Roy, 2022-02-07 **Rosa Luxemburg in Action** Rosemary H. T. O'Kane, 2014-11-20 Neither a work concerned only with her Marxist writings nor a personal biography concerned with her private life this book examines Rosa Luxemburg s ideas on revolution and democracy and how the two are bound together by her views on the importance of political action Stretching historically from 1863 to the present this book covers in great detail the history and developments within the German SPD during her time the 1905 and 1917 Russian Revolutions the German Revolution the outbreak of World War I and the imperialism that fuelled it It then moves on to consider political and historical developments after her death and examines her arguments on revolution and democracy in the light of the post revolutionary government in Nicaragua the one violent revolution that sought to establish social democracy but failed Also covered are aspects of Rosa Luxemburg s life her important writings and actions the relevant Marxist debates in which she was involved including for example Bernstein s arguments on social democracy through reform and with Lenin on revolutionary organization A welcomed and timely collection presenting an important examination of the political and social context in which Luxemburg developed her activities and views and a complete understanding of the history of social democracy the revolutionary times of a century ago and the relevance of their events and ideas for more recent revolutions for democracy in the twenty first century **Rosa Luxemburg: The Incendiary Spark** Michael Löwy, 2024-03-05 Renowned Marxist scholar Michael L wy offers an indispensable assessment of an enduringly fascinating revolutionary Vibrant insightful and wide ranging L wy s essays illuminate the heroic tough minded idealist and martyr Rosa Luxemburg Active in the labor and socialist movements of Germany Poland and Russia Luxemburg had international standing as an original and sharp minded theorist during her life and remains one of the most admired and studied revolutionaries in the Marxist tradition L wy follows Luxemburg in blending diverse intellectual disciplines philosophy history political science sociology anthropology and economics to make sense of global realities in her time and our own Luxemburg s creative intellectual endeavors were shaped by her genuine devotion to the free development of all people and her fierce opposition to all forms of tyranny and authoritarianism These commitments guided her analyses of

exploitation and mass struggle the dynamics of trade unions and of bureaucracy the origins and impacts of economic crisis the nature of war and imperialism and the interconnections of reform and revolution In accessible and stimulating prose L wy explores Luxemburg s many political and theoretical contributions as well as her links to revolutionaries including Karl Marx Vladimir Lenin Antonio Gramsci Georg Luk cs Jos Carlos Mari tegui and Leon Trotsky Through L wy s expansive engagement with Luxemburg s political trajectory and influence we are able to see her wrestle with political problems that remain relevant today

Creolizing Rosa Luxemburg Jane Anna Gordon,Drucilla Cornell,2021-04-21 Rosa Luxemburg is unquestionably the most important historical European woman Marxist theorist Significantly for the purpose of creolizing the canon she considered her continent and the globe from an Eastern Europe that was in constant flux and turmoil From this relatively peripheral location she was far less parochial than many of her more centrally located interlocutors and peers Indeed Luxemburg s work touched on all the burning issues of her time and ours from analysis of concrete revolutionary struggles such as those in Poland and Russia to showing through her analysis of primitive accumulation that anti capitalist and anti colonial struggles had to be intertwined to considerations of state sovereignty democracy feminism and racism She thereby offered reflections that can usefully be taken up and reworked by writers facing continuous and new challenges to undo relations of exploitation through radical economic and social transformation Luxemburg touches on all aspects of what constitutes revolution in her work the authors of this volume show us that by creolizing Luxemburg we can open up new paths of understanding the complexities of revolution

Rosa Luxemburg J. Shulman,2013-12-18 Collection with new contributions to the debate from New Politics concerning the legacy of Rosa Luxemburg Publishing Stephen Eric Bronner s essay Red Dreams and the New Millennium along with the numerous responses to the piece a new introduction and an interview with Bronner stimulates the discussion around Luxemburg s legacy

Argentina's Partisan Past Michael Goebel,2011-01-01 Argentina s Partisan Past is a challenging new study about the production spread and use of national history and identity for political purposes in twentieth century Argentina Based on extensive study of primary and published sources it analyzes how nationalist views about what it meant to be Argentine were built into the country s long protracted crisis of liberal democracy from the 1930s to the 1980s Eschewing the notion of any straightforward relationship between cultural customs and political practices the study seeks instead to provide a more nuanced framework for understanding the interplay between politics and narratives about national history The book is a valuable resource to both students of Argentine history and those interested in the ways in which nationalism has shaped our contemporary world

Rosa Luxemburg Frank Jacob,2021-02-24 Rosa Luxemburg lived a revolutionary life which determined her theoretical reflections about revolution and the role of the masses within it The present study provides an analysis of Luxemburg s thoughts about and experiences with revolutionary processes and shows how she further developed Marxist ideas about the path and methods to achieve a democratic socialism as the result of a successful revolution Next to the theoretical debate with Eduard Bernstein

and her experiences during the Russian Revolution of 1905 the book also takes a closer look at Luxemburg's theoretical reflections about revolution in the years before and during the First World War the Russian Revolution of 1917 as well as the German Revolution of 1918-19 The book therefore offers a concise analysis of Luxemburg's life as well as her combination of revolution theory and revolutionary practice Library of the World's Best Literature, Ancient and Modern: A-Z Charles Dudley Warner, 1902
