**Patriarchs in China** Stuart H. Young, 2015-02-28 A vagho a N g rjuna and ryadeva are among the most celebrated Indian patriarchs in Asian Buddhist traditions and modern Buddhist studies scholarship Scholars agree that all three lived in first to third century C E India so most studies have focused on locating them in ancient Indian history religion or society To this end they have used all available accounts of the Indian patriarchs lives in Sanskrit Tibetan various Central Asian languages and Chinese produced over more than a millennium and viewed them as bearing exclusively on ancient India Of these sources medieval Chinese hagiographies are by far the earliest and most abundant Conceiving the Indian Buddhist Patriarchs in China is the first attempt to situate the medieval Chinese hagiographies of A vagho a N g rjuna and ryadeva in the context of Chinese religion culture and society of the time It examines these sources not as windows into ancient Indian history but as valuable records of medieval Chinese efforts to define models of Buddhist sanctity It explores broader questions concerning Chinese conceptions of ancient Indian Buddhism and concerns about being Buddhist in latter day China By propagating the tales and texts of A vagho a N g rjuna and ryadeva leaders of the Chinese sangha sought to demonstrate that the means and media of Indian Buddhist enlightenment were readily available in China and that local Chinese adepts could thereby rise to the ranks of the most exalted Buddhist saints across the Sino Indian divide Chinese authors also aimed to merge their own kingdom with the Buddhist heartland by demonstrating congruency between Indian and Chinese ideals of spiritual attainment This volume shows for the first time how Chinese Buddhists adduced the patriarchs as evidence that Buddhist masters from ancient India had instantiated the same ideals practices and powers expected of all Chinese holy beings and that the expressly foreign religion of Buddhism was thus the best means to sainthood and salvation for latter day China Rich in information and details about the inner world of medieval Chinese Buddhists Conceiving the Indian Buddhist Patriarchs in China will be welcomed by scholars and students in the fields of Buddhist studies religious studies and China studies

Tibetan Buddhism among Han Chinese Joshua Esler, 2020-05-28 This study analyzes the growing appeal of Tibetan Buddhism among Han Chinese in contemporary China Hong Kong and Taiwan It examines the Tibetan tradition s historical context and its social cultural and political adaptation to Chinese society as well as the effects on Han practitioners The author s analysis is based on fieldwork in all three locations and includes a broad range of interlocutors such as Tibetan religious teachers Han practitioners and lay Tibetans      **Women in Tibet** Janet Gyatso, Hanna Havnevik, 2005 Collection of historical literary ethnographical essays about the history Women in traditional Tibet and present situation of women in Tibet Modern Tibetan Women offering data and reflection on certain topics like the lives of individual women Based on texts anthropological data literature newspaper articles fieldwork and oral history      *Tibetan Subjectivities on the Global Stage* Shelly Bhoil, Enrique Galvan-Alvarez, 2018-11-08 Tibetan Subjectivities on the Global Stage Negotiating Dispossession explores the many ways Tibetans are reimagining their cultural identity since the communist takeover of Tibet in the 1950s

Focusing on developments taking place in Tibet and the diaspora this collection of essays addresses a wide range of issues at the heart of Tibetan modernity From the political dynamics of the exiled community in India to the production of contemporary Tibetan literature in the PRC the collection delves into various aspects of current significance for the Tibetan community worldwide such as the construction of Bon identity in exile the strategic use of the discourse of development or the issue of cultural and linguistic purity in an increasingly hybrid and globalized world Moving away from the preservationist paradigm that regards Tibetan culture as an endangered and precious object the essays in this book portray Tibetan identities in motion as lived subjectivities that travel change and creatively reimagine themselves on various global stages Even if recent Tibetan history is marked by imposed transitions and a sense of dispossession this collection highlights the ways Tibetans have not only managed traumatic historical events but also become agents of change and reinventors of their own traditions

*Making Saints in Modern China* David Ownby, 2017 Sainthood has been and remains a contested category in China given the commitment of China's modern leadership to secularization modernization and revolution and the discomfort of China's elite with matters concerning religion However sainted religious leaders have succeeded in rebuilding old institutions and creating new ones despite the Chinese government's censure This book offers a new perspective on the history of religion in modern and contemporary China by focusing on the profiles of these religious leaders from the early 20th century through the present Edited by noted authorities in the field of Chinese religion *Making Saints in Modern China* offers biographies of prominent Daoists and Buddhists as well as of the charismatic leaders of redemptive societies and state managers of religious associations in the People's Republic The focus of the volume is largely on figures in China proper although some attention is accorded to those in Taiwan Hong Kong and other areas of the Chinese diaspora Each chapter offers a biography of a religious leader and a detailed discussion of the way in which he or she became a saint The biographies illustrate how these leaders deployed and sometimes retooled traditional themes in hagiography and charismatic communication to attract followers and compete in the religious marketplace Negotiation with often hostile authorities was also an important aspect of religious leadership and many of the saints' stories reveal unexpected reserves of creativity and determination The volume's contributors from the United States Canada France Italy China and Taiwan provide cutting edge scholarship Taken together these essays make the case that vital religious leadership and practice has existed and continues to exist in China despite the state's commitment to wholesale secularization
