Red Poncho And Big Boots The Life Of Murray Dickson:

Red Poncho and Big Boots Jim Palmer, 1969 Landscape of Migration Ben Nobbs-Thiessen, 2020-03-19 In the wake of a 1952 revolution leaders of Bolivia's National Revolutionary Movement MNR embarked on a program of internal colonization known as the March to the East In an impoverished country dependent on highland mining the MNR sought to convert the nation s vast undeveloped Amazonian frontier into farmland hoping to achieve food security territorial integrity and demographic balance To do so they encouraged hundreds of thousands of Indigenous Bolivians to relocate from the overcrowded Andes to the tropical lowlands but also welcomed surprising transnational migrant streams including horse and buggy Mennonites from Mexico and displaced Okinawans from across the Pacific Ben Nobbs Thiessen details the multifaceted results of these migrations on the environment of the South American interior As he reveals one of the migrants with the greatest impact was the soybean which Bolivia embraced as a profitable cash crop while eschewing earlier goals of food security creating a new model for extractive export agriculture Half a century of colonization would transform the small regional capital of Santa Cruz de la Sierra into Bolivia s largest city and the diverging stories of Andean Mennonite and Okinawan migrants complicate our understandings of tradition modernity foreignness and belonging in the heart of a rising agro industrial empire Building for the New Paul F. McCleary, 2022-04-21 The book takes place in the poorest country in South America In fact in considering the Western Hemisphere it ranks next to last with only Haiti being poorer yet it is a country rich in national resources The book covers one of the most tenuous times in Bolivian history While it is the story of a missionary family the book provides unusual insight to the rapid change occurring at so many levels in the country The book points to the 1952 revolution as the starting point of a vastly significant process of social and political transformation that has bought Bolivia to its present status Bolivia has a history of political change occurring not at the ballot box but most frequently by a military coup The 52 revolution was like the jump start to a battery which in this case triggered the political awakening of the majority of indigenous communities long held in a semifeudal condition The book draws out the many external influences which played a role in defining the outcome of the transition Bolivia's natural resources were a tempting prize from the early colonial period when gold and silver were the attractions for Spain During World War II the metals tin zinc and tungsten were important to the United States More recently for the time period covered by the book it was the petroleum and forest products The external influences were more than economic The book covered the range from former Nazis to Cuban communists The thread running through the book is about the life of a missionary family It is the story of a young couple with three children who left the comfort and security of the US Midwest farming communities to serve Christ as missionaries to Bolivia However the book does much more It reveals how these Americans adjust into what is a semi hostile environment struggling to cast off its colonial past where 80 percent of the population was kept from participating in society by literacy voting laws The book draws on sources as diverse as academic studies done as degree work by former

missionaries to declassed information from the State Department files Events both local and global had their impact Such political currents as those represented by Nazi Klaus Barbie and communist Che Guevara occurred in Bolivia On the world scene it ranged from Peron in Argentina to the assassination of President Kennedy in the U S While the book is about a missionary family it so contextualizes them into the social economic and political situation in Bolivia one comes away with a deeper appreciation for and understanding of those who dedicate their lives to the well being of the world s poorest and most marginalized *Biographical Books*, 1950-1980 R.R.
