Red Star Over Cuba:

Red Star Over Cuba Nathaniel Weyl (author.), 1960 This is the shocking story of how a Soviet inspired People s Republic was created within 90 miles of the United States shoreline Completely up to date it tells the true facts behind the failure of the Cuban invasion attempt of last April and points the finger of responsibility at men on the highest level of the United States government Publisher RED STAR OVER CUBA NATHANIEL WEYL, Red Star Over Cuba Don Crawford, Brother Andrew, 1971-01-01 The Naked Communist W. Cleon Skousen, 2014-03-27 A timely update to the phenomenal national bestseller Soon after its quiet release during the height of the Red Scare in 1958 The Naked Communist exploded in popularity selling almost two million copies to date and finding its way into the libraries of the CIA the FBI the White House and homes all across the United States From the tragic falls of China Korea Russia and the UN to the fascinating histories of Alger Hiss Whittaker Chambers Elizabeth Bentley and General MacArthur The Naked Communist lays out the entire graphic story of communism its past present and future After searching unsuccessfully for a concise literature on the communist threat W Cleon Skousen saw the urgent need for a comprehensive book that could guide the American conversation So he distilled his FBI experience decades of research and more than one hundred communist books and treatises into one clarifying readable volume that became a touchstone of American values and earned praise from the likes of President Ronald Reagan Glenn Beck and Ben Carson Lauded by one reviewer as the most powerful book on communism since J Edgar Hoover s Masters of Deceit this text draws a detailed picture of the communist as he sees himself stripped of propaganda and pretense Readers gain a unique insight into the inner workings of communism its appeal its history its basic and unchanging concepts even its secret timetable of conquest Among the many questions The Naked Communist answers are Who gave the United States nuclear secrets to the Russians How did the FBI fight communism after it was forced underground in 1918 Why did the West lose 600 million allies after World War II What really happened in Korea What is communism s great secret weapon What lies ahead What can I do to stop communism How can we fight communism without a major war Now updated for 2017 this edition includes a chapter on the forty five Communist Goals detailing how forty four of those goals have been achieved in the U S already as well as a chapter on the making of The Naked Communist shedding light on how this book has sold almost two million copies As relevant now as it was sixty years ago Skousen s groundbreaking work provides a renewed understanding of one of the greatest threats facing America today Praise for W Cleon Skousen No one is better qualified to discuss the threat to this nation from communism You will be alarmed you will be informed and you ll be glad you heard him President Ronald Reagan I have never given any volume such an unqualified endorsement CBS national broadcaster Paul Harvey I went back and I read The Naked Communist and at the end of that Skousen predicted that someday soon you won t be able to find the truth in schools or in libraries or anywhere else because it won t be in print anymore So you must collect those books It s an idea I read from Cleon Skousen from his book in the 1950s The Naked Communist where he talked about

how someday the history of this country's going to be lost because it's going to be hijacked by intellectuals and communists and everything else And I think we're there Glenn Beck host of the nationally syndicated Glenn Beck Radio Program The Naked Communist lays out the whole progressive plan It is unbelievable how fast it has been achieved Dr Ben Carson The Sean Hannity Show May 23 2014 I feel certain that your efforts on this important subject will receive widespread attention and consideration J Edgar Hoover first Director of the Federal Bureau of Investigation We believe in a moral code Communism denies innate right or wrong As W Cleon Skousen has said in his timely book The Naked Communist The communist has convinced himself that nothing is evil which answers the call of expediency This is a most damnable doctrine People who truly accept such a philosophy have neither conscience nor honor Force trickery lies broken promises are wholly justified Ezra Taft Benson United States Secretary of Agriculture under President Eisenhower

Cuba in the American Imagination Louis A. Pérez, 2008 One of the foremost historians of Cuba analyzes the metaphorical and depictive motifs that have been used to describe Cuba and their political effectiveness as they have persisted and changed since the early nineteenth century

Fidel Humberto Fontova, 2012-04-01 Funny name for a man who has threatened the United States with nuclear war who has made common cause with Islamic terrorists against the United States and whose people risk death to escape him But there's a lot that Hollywood liberals and other Fidel Castro admirers would rather you didn't know about the dictator of Cuba like how he imprisoned more people as a percentage of population than the prewar Nazis how

Fidel's firing squads killed thousands of Cubans how Fidel's subjects would rather inject themselves with AIDS than live under his tyranny Drawing on a wealth of research including interviews with former Castro regime officials anti Castro freedom fighters and Castro's political prisoners acclaimed author Humberto Fontova reveals the ugly face of the Castro regime

Response to Revolution Richard E. Welch Jr.,2017-10-01 The Cuban Revolution was a catalyst in shaping American foreign policy over the past generation Welch's study is the first detailed evaluation of U S policy toward Cuba in the early years of the Castro regime and the first effort to analyze public sentiment during that crucial period Our response to Cuba was a mirror of our Cold War assumptions and frustrations and of our apprehensions concerning revolutionary movements abroad

Shadow Warfare Larry Hancock,Stuart Wexler,2015-03-17 Contrary to its contemporary image deniable covert operations are not something new Such activities have been ordered by every president and every administration since the Second World War In many instances covert operations have relied on surrogates with American personnel involved only at a distance insulated by layers of deniability Shadow Warfare traces the evolution of these covert operations detailing the tactics and tools used from the Truman era through those of the contemporary Obama Administrations It also explores the personalities and careers of many of the most noted shadow warriors of the past sixty years tracing the decade long relationship between the CIA and the military Shadow Warfare presents a balanced non polemic exploration of American secret warfare detailing its patterns consequences and collateral damage and presenting its successes as well as failures Shadow Wars explores why every president from Franklin Roosevelt on felt compelled to turn to secret deniable military action It also delves into the political dynamic of the president's relationship with Congress and the fact that despite decades of combat the U S Congress has chosen not to exercise its responsibility to declare a single state of war even for extended and highly visible combat

The Cuban Revolution and Latin America Boris Goldenberg,2022-02-06 This book first published in 1965 is a scrupulously fair study of the origins and evolution of Castroism and an assessment of the impact of the Cuban revolution and of Castro's subsequent domestic and foreign policies on the rest of Latin America In this analysis it takes into account the great differences social economic and cultural between the countries of the area and looks at the foreign policies of Latin American countries as well as the United States and the role of international Communism

The Road to Dallas David Kaiser,2009-11-30 The assassination of President Kennedy was an appalling and grisly conspiracy Kaiser shows that the events of November 22 1963 cannot be understood without fully grasping the two larger stories of which they were a part the U S government's campaign against organized crime and the furtive quest of two administrations to eliminate Castro

Where the Boys Are Van Gosse,1993-12-17 The ignominious failure of the Bay of Pigs invasion in 1961 marked the culmination of a curious episode at the height of the Cold War At the end of the fifties restless and

rebellious youth avant garde North American intellectuals old leftists and even older liberals found inspiration in the images and achievements of Fidel Castro's revolutionary guerrillas Fidelismo swept across the US as young North Americans sought to join the 26th of July Movement in the Sierra Maestra Drawing equally on cultural and political materials from James Dean and Desi Arnaz to C Wright Mills and Studies on the Left Gosse explains how the peculiar conjuncture of 1950s America produced the first great Third World solidarity movement the Fair Play for Cuba Committee which became a locus for the New Left emerging from the ashes of Kennedy's New Frontier Where the Boys Are captures the strange essence of that much abused decade the 1950s at once demonstrating the perfidy of Cold War American liberal opinion towards Cuba and its revolution while explaining why Fidel and his compa eros made such appealing idols for the young the restless and the politically adventurous *Latin America: The countries of Latin America* ,1968

The Secret Fidel Castro Servando Gonzalez,2001 The Secret Fidel Castro is neither a history of the Cuban revolution nor a biography of Fidel Castro The book was written following what intelligence services call a CPP short for Comprehensive Personality Profile similar to the ones intelligence services keep on foreign leaders It focuses on different aspects of Castro's actions and personality which for some reasons have been either ignored misunderstood or misrepresented The main thesis of this book is that there are many different Castros The most widely known is the symbolic public one as it has been portrayed in official Cuban propaganda Castro friendly biographies and mainstream American media But there are also many secret Castros highly different from the public one The Secret Fidel Castro focuses on little known aspects of Castro's personality important in the better understanding of the man and his actions what really makes him tick

Latin America's Wars Volume II: The Age of the Professional Soldier, 1900-2001 Robert L. Scheina,2003-07-31 The second volume in Robert Scheina's definitive study of Latin American military history draws upon years of extensive research and teaching in the field Although wags in the United States have quipped that if Latin America's military forces were not constantly seeking political power they would have nothing to do Scheina describes how these men have not only bravely defended their own homelands from foreign enemies but have also gone abroad to fight in both world wars and in the Korean War This groundbreaking volume also examines the numerous U S interventions in Latin America during the twentieth century and the various motivations for them ranging from the petty interests of influential North American businesses to global concerns with grand strategy which for example resulted in the building of the Panama Canal Scheina concludes by exploring the role of Latin America in the Cold War and Colombia's ongoing conflict with the drug cartels He focuses on operational history in the context of war as an instrument of politics and society including insightful analyses of the military as an institution and of its relations with civilian government Latin America's Wars fills a void in the literature broadens U S readers understanding of their neighbors and serves as a point of departure for new scholarship
