Red Lancers:

Napoleon's Red Lancers Ronald Pawly,2012-03-20 The legendary Dutch Red Lancers the 2nd Light Horse Lancers of Napoleon s Imperial Guard were formed in 1810 after the emperor annexed Holland and its army to France The former hussars of the Dutch Royal Guard got a handsome new uniform a new weapon and a hard driving new colonel in Baron Edouard Colbert His lancers distinguished themselves in Russia in 1812 at huge cost in Germany in 1813 and in the Low Countries in 1814 When Napoleon returned from exile in 1815 the Red Lancers were with him until night fell over Waterloo Ronald Pawly is the world s leading expert on the archival and pictorial record left by this regiment his detailed text is illustrated with rare portraits and photographs and eight glowing colour plates of a surprisingly wide variety of uniforms

Napoleon's Red Lancers Ronald Pawly,2012-03-20 The legendary Dutch Red Lancers the 2nd Light Horse Lancers of Napoleon s Imperial Guard were formed in 1810 after the emperor annexed Holland and its army to France The former hussars of the Dutch Royal Guard got a handsome new uniform a new weapon and a hard driving new colonel in Baron Edouard Colbert His lancers distinguished themselves in Russia in 1812 at huge cost in Germany in 1813 and in the Low Countries in 1814 When Napoleon returned from exile in 1815 the Red Lancers were with him until night fell over Waterloo Ronald Pawly is the world s leading expert on the archival and pictorial record left by this regiment his detailed text is illustrated with rare portraits and photographs and eight glowing colour plates of a surprisingly wide variety of uniforms

The Red Lancers Ronald Pawly,1998 Based on archive research this is a detailed study of the history and personnel of a single unit of Napoleon s Imperial Guard 1810 1815 the 2nd Light Horse or Red Lancers Their part in the Napoleonic Wars is covered from the 1812 Russian Campaign through the defensive campaigns in Germany and France in 1813 14 to the fateful 100 days of 1815 and to the final sunset at Waterloo

The Cavalry that Broke Napoleon Richard Goldsbrough,2016-10-03 On 18 June 1815 Napoleon and Wellington took to the fields of Waterloo for one final decisive battle a battle that would put an end to over two decades of warfare and determine the fate of Europe Yet little is known about the significant contribution made by the 1st or King s Dragoon Guards who ultimately helped deny Napoleon victory As a regiment the KDG was the greatest contributor to the charge made by the British heavy cavalry fielding nearly half of the Household Brigade s sabres but it also made the biggest sacrifice In successfully repelling the main French assault of the day it paid a heavy price of the 540 men who bravely fought only thirteen of its number were still standing at the close of the battle With the regiment severely depleted at the end of the fighting it did not make sense for the officers and sergeants to dine separately as was the custom So they ate together a tradition that continues to this day every 18 June with the KDG s descendant regiment 1st The Queen s Dragoon Guards Here Richard Goldsbrough tells the remarkable story of the KDG before during and after the Battle of Waterloo

Napoleon's Imperial Guard Gabriele Esposito,2021-08-04 A detailed analysis of the organization uniforms and weapons of the French Imperial Guard created by Napoleon I The author describes

how this large military body evolved from the Consular Guard created by Bonaparte as early as 1799 and how this came to include dozens of different military units belonging to each branch of service infantry cavalry artillery specialist corps The Imperial Guard was a miniature army made up of veteran soldiers who were dressed with the most spectacular and elegant uniforms ever seen on the battlefields of Europe The Guard also included several exotic non French units that are also covered in the text Egyptian Mamelukes Polish and Lithuanian lancers Tatar scouts Dutch grenadiers and lancers The way in which Napoleon employed the Guard in battle is discussed and also how it differed from the rest of the French Army in terms of military dress and weaponry

Zenon Vantini Pamela Sambrook, 2021-01-01 In this remarkable study Pamela Sambrook rescues from obscurity the contribution of a former member of Napoleon's Imperial Guard to the development of specialist hotels and catering in the formative years of the railway network in England and France In doing so she interrogates what lies behind some of Zenon Vantini's very real achievements legacies and disasters She asks how far he was driven by his familial background in Elba and his involvement in the political turmoil of early nineteenth century France and to what extent his whole life was known to those around him Vantini's extraordinary life encapsulates the change between two very different worlds the old imperial past and the new age of entrepreneurial risk taking Never shaking off his old political loyalties he believed resolutely that the mobility afforded by railway travel would change Europe fundamentally In the long view he was a component part in the very early years of an industry which arguably changed England and Europe more than did even his hero Napoleon Scholars and casual readers of British and European social history will be fascinated by his story [ABT755 - IMPERIAL GUARD OF NAPOLEON 1799-1815](#), [History of the Sixteenth, the Queen's, Light Dragoons \(lancers\), 1959 to 1912](#) Henry Graham, 1912

South Wind Come Tina Juarez, 1998-10-01 A romance set in Texas and Mexico during the U S Civil War The heroine is Teresa Sestos y Abrantes a young Anglo Mexican who gives up the good life to smuggle American slaves to freedom in Mexico She falls in love with a Mexican revolutionary By the author of *Call No Man Master*

The Waterloo Armies Philip Haythornthwaite, 2007-10-18 German troops formed the majority of Wellington's forces present at the Battle of Waterloo including those of Nassau Brunswick Hanover and the King's German Legion and they have left a large number of first hand accounts of their role in the battle The actions of the King's German Legion an integral part of the British Army and partly officered by British soldiers has been published in English but to a limited degree Herbert Siborne published letters written to his father Ompteda and Wheatley have had their memoirs published and History of the King's German Legion included a small number of letters including the oft misquoted account of the defence of La Haye Sainte by Major Baring This forms a tiny proportion of the German material available Therefore it is not surprising that early British histories of the battle have largely sidelined the achievements of the German troops and this has been regurgitated by most that have followed This situation did not change until the 1990s when Peter Hofschroer published his two volume version of the campaign from the German perspective which included snippets of German documents published in English for the first

time But even this proved not totally satisfactory as it did not provide the whole document to allow full interpretation There is a great need to provide an English version of much of the original German source material to redress the imbalance this volume is intended to remedy that situation by publishing sixty of these reports and letters fully translated into English for the first time giving a clearer insight into the significant role these troops played Gareth Glover is a historian specialising in the Waterloo campaign and the Peninsular War He left school at eighteen to join the Royal Navy as a Seaman Officer and completed his extensive training course at Dartmouth College He has published articles in The Waterloo Journal and the Journal of the Royal Artillery and a novel about Waterloo Voices of Thunder Christmas Selection 2010 Napoleon org website

Waterloo General John Morewood,2016-09-30 The defeat of Napoleons French army by the combined forces of Wellington and Blcher at Waterloo on 18 June 1815 was a turning point in world history This was the climax of the Napoleonic Wars and the outcome had a major influence on the shape of Europe for the next century and beyond The battle was a milestone and it cannot be properly understood without a detailed on the ground study of the landscape in which it was fought and that is the purpose of David Buttery's new battlefield guide In vivid detail using eyewitness accounts and an intimate knowledge of the terrain he reconstructs Waterloo and he takes the reader and the visitor across the battleground as it is today He focuses on the pivotal episodes in the fighting the day long struggle for the chateau at Hougoumont the massive French infantry assaults repeated cavalry charges the fall of La Haye Sainte the violent clashes in the village of Plancenoit the repulse of the Imperial Guard and rout of the French army This thoroughgoing lucid easy to follow guide will be a fascinating introduction for anyone who seeks to understand what happened on that momentous day and it will be an essential companion for anyone who explores the battlefield in Belgium

Who was Who at Waterloo Christopher Summerville,2014-01-14 Everyone knows about the Battle of Waterloo or do they This book presents the battle as never before through the personal stories of over 150 people present at the battle or its immediate aftermath A reference book a biographical dictionary and a myth busting expose Who was Who at Waterloo is an indispensable guide to history's most famous battle Arranged in alphabetical order and with entries highlighted throughout the text like links in a website the book boasts a colourful cast of soldiers politicians peasants surgeons artists novelists poets scientists entrepreneurs and more It provides many sorties into nineteenth century culture politics medicine and science It also provides a thorough look at the sources identifying myths irregularities and cover ups The book demonstrates how little we can really know about Waterloo And yet it also demonstrates just how much can be said about the battle's participants

Polish Armies of the Partitions 1770-94 Vincent W. Rospond,2013-01-20 The tragic national epic of Polish history began in these late 18th century wars Under Poland's Saxon monarchy Russia and Prussia constantly meddled in the affairs of the Kingdom In 1768 a civil war broke out between pro Russian Commonwealth Poles and Confederate patriots who opposed foreign intervention Russia intervened directly and the First Partition followed in 1772 Guerrilla resistance continued and anti Russian political moves

were snuffed out by a second Russian invasion in 1792 Following a Second Partition between Russia and Prussia in 1793 Poland's national hero Thaddeus Kosciuszko led a national uprising against the invaders in April 1794 After remarkable victories against the odds at Racławice and Warsaw the patriots were finally defeated by the combined armies of Prussia and Russia at Maciejowice This led to the Third Partition of 1795 between Prussia Russia and Austria and Poland ceased to exist as a political nation Featuring specially commissioned full color illustrations this is the epic story of Poland's doomed struggle to remain independent in the face of aggression from its neighbours in the late 18th century The Waterloo Companion Mark Adkin, 2001 There have been many books about Waterloo but never one to rival this in scale or authority The text based upon extensive research describes both the battle and the campaign that preceded it in detail drawing upon the first hand accounts of participants on all sides in order to give the reader a vivid feeling for the experiences of those who fought upon this most celebrated of all battlefields The many full color maps all specially commissioned for the book and the numerous diagrams and photographs the majority in color as well as sixteen pages of original paintings make the book a feast for the eyes and a collector's dream **Colburn's United Service Magazine and Naval and Military Journal**, 1900

Napoleon's Scouts of the Imperial Guard Ronald Pawly, 2012-02-20 Driven out of Germany after his defeat at Leipzig in 1813 Napoleon seemed to face disaster Some 345 000 Allied troops were converging on France from the east and Napoleon had only about 80 000 men Most of his veterans had been killed in Russia and Germany and he was short of cavalry to counter the swarms of Cossacks For his last and possibly most brilliant campaign Napoleon raised three regiments of mounted Scouts for his Imperial Guard Through the story of these units the reader can follow Napoleon's dazzling manoeuvres in the campaign of 1814 and their widely varied uniforms are reconstructed in meticulously researched colour plates
