REHEARSAL FROM SHAKESPEARE TO SHERIDAN

Tiffany Stern

Rehearsal From Shakespeare To Sheridan

Geraldine Brodie, Emma Cole

Rehearsal From Shakespeare To Sheridan:

Rehearsal from Shakespeare to Sheridan Tiffany Stern, 2007 Attention is often given to the performance of a text but not to the shaping process behind that performance This is the first history of the subject from the sixteenth century to the eighteenth It examines the nature and changing content of rehearsal drawing on a mass of autobiographical textual and journalistic sources Attention is often given to the performance of a text but not to the shaping process behind that performance The question of rehearsal is seldom confronted directly though important textual moments like revision are often attributed to it Whatismore up uni Rehearsal from Shakespeare to Sheridan Tiffany Stern, 2007 This a history of rehearsal from the 16th century to the 18th which examines its nature and changing content and draws upon autobiographical textual and journalistic sources It shows how rehearsal affected the creation and revision of plays **From Playtext to Performance on the Early Modern Stage** Leslie Thomson, 2022-07-15 This book reconsiders the evidence for what we know or think we know about early modern performance conditions This study encourages a new recognition and treatment of certain aspects of the plays as evidence and demonstrates the significance of the implications of that new information This book is also an assessment of the competing narratives about the processes involved in early modern performance about the status of manuscript playbooks about the parts that players memorized about the functions of the bookkeeper about casting about prompting and about rehearsal practices Leslie Thomson investigates the bases for the interdependent beliefs that an early modern player relied only on his part to prepare for a performance that rehearsal was minimal and that a bookkeeper compensated for these circumstances by prompting any player who was out of his part By focusing on often ignored or downplayed requirements and challenges of early modern play texts Thomson provides evidence for answers that will foster a more nuanced and thorough understanding of original performance practices That will in turn influence how we read study and edit the plays This exploration will be of great interest to theatre and performance researchers graduate students teachers of early modern drama at the undergraduate and graduate levels performers directors editors *The Shakespearean Stage 1574-1642* Andrew Gurr, 2009-03-26 For almost forty years The Shakespearean Stage has been considered the liveliest most reliable and most entertaining overview of Shakespearean theatre in its own time It is the only authoritative book that describes all the main features of the original staging of Shakespearean drama in one volume the acting companies and their practices the playhouses the staging and the audiences Thoroughly revised and updated this fourth edition contains fresh materials about how specific plays by Shakespeare were first staged and provides new information about the companies that staged them and their playhouses The book incorporates everything that has been discovered in recent years about the early modern stage including the archaeology of the Rose and the Globe Also included is an invaluable appendix listing all the plays known to have been performed at particular playhouses and by specific companies **Literature, Gender and Politics in Britain During the War for America, 1770-1785**

Robert W. Jones, 2011-09-22 A new interdisciplinary perspective on masculine identity and politics in Britain during the American War of Independence 1775 83

Directing for the Stage Richard Williams, 2018-02-18 What is the role of a Director Tyrannical dictator or creative persuader Why does the audience matter when interpreting a play How do you get the best out of actors and what do they expect from you Directing for the Stage addresses the key questions surrounding this venerable and yet often invisible craft offering practical guidance on the crucial moments of creating a stage production including budgeting auditions rehearsals opening night and beyond From knotty discussions on Shakespeare to when to call a coffee break all aspects of the Director's art are examined including the history and development of the stage Director how to commission and original play or obtain rights for an existing work how to timetable the production process from concept to last night and an hour by hour guide to rehearsals and all major approaches Fully illustrated with 31 colour and 19 black white photographs

Shakespeare's Auditory Worlds Walter W. Cannon, Laury Magnus, 2020-10-27 Inspired by the verbal exuberance and richness of all that can be heard by audiences both on and off Shakespeare's stages Shakespeare's Auditory Worlds examines such special listening situations as overhearing eavesdropping and asides It breaks new ground by exploring the complex relationships between sound and sight dialogue and blocking dialects and other languages re voicings and finally nonverbal or metaverbal relationships inherent in noise sounds and music staging interstices that have been largely overlooked in the critical literature on aurality in Shakespeare Its contributors include David Bevington Ralph Alan Cohen Steve Urkowitz and Leslie Dunn and in a concluding Virtual Roundtable section six seasoned repertory actors of the American Shakespeare Center as well who discuss their nuanced hearing experiences on stage Their hearing invites us to understand the multiple dimensions of Shakespeare's auditory world from the vantage point of actors who are listening in the round to what they hear from their onstage interlocutors from offstage and backstage cues from the musicians galleries and often most interestingly from their audiences

Documents of Performance in Early Modern England Tiffany Stern, 2009-09-17 As well as play makers and poets playwrights of the early modern period were known as play patchers because their texts were made from separate documents This book is the first to consider all the papers created by authors and theatres by the time of the opening performance recovering types of script not previously known to have existed With chapters on plot scenarios arguments playbills prologues and epilogues songs staged scrolls backstage plots and parts it shows how textually distinct production was from any single unified book And as performance documents were easily lost relegated or reused the story of a play's patchy creation also becomes the story of its co authorship cuts revisions and additions Using a large body of fresh evidence Documents of Performance in Early Modern England brings a wholly new reading to printed and manuscript playbooks of the Shakespearean period redefining what a play and what a playwright actually is

Boy Actors in Early Modern England Harry R. McCarthy, 2022-09 This innovative study draws on theatre history and present day performance to re appraise the remarkable skills of early modern boy actors

Adapting

Translation for the Stage Geraldine Brodie, Emma Cole, 2017-07-06 Translating for performance is a difficult and hotly contested activity. *Adapting Translation for the Stage* presents a sustained dialogue between scholars, actors, directors, writers and those working across these boundaries, exploring common themes and issues encountered when writing, staging and researching translated works. It is organised into four parts, each reflecting on a theatrical genre where translation is regularly practised: The Role of Translation in Rewriting Naturalist Theatre; Adapting Classical Drama at the Turn of the Twenty-First Century; Translocating Political Activism in Contemporary Theatre; Modernist Narratives of Translation in Performance. A range of case studies from the National Theatre's *Medea* to The Gate Theatre's *Dances of Death* and Emily Mann's *The House of Bernarda Alba* shed new light on the creative processes inherent in translating for the theatre, destabilising the literal/performable binary to suggest that adaptation and translation can and do coexist on stage. Chronicling the many possible intersections between translation theory and practice, *Adapting Translation for the Stage* offers a unique exploration of the processes of translating, adapting and relocating work for the theatre.

Unveiling the Magic of Words: A Report on "**Rehearsal From Shakespeare To Sheridan**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring.
