volume organizes the vast literature surrounding this fascinating revolutionary 20th century art group. Genuinely new art is always challenging, sometimes even shocking to those unprepared for it. In 1905 the paintings of Matisse, Derain, Vlaminck and their friends shocked conservative museum goers, hence the eventual popularity of art critic Louis Vauxcelles's tag les fauves or wild beasts by which these artists became known. Although it lasted only three or four years, Fauvism is recognized as the first artistic revolution of international consequence in the 20th century. It was based on the glorification of pure saturated colors and the free expression of primitivism. It was a dynamic sensualism, an equilibrium of passion and order, fire and austerity that could not last. By the end of 1908 Fauvism collapsed in the face of Cubism, which moreover several Fauve artists helped to form.

Whose People? Jasmine Donahaye, 2012-02-15 Wales has a centuries-long history of interest in Palestine and Israel and a particularly close interest in Jews and Zionism which has been expressed widely in the literature. *Whose People: Wales, Israel, Palestine* is the first monograph to explore this subject. It asks difficult and probing questions about the relationship that Wales has had with Palestine in the past and now has with the Israel-Palestine situation in the present and it challenges received wisdom about Welsh tolerance and liberalism. Using publications in Welsh and in English across several centuries, this survey examines Welsh missionary efforts and colonial desires in Palestine, complex and contradictory attitudes to Jews and the use of Zionism and the Hebrew language revival as a model for Wales. Beginning with an analysis of a so-called tradition of Welsh identification with Jews, the study locates its origins in the early twentieth century and moves on to uncover provocative material in Welsh conversionist writing on Jews, Muslims and Samaritans in Palestine in the nineteenth century and imaging of Jews in twentieth-century fiction and the periodical press. It concludes with a survey of Jewish literary responses to Wales that suggests that some Jewish writers have been active agents in reinforcing Welsh support of Zionism in particular. The evidence uncovered here shows a complex picture of a unique cultural and political relationship. *Whose People: Wales, Israel, Palestine* makes an important contribution to international Jewish studies, to the study of British colonial involvement in Palestine and to Welsh and Jewish literary and cultural history.

Encyclopedia of Modern Jewish Culture Glenda Abramson, 2004-03 The *Companion to Jewish Culture From the Eighteenth Century to the Present* was first published in 1989. It is a single-volume encyclopedia containing biographical and topic entries ranging from 200 to 1000 words each.

Edinburgh Companion to Modern Jewish Fiction David Brauner, 2015-06-07 This book provides a critical overview of the main writers and key themes of Anglophone Jewish fiction, highlighting the rich diversity of the field, identifying key themes, analysing the main trends in Anglophone Jewish fiction and situating them in a historical context.

The Art and Life of Josef Herman Monica Bohm-Duchen, 2009 This work traces Herman's life and work from his

earliest years through to his mature work It combines biographical detail an analysis of individual artworks in a variety of media and an assessment of his status within the history of 20th century art Refugees and Cultural Transfer to Britain
Stefan Manz,Panikos Panayi,2013-10-18 This book is the first to focus specifically upon the relationship between refugees and intercultural transfer over an extensive period of time Since circa 1830 a series of groups have made their way to Britain beginning with exiles from the failed European revolutions of the mid nineteenth century and ending with refugees who have increasingly come from beyond Europe The book addresses four specific questions First what roles have individuals or groups of refugees played in cultural and political transfers to Britain since 1830 Second can we identify a novel form of cultural production which differs from that in the homeland Third to what extent has dissemination within and transformation of the receiving culture occurred Fourth to what extent do refugee groups themselves undergo a process of cultural restructuring The coverage of the individual essays ranges from high culture through politics and everyday practices The volume moves away from general perceptions of refugees as problem groups and rather focuses on the way they have shaped and indeed enriched British cultural and political life This book was previously published as a special issue of Immigrants and Minorities
