Understanding the needs and problems of Asian Americans, Hispanic Americans, the deaf, the blind, the LGBT community, and many other groups demands an up-to-date and cutting-edge reference. This three-volume encyclopedia provides human services students, professors, librarians, and practitioners the reference information they need to meet the needs of an increasingly diverse population. Features 600 signed entries organized A to Z across three volumes. Entries authored by key figures in the field conclude with cross references and further readings. A Reader's Guide groups related articles within broad thematic areas such as aging, community, mental health, family, and child services, substance abuse, etc. A detailed index, the Reader's Guide, and cross references combine for search and browse in the electronic version. A helpful Resource Guide guides students to classic books, journals, and web sites, and a glossary assists them with the terminology of the field. Available in both print and electronic formats.
