Rose Or Rose Thorn Three Women Of Spanis:

Rose, Or Rose Thorn? Three Women of Spanish California. (Doña Feliciana Arballo.-Doña Eulalia Fages.-Doña Concepción Argüello.). Susanna Bryant Dakin,1963 Rose, Or Rose Thorn? Susanna Bryant Dakin,1963 **Rose, Or Rose Thorn?** Susanna Bryant Dakin,1963 Women and the Conquest of California, 1542-1840 Virginia M.

Bouvier,2004-08 Studies of the Spanish conquest in the Americas traditionally have explained European Indian encounters in terms of such factors as geography timing and the charisma of individual conquistadores Yet by reconsidering this history from the perspective of gender roles and relations we see that gender ideology was a key ingredient in the glue that held the conquest together and in turn shaped indigenous behavior toward the conquerors This book tells the hidden story of women during the missionization of California It shows what it was like for women to live and work on that frontier and how race religion age and ethnicity shaped female experiences It explores the suppression of women s experiences and cultural resistance to domination and reveals the many codes of silence regarding the use of force at the missions the treatment of women indigenous ceremonies sexuality and dreams Virginia Bouvier has combed a vast array of sources including mission records journals of explorers and missionaries novels of chivalry and oral histories and has discovered that female participation in the colonization of California was greater and earlier than most historians have recognized Viewing the conquest through the prism of gender Bouvier gives new meaning to the settling of new lands and attempts to convert indigenous peoples By analyzing the participation of women both Hispanic and Indian in the maintenance of or resistance to the mission system Bouvier restores them to the narrative of the conquest colonization and evangelization of California And by bringing these voices into the chorus of history she creates new harmonies and dissonances that alter and enhance our understanding of both the experience and meaning of conquest Three Decades of Engendering History Antonia I. Castaneda,2014-12-15 For over three decades the work of Antonia I Casta eda has shaped the fields of Western History and Chicana Studies From her early articles on Chicana representation and political economy to her most recent work mapping gendered violence and gendered resistance in the history of the U S Southwest her work is consistently taught in classrooms and cited extensively Yet Casta eda s work has been scattered throughout journals and anthologies a paper chase for historians to track down Three Decades of Engendering History ends the chase This volume edited by Linda Heidenreich collects ten of Casta eda s best articles including the widely circulated article Engendering the History of Alta California 1769 1848 in which she took a direct and honest look at sex and gender relations in colonial California Demonstrating that there is no romantic past to which we can turn she exposed stories of violence against women as well as stories of survival and resistance Other articles included are the prize winning Women of Color and the Rewriting of Western History and two recent articles Lullabies y Canciones de Cuna and La Despedida The latter two represent Casta eda s most recent work excavating mapping and bringing forth the long and strong post WWII history of Tejanas Finally the volume includes three

California Women and Politics Robert W. Cherny, Mary Ann Irwin, Ann Marie Wilson, 2011-05-01 In 1911 as progressivism moved toward its zenith the state of California granted women the right to vote However women's political involvement in California's public life did not begin with suffrage nor did it end there Across the state women had been deeply involved in politics long before suffrage and although their tactics and objectives changed they remained deeply involved thereafter *California Women and Politics* examines the wide array of women's public activism from the 1850s to

1929 including the temperance movement moral reform conservation trade unionism settlement work philanthropy wartime volunteerism and more and reveals unexpected contours to women's politics in California The contributors consider not only white middle class women's organizing but also the politics of working class women and women of color emphasizing that there was not one monolithic women's agenda but rather a multiplicity of women's voices demanding recognition for a variety of causes
