Rosemary in Paris Winslow Press, Barbara Robertson, 2001-12-01 Rosemary Rita s magical hourglass takes her to the Paris Exposition of 1889 where she meets her great great grandmother Gracie also aged ten and together with a friend they set out to catch the boy who steals Gracie s locket **Paris and the Cliché of History** Catherine E. Clark, 2018-07-19 This book turns a compelling new lens on thinking about the history of Paris and photography The invention of photography changed how history could be written But the now commonplace assumptions that photographs capture fragments of lost time or present emotional gateways to the past that structure today s understandings did not emerge whole cloth in 1839 Focusing on one of photography s birthplaces Paris and the Cliché of History tells the story of how photographs came to be imagined as documents of the past Author Catherine E Clark analyzes photography s effects on historical interpretation by examining the formation of Paris s first photo archives at the Mus é Carnavalet and the city s municipal library their use in illustrated history books and historical exhibitions and reconstructions such as the 1951 celebration of Paris s 2000th birthday and the public s contribution to the historical record in amateur photo contests Despite the photograph s growing importance in these forums it did not simply replace older forms of illustration visual documentation or written text Photos worked in complex and shifting relation to other types of pictures as photographers popular historians and publishers built on the traditions and iconography of painting and engraving in order to both document the past scientifically and objectively and to reconstruct it romantically In doing so they not only influenced how Parisians thought about the city s past and how they pictured it they also ensured that these images shaped how Parisians lived their own lives especially in deeply charged moments such as the Liberation after World War II This history of picturing Paris does not simply reflect the city s history it is Parisian history *American Expatriate Writing and the Paris Moment* Donald Pizer, 1997-09-01 Montparnasse and its caf life the shabby working class area of the place de la Contrescarpe and the Pantheon the small restaurants and caf s along the Seine and the Right Bank world of the well to do for American writers self exiled to Paris during the 1920s and 1930s the French capital represented what their homeland could not a milieu that through the freedom of thought and action it permitted and the richness of life it offered nurtured the full expression of the creative imagination How these expatriates interpreted and gave modernist shape to the myth of the Paris moment in their writing is the altogether fresh focus of Donald Pizer s study of seven of their major works Pizer elucidates a striking difference between the genres of expatriate autobiography and fiction and arranges his discussion accordingly He first examines Ernest Hemingway s *A Moveable Feast*

Gertrude Stein's *The Autobiography of Alice B. Toklas* and *The Diary of Anaïs Nin* 1931-1934 all of which depict the emergence and triumph of the creative imagination within the Paris context. He then turns to Hemingway's *The Sun Also Rises*, John Dos Passos' *Nineteen Nineteen* and F. Scott Fitzgerald's *Tender Is the Night* which dramatize the tragic potential in seeking a richness and intensity of creative expression within the city's setting. Henry Miller's *Tropic of Cancer*, a relatively late example of American expatriate writing, constitutes a synthesis of the two tendencies. Pizer shows. Through careful readings of the texts, Pizer identifies both the common threads in the expatriates' response to the Paris moment and the distinctive expression each work gives to their shared experience. Most important, he addresses the neglected question of how the portrayal of the Paris scene helps shape a specific work's themes and form. He traces such experimental devices as fragmented or cubistic narrative forms, the dramatic representation of consciousness and sexual explicitness, and explores the powerful and evocative tropes of mobility and feeding. As Pizer demonstrates, Paris between the two world wars was for the American expatriates more than a geographical entity. It was a state of mind, an experience that engendered the formal expression of a personal aesthetic. The engaging and significant interplay between artist, place, and innovative, self-reflexive forms composes Pizer's maintenance of the most distinctive contribution of expatriate writing to the literary movement called high modernism.

Hungry Woman in Paris Josefina López, 2009-03-09 In this heartwarming story of food, friendship, and family, cooking school is the sensual and spiritual reawakening that brings back a woman's hunger for life. A journalist and activist, Canela believes passion is essential to life, but lately passion seems to be in short supply. It has disappeared from her relationship with her fiancé who is more interested in controlling her than encouraging her. It's absent from her work where censorship and politics keep important stories from being published. And while her family is full of outspoken individuals, the only one Canela can truly call passionate is her cousin and best friend, Luna, who just took her own life. Canela can't recover from losing Luna. She is haunted by her ghost and feels acute pain for the dreams that went unrealized. Canela breaks off her engagement and uses her now unnecessary honeymoon ticket to escape to Paris. Impulsively, she sublets a small apartment and enrolls at Le Coq Rouge, Paris's most prestigious culinary institute. With a series of new friends and lovers, she learns to once again savor the world around her.

Rosemary's Baby Michael Newton, 2020-05-14 *Rosemary's Baby* is one of the greatest movies of the late 1960s and one of the best of all horror movies, an outstanding modern Gothic tale. An art house fable and an elegant popular entertainment, it finds its home on the cusp between a cinema of sentiment and one of sensation. Michael Newton's study of the film traces its development at a time when Hollywood stood poised between the old world and the new, its dominance threatened by the rise of TV and cultural change, and the roles played variously by super-producer Robert Evans, the film's producer, William Castle, director Polanski, and its stars, including Mia Farrow and John Cassavetes. Newton's close textual analysis explores the film's meanings and resonances, and looking beyond the film itself, he examines its reception and cultural impact and its afterlife in which *Rosemary's Baby* has become linked with the terrible murder of

Polanski's wife and unborn child by members of the Manson cult and with controversies surrounding the director
