

A photograph of the facade of a classical temple in Petra, Jordan, carved into a reddish-brown rock cliff. The temple features a prominent portico with six tall columns and a triangular pediment. Above the portico, there are more columns and niches, some containing statues. The entire structure is set within a deep, narrow slot in the cliff face. Two white, thin-lined circular arcs are superimposed on the right side of the image, framing the text.

Virgil the Partisan Anton Powell, 2012-12-31 Since its first appearance in 2008 this book has changed the landscape of Virgilian studies Analysing closely the logic and the literary genres of Virgil's three poems it politely confronts the modern orthodoxy that Virgil signalled distaste for the methods of his ruler Octavian Augustus It refreshes the study of Virgil's poetry by comparing it with the detail normally neglected by scholars of Rome's civil wars after Julius Caesar's death when Octavian's survival looked highly unlikely And it argues that Virgil wrote as a passionate and brave partisan of Octavian who like a good lawyer confronted his patron's undeniable failings in order to defend
