Regulation Public Procurement National And International Perspectives:

Regulation Public Procurement - National and International Perspectives Sue Arrowsmith, John Linarelli, Don Wallace, 2000-04-17 Three international leaders in public procurement law fully explain how the procurement award process must be managed to achieve its goals in global market economy **Public Procurement and Labour Rights** Maria Anna Corvaglia, 2017-09-21 This book investigates patterns of fragmentation and coherence in the international regulatory architecture of public procurement In the context of the major international instruments of procurement regulation the book studies the achievement of social and labour policies the most controversial and problematic instrumental uses of public procurement practices This work offers an innovative comparative approach discussing the ways in which the different international instruments namely the EU Procurement Directives the WTO Agreement on Government Procurement the UNCITRAL Model Law and the World Bank's Procurement Framework are able to implement labour and social purposes and at the same time ensure a regulatory balance with the principles of efficiency and non discrimination Scholarly rigorous and timely this will be important reading for international trade lawyers and procurement practitioners *Research Handbook on Global Administrative Law* Sabino Cassese, 2016-02-27 This Handbook explores the main themes and topics of the emerging field of Global Administrative Law with contributions by leading scholars and experts from universities and organizations around the world The variety of the subjects addressed and the internationality of the Handbook's perspectives make for a truly global and multi dimensional view of the field The book first examines the growth of global administrations their interactions within global networks the emergence of a global administrative process and the development of the rule of law and democratic principles at a global level It goes on to illustrate the relationship between global law and other legal orders with particular attention to regional systems and national orders The final section devoted to the emergence of a global legal culture brings the book full circle by identifying the growth of a global epistemic community The *Research Handbook on Global Administrative Law* provides a contemporary overview of the nascent field in detailed yet accessible terms making it a valuable book for university courses Academics and scholars with an interest in international law administrative law public law and comparative law will find value in this book as well as legal professionals involved with international and supranational organizations and national civil servants dealing with supranational organizations *The Internationalization of Government Procurement Regulation* Aris Georgopoulos, Bernard Hoekman, Petros C. Mavroidis, 2017-02-16 As governments are major buyers of goods and services foreign companies are keen to be able to participate in procurement opportunities on an equal footing with national firms This has given rise to the inclusion of procurement disciplines in trade agreements and to internationally agreed good regulatory practices in this important policy area The contributions to this book examine how the dynamic mix of bilateral regional plurilateral and international norms on government procurement is reflected in purchasing practices at the national level and whether these are leading to

convergence in policies and approaches The countries studied span both advanced high income economies and emerging economies Some are members of the WTO procurement agreement others are not Most WTO members have decided not to commit to binding international disciplines on procurement in trade agreements This book explores whether there has been nonetheless internationalization of good procurement practices and what current public purchasing processes suggest as regards the value added of signing on to binding rules of the game in this area The approach taken in the volume is interdisciplinary Contributors include economists political scientists legal scholars and practitioners with a solid understanding of both the extant international disciplines and national government procurement policies Each chapter assesses the current state of play as regards legislation and procurement practices the degree to which industrial policy considerations feature in the relevant regulatory frameworks the existence and use of domestic dispute resolution and review procedures that allow firms to contest the behavior of procuring entities and the availability of data on procurement processes and outcomes

Trade Effects of Rules on Procurement for Commonwealth ACP Members Peter Trepte, 2011 This Economic Paper assesses the potential trade effects of rules on procurement policies in Commonwealth ACP countries It provides a practical guide for policy makers and negotiators to determine the impact of government procurement rules and policies taken at the national level or negotiated in trade agreements

Public Procurement Reform and Governance in Africa S.N. Nyeck, 2016-06-29 This book presents an interdisciplinary exploration of the governance of public procurement reform in Africa Through a bottom up approach to case studies and comparative analyses scholars practitioners and social activists write about the organizational mechanisms and implementation gaps in public procurement governance in light of the general premises of national reform Reforming the ways in which government purchases works goods and services from the private sector is one of the most sweeping policy reform undertaken in Africa in the past decade Despite the transnational scope of policy change very little is known about the mechanisms of public procurement governance at the subnational level The argument in this volume is that policy reforms that mitigate contractual hazards along the three dimensional law politics business matrix are more likely to bring about meaningful institutional transformation and broader social accountability Key to substantive transformation of public procurement is the revitalization and professionalization of the public sector to meet the opportunities and challenges of development by contract

Public Procurement Regulation in (a) Crisis? Sue Arrowsmith, Luke RA Butler, Annamaria La Chimia, Christopher Yukins, 2021-11-04 This timely book provides the first systematic analysis of global public procurement regulation and policy during and beyond the COVID 19 pandemic Through both thematic chapters and national case studies this book explores the adequacy of traditional legal frameworks for emergency procurement examines how governments and international organisations have responded specifically to the pandemic and considers how the experience of the pandemic and the political impetus for reform might be leveraged to improve public procurement more broadly Public procurement has been critical in delivering vital frontline public services

both in the health sector and elsewhere with procurement of ventilators protective equipment and new hospitals all hitting the headlines At the same time procurers have faced the challenge of adjusting existing contracts to a new reality where for example some contracted services can no longer operate Further efficient and effective procurement will be an essential and not a luxury in the economic recovery With case studies on Italy the UK the USA India Singapore Africa Latin America and China the book brings together the world s leading academics and practitioners from across Europe the Americas Asia and Africa to examine these issues providing an essential resource for policy makers legislators international organisations and academics This title is include included in Bloomsbury Professional s Local Government Law online service

Green Public Procurement under WTO Law Rika Koch,2020-08-31 This book investigates the strategic use of public procurement as a way to establish buying green as a common practice not only in the EU but all over the world However imposing environmental requirements may affect the conditions of competition between suppliers especially between local and foreign ones This is particularly relevant for signatory states to the Government Procurement Agreement GPA a plurilateral WTO agreement that aims at liberalizing public procurement markets So how can these countries strike a balance between trade concerns and using the environmental potential of public procurement What scope does the GPA 2012 leave for environmental criteria and how are signatory states making use of it The need for answers to these questions is becoming even more pressing with the increasing use of green public procurement GPP This book discusses approaches to finding legal solutions to this question using a multilayered approach to do so In a first step an analysis of the pertinent GPA provisions serves to delineate the scope for GPP under WTO law In a second step an evaluation of the implementation of the respective provision at the regional and national level by the EU and Switzerland helps reveal the impact of the GPA on its signatory states While the book chiefly focuses on the legal framework for GPP it also takes into account the latest developments in jurisprudence and policy initiatives It concludes by proposing practical solutions regarding the specific design of GPP policies and measures in compliance with the GPA The comparative approach applied in the book focusing on the implementation of the WTO GPA by two selected signatories makes it an informative and insightful resource for practitioners policymakers and legal scholars from all GPA signatory countries extending its relevance beyond the selected examples the EU and Switzerland

Reforming Public Procurement Law Annamaria La Chimia,Martin Trybus,2024-07-04 This collection of essays on the reform of public procurement law and policy honours the contribution of Sue Arrowsmith as the leading scholar in the field The book is divided into 3 main parts on the UK the EU and the world and focuses on central reform themes that have characterised the evolution of public procurement law and policy in the past decades These include sustainability complex contracts review and remedies electronic procurement and defence procurement as well as topics such as debarment the overall development of EU procurement reform the very nature of procurement law or the regulation of UK procurement law after Brexit The book also covers the dynamic reform process of the EU Procurement Directives and case law the UNCITRAL

Model Law on Procurement the WTO Government Procurement Agreement and national systems including the US China Africa and the UK The chapters are written by experts in specific topics of procurement reform from Africa Asia the Americas and Europe with backgrounds in academia legal practice and international organisations The reader is provided with a diverse set of insights into the objectives approaches priorities and future direction of public procurement reform **Public Procurement Regulation in Africa** Sue Arrowsmith, Geo Quinot, 2013-01-17 This book examines the regulatory rules on public procurement in selected African countries and provides a comparative analysis of key regulatory issues
