Religion And Politics Eastwest Contrasts From Contemporary Europe:

Religion and Politics in Russia: A Reader Marjorie Mandelstam Balzer, 2015-01-28 Russia is not only vast it is also culturally diverse the core of an empire that spanned Eurasia In addition to the majority Russian Orthodox and various other Christian groups the Russian Federation includes large communities of Muslims Jews Buddhists and members of other religious groups some with ancient historical roots All are in a state of ferment and securing formal state recognition for specific communities is often daunting This collection provides entry into the diversity of Russia s religious communities Marjorie Mandelstam Balzer s introduction to the volume illuminates major political social and cultural anthropological trends The book is organized by religious tradition or identity with further thematic perspectives on each set of readings The authors include ethnologists sociologists political analysts and religious leaders from many regions of the Federation They analyze the changing dynamics of religion and politics within each community and in the context of the current drive to recentralize both political and religious authority in Moscow Topical coverage extends from reassertions of Russian Orthodoxy to activities of Christian and Muslim missionaries to the revival of many other religions including indigenous shamanic ones

Religion and the Struggle for European Union Brent F. Nelsen, James L. Guth, 2015-05-01 In *Religion and the Struggle for European Union* Brent F Nelsen and James L Guth delve into the powerful role of religion in shaping European attitudes on politics political integration and the national and continental identities of its leaders and citizens Nelsen and Guth contend that for centuries Catholicism promoted the universality of the Church and the essential unity of Christendom Protestantism by contrast esteemed particularity and feared Catholic dominance These differing visions of Europe have influenced the process of postwar integration in profound ways Nelsen and Guth compare the Catholic view of Europe as a single cultural entity best governed as a unified polity against traditional Protestant estrangement from continental culture and its preference for pragmatic cooperation over the sacrifice of sovereignty As the authors show this deep cultural divide rooted in the struggles of the Reformation resists the ongoing secularization of the continent Unless addressed it threatens decades of hard won gains in security and prosperity Farsighted and rich with data *Religion and the Struggle for European Union* offers a pragmatic way forward in the EU s attempts to solve its social economic and political crises

Religious and Sexual Nationalisms in Central and Eastern Europe , 2015-08-26 *Religious and Sexual Nationalisms in Central and Eastern Europe* Gods Gays and Governments presents case studies from some ten countries that serve to explore the ways in which religion nationalism and homo sexuality intersect in public discourse It shows how religious leaders political and social movements LGBT organizations governments and media negotiate the powers of religion and state in taking position regarding sexual diversity These negotiations are as much about sexual morality as they are about national identity anti EU sentiments and the efforts of religious institutions to regain power in post communist societies Contributors are Alar Kilp Dorota Hall Koen Sloodmaeckers Magda Dolinska Rydzek Marek Miku Mariecke van den

Turkey's Accession to the European Union Edel

Hughes,2010-10-04 Turkey's accession to the European Union is undoubtedly one of the Union's most contested potential enlargements. The narrative that dominates the debate surrounding this issue primarily relates to problems such as a lack of respect for fundamental human rights in Turkey, the Kurdish question and the continuing stalemate concerning northern Cyprus. This book looks at these issues but also proposes that a review of Turkey's experience with the EU in its numerous incarnations suggests that these concerns may mask a deeper disquiet. Whilst there are several questions that Turkey must address particularly in the area of human rights guarantees, the concerns which raise debates regarding Turkish membership are not issues that are unique to Turkey. Turkey's EU experience also raises fundamental questions about religion and the EU project that have greater implication than simply Turkish accession. Through the lens of the Turkish example, this book addresses these broader questions such as the nature of European identity, Europe's Christian past, the limits of pluralism and the fundamental question of religion in the European public sphere. This book will be of great interest to those engaged in research on European law and politics at undergraduate or postgraduate level. It is also aimed at academics with an interest in human rights and the European Union and with a regional interest in Turkey.
