While Alice Dailey was immersed in an academic  
study of death in Shakespeare s history plays her mother died from toxic exposure to mold Composed in a fugue of grief  
Mother of Stories is Dailey s uncompromising account of the months before and after her mother s death Through varied  
forms of episodic and visual recreation Mother of Stories confronts what it means to inherit violent family narratives and in  
their wake to have to reconceive the borders between lived imaginary and literary experience A hybrid richly imaginative  
work that synthesizes past and present counterfeit and real Mother of Stories oscillates between the inescapable weight of  
history and the cathartic liberation of art and storytelling In constructing a poetic assemblage reminiscent at once of  
medieval miscellanies and contemporary experimental autotheory Dailey s acts of rehearsing cutting and folding history  
generate forms of radical critique that puncture and reconstitute the limits of literary nonfiction
