**The War on Football** Daniel J. Flynn, 2013-08-19 From concussion doctors pushing science that benefits their hidden business interests to lawyers clamoring for billion dollar settlements in scam litigation America's game has become so big that everybody wants a cut And those chasing the dollars show themselves more than willing to trash a great sport in hot pursuit of a buck Everything they say about football is wrong Football players don't commit suicide at elevated levels die younger than their peers or suffer disproportionately from heart disease In fact professional players live longer healthier lives than American men in general More than that football is America's most popular sport It brings us together It is and has been a rite of passage for millions of American boys But fear over concussions and other injuries could put football on ice School districts are already considering doing away with football as too dangerous Parents who used to see football as character building now worry that it may be mind destroying Even the president has jumped on the pile by fretting that he might prevent a son from playing if he had one But as author Daniel J Flynn reports football is actually safer than skateboarding bicycling or skiing And in a nation facing an obesity crisis a little extra running jumping and tackling could do us all good Detailing incontrovertible fact after incontrovertible fact **The War on Football Saving America's Game** rescues reality from the hype and in doing so may just ensure that football remains America's game

Smith, 2003-05-22 Noted sports historian writes on the relationship of the media to college athletics Chosen as an Outstanding Academic Title for 2003 by Choice Magazine The phenomenal popularity of college athletics owes as much to media coverage of games as it does to drum beating alumni and frantic undergraduates Play by play broadcasts of big college games began in the 1920s via radio a medium that left much to the listener's imagination and stoked interest in college football After World War II the rise of television brought with it network NCAA deals that reeked of money and fostered bitter jealousies between have and have not institutions In Play by Play Radio Television and Big Time College Sport noted author and sports insider Ronald A Smith examines the troubled relationship between higher education and the broadcasting industry the effects of TV revenue on college athletics notably football and the odds of achieving meaningful reform Beginning with the early days of radio Smith describes the first bowl game broadcasts the media image of Notre Dame and coach Knute Rockne and the threat broadcasting seemed to pose to college football attendance He explores the beginnings of television the growth of networks the NCAA decision to control football telecasts the place of advertising the role of TV announcers and the threat of NCAA Robin Hoods and the College Football Association to NCAA television control Taking readers behind the scenes he explains the culture of the college athletic department and reveals the many ways in which broadcasting dollars make friends in the right places Play by Play is an eye opening look at the political infighting invariably produced by the deadly combination of university administrators athletic czars and huge revenue

**From Sandlots to the Super Bowl** Craig R. Coenen, 2003-08-31 The National Football League that celebrated its first Super Bowl in 1967 bore scant resemblance to the league of its obscure origins In its earliest years the league was a ragtag collection of locally supported small town teams that generated attention only in the locales in which they played if they were lucky Many teams received no support at all Only after enduring a slow often treacherous journey did the enterprise of professional football reach its position as the king

of the sports world by the late 1960s In *From Sandlots to the Super Bowl* Craig R Coenen recounts the NFL's ascension from a cash strapped laughingstock to a perennial autumn obsession for millions of sports fans It offers an in depth summary of the NFL's early years and its struggles to build an identity This book shows how the fledgling NFL of the 1920s and 1930s attempted to build support both on a local and national scale Considered a sport of hooligans and lower class athletes professional football paled in comparison to the reputations of competing sports such as college football and professional baseball Even more difficult for the league developing civic support for franchises proved an almost impossible task Teams would spring up and disappear overnight generating hardly any notice among sports fans Coenen shows how the league's survival depended on small town franchises being able to tap into the civic pride and larger economic interests of nearby growing urban centers This book also details how the league faced challenges from rival leagues the government and at times itself Finally it documents how the NFL mastered the use of new technologies like television to market itself generate new revenue and secure its financial future This book approaches the history of the National Football League not only with stats and scores but with what happened beyond the gridiron Starting in Canton and Massillon and ending in Los Angeles with Super Bowl I *From Sandlots to the Super Bowl* offers an entertaining and absorbing look at the first five decades of America's most popular professional sport
