different disciplines These range from Palaeobotany with 17 entries to Rock Art with 502 entries Gander in Her Daughters Tracy J. Revels,2004 Though the women of Florida suffered Civil War traumas and privations commensurate with women throughout the Confederacy few of their experiences have become part of the historical record Drawing largely on primary source discoveries Tracy J Revels recounts the experiences of wives and widows Unionists and secessionists black female slaves and their plantation mistresses business owners and refugees Slavery in Florida Larry Eugene Rivers,2009-03-15 This important illustrated social history of slavery tells what life was like for bond servants in Florida from 1821 to 1865 offering new insights from the perspective of both slave and master Starting with an overview of the institution as it evolved during the Spanish and English periods Larry E Rivers looks in detail and in depth at the slave experience noting the characteristics of slavery in the Middle Florida plantation belt the more traditional slave based cotton growing economy and society as distinct from East and West Florida which maintained some attitudes and traditions of Spain He examines the slave family religion resistance activity slaves participation in the Civil War and their social interactions with whites Indians other slaves and masters Rivers also provides a dramatic account of the hundreds of armed free blacks and runaways among the Seminole Creek and Mikasuki Indians on the peninsula whose presence created tensions leading to the great slave rebellion the Second Seminole War 1835 42 Slavery in Florida is built upon painstaking research into virtually every source available on the subject a wealth of historic documents personal papers slave testimonies and census and newspaper reports This serious critical work strikes a balance between the factual and the interpretive It will be significant to all readers interested in slavery the Civil War the African American experience and Florida and southern U S history and it could serve as a comprehensive resource for secondary school teachers and students **Understanding quartz technology in early prehistoric Ireland** Killian Driscoll,2010 Children in Care, 1834-1929 Rosemary Steer,2020-07-30 A study of the lives of Britain s children who were looked after by the government during the main period of the Poor Law Amendment Act from 1834 to 1929 For centuries there have been children who have not lived with their birth parents for a range of reasons and have been taken into the care of the state voluntary societies other families or employers temporarily or permanently The origins of this book lie in Rosemary Steer s study of the lives of over 300 children who came into the care of a charity in the village of Dickleburgh in Norfolk started in the 1870s by the Rector s wife Mrs Louisa Brandreth This book extends the study of children in care across the country to cover the main period of the Poor Law Amendment Act the new poor law from 1834 to 1929 Using a wide range of sources including contemporary social commentaries and inquiries poor law records charity case files court records newspapers parliamentary inquiries census returns parish records and personal accounts Rosemary Steer details the range of provision and explores the lives of some of these children before during and after their time in care Research into the care of pauper children has usually been anonymized but Children in Care includes examples of named children and through numerous case studies we hear these children s stories sometimes in their own

words or those of the adults who had charge of them It is unlikely that many of these pauper children would feature in any other study other than individually within the context of family history so this book also has the benefit of highlighting the lives of some of the least regarded of society Praise for Children in Care 1834 1929 This is a very interesting book indeed the work effort and research that has gone into this by the author is incredible and I say that as someone who has had to trawl through these types of records before It is the work of the author Steer that makes it the success it should be I would highly recommend this book to anyone but in particular I would invite all students who are learning about history social history and even law to read this book because of its reliance on source material is fantastic which is why rate 5 stars and it will probably make my top ten books of the year UK Historian *Select Cases and Other Authorities on the Law of Property* John Chipman Gray,1889 Wild Rose Francis Francis,1895 The Metallurgicon Local Directory.
