Prophetic Futures Joseph Bowling,Katherine Walker,2023-01-10 This book is based on the postmedieval journal special issue Prophetic Futures It calls for renewed attention to prophecy and temporality challenging in the process critical lenses that adhere to strict dualities of medieval modern superstitious rationalized and other problematic dyads that occlude our understanding of vatic language The language texts and bodies of prophecy challenge commonplaces about a disenchanted modernity and point the way to new critical approaches to texts out of time Previously published in postmedieval Volume 10 issue 1 March 2019 Frances Yates and the Hermetic Tradition Marjorie G. Jones,2008-01-01

This is the first full length biography of British historian Frances Yates author of such acclaimed works as Giordano Bruno and The Hermetic Tradition and The Art of Memory one of the most influential non fiction books of the twentieth century Jones s book explores Yates remarkable life and career and her interest in the mysterious figure of Giordano Bruno and the influence of the Hermetic tradition on the culture of the Renaissance Her revolutionary way of viewing history literature art and the theater as integral parts of the cultural picture of the time period did much to shape modern interdisciplinary approaches to history and literary criticism Jones focuses not only on the particulars of Yates life but also sheds light on the tradition of female historians of her time and their contributions to Renaissance scholarship In addition to her insightful commentary on Yates academic work Jones quotes from Frances diaries and the writings of those who were close to her to shed light on Yates private life This biography is significant for those with an interest in literary criticism women s history scientific history or the intellectual atmosphere of post war Britain as well as those interested in the Hermetic tradition 12 Seconds of Silence Jamie Holmes,2020 The riveting story of the American scientists tinkers and nerds who solved one of the biggest puzzles of World War II and developed one of the most powerful weapons of the war

12 Seconds of Silence is the remarkable lost story of how a rag tag group of American scientists overcame one of the toughest problems of World War II Shooting things out of the sky Working in a secretive organization known as Section T a team of physicists engineers and everyday Joes and Janes created one of the world s first smart weapons the proximity fuse The tiny gadget allowed an artillery shell to know when to explode to bring down an aircraft Against overwhelming odds and in a race against time mustering every scrap of resource ingenuity and insight the scientists of Section T would eventually save countless lives rescue the city of London from the onslaught of a Nazi superweapon and help bring about the Axis defeat A holy grail sought after by Allied and Axis powers alike the fuse ranks with the atomic bomb as one of the most revolutionary technologies of the Second World War Until now its tale was largely untold For fans of Erik Larson and Ben Macintyre set amidst the fog of espionage dueling spies and the dawn of an age when science would determine the fate of the world 12 Seconds of Silence is a tribute to the extraordinary wartime mobilization of American science and the ultimate can do story

Christopher Marlowe Park Honan, 2007-08-16 Christopher Marlowe Poet Spy is the most thorough and detailed life of Marlowe since John Bakeless s in 1942 It has new material on Marlowe in relation to Canterbury also on his home life schooling and six and a half years at Corpus Christi College Cambridge and includes fresh data on his reading teachers and early achievements including a new letter with a new date for the famous putative portrait of Marlowe at Cambridge The biography uses for the first time the Latin writings of his friend Thomas Watson to illuminate Marlowe s life in London and his career as a spy that is as a courier and agent for the Elizabethan Privy Council There are new accounts of him on the continent particularly at Flushing or Vlissingen where he was arrested The book also more fully explains Marlowe s relations with his chief patron Thomas Walsingham than ever before This is also the first biography to explore in detail Marlowe s relations with fellow playwrights such as Kyd and Shakespeare and to show how Marlowe s relations with Shakespeare evolved from 1590 to 1593 With closer views of him in relation to the Elizabethan stage than have appeared in any biography the book examines in detail his aims mind and techniques as exhibited in all of his plays from Dido the Tamburlaine dramas and Doctor Faustus through to The Jew of Malta and Edward II It offers new treatments of his evolving versions of The Passionate Shepherd and displays circumstances influences and the bearings of Shakespeare s Venus and Adonis in relation to Marlowe s Hero and Leander Throughout there is a strong emphasis on Marlowe s friendships and so called homosexuality Fresh information is brought to bear on his seductive use of blasphemy his street fights his methods of preparing himself for writing and his atheism and religious interests The book also explores his attraction to scientists and mathematicians such as Thomas Harriot and others in the Raleigh Northumberland set of thinkers and experimenters Finally there is new data on spies and business agents such as Robert Poley Nicholas Skeres and Ingram Frizer and a more exact account of the circumstances that led up to Marlowe s murder

"All Possible Art" Kristine A. Wolberg, 2008 Long studied for historical biographical or sociological purposes The Country Parson has not received the literary appreciation it deserves Through an

analysis exploring genre themes topics emphasis context and models this study finds the book to be a carefully conceived and executed piece of literary prose **Reformation Spirituality** Gene E. Veith, 2013-01-16 George Herbert in his poetic skill and the depth of the spiritual experiences he explores may be the greatest of all religious poets This is a study of the specific religious experiences and beliefs that Herbert writes about both in his poetry and in his prose As such it also examines the spiritual landscape of seventeenth century England a period for all of its controversies still dominated by the understanding of God and the human condition articulated by Martin Luther and systematized by John Calvin Reformation spirituality which was different both from medieval Catholicism and late Protestantism is itself little understood by literary historians who have tended to look to medieval or Counter Reformation ideas and practices or to a simplistic distinction between Anglicans and Puritans as ways of understanding the religion of the time This study presents Reformation spirituality phenomenologically from the inside Just as Reformation spirituality reflects Herbert's poetry Herbert's poetry illuminates Reformation spirituality showing the experiential and mystical dimensions of an important religious tradition **The Mind's Empire** Raymond B. Waddington, 1974 **Moral Identity in Early Modern English Literature** Paul Cefalu, 2004-11-18 Paul Cefalu's study explores the relationship between moral character and religious conversion in the poetry and prose of Sidney Spenser Donne Herbert and Milton as well as in early modern English Conformist and Puritan sermons theological tracts and philosophical treatises Cefalu argues that early modern Protestant theologians were often unable to incorporate a coherent theory of practical morality into the order of salvation Cefalu draws on fresh historicist theories of ideology and subversion but takes issue with historicist tendency to conflate generic and categorical distinctions among texts He argues that imaginative literature by virtue of its tendency to place characters in approximately real ethical quandaries uniquely points out the inability of early modern English Protestant theology to merge religious theory and ethical practice This study should appeal not only to literary critics and historians but also to scholars interested in the history of moral theory *English Poetry of the Seventeenth Century* George Parfitt, 2014-09-19 Provides a comprehensive and entertaining account of the vitality and variety of achievement in seventeenth century English poetry Revised and up dated throughout Dr Parfitt has added new material on poets as varied as Marvell and Traherne There is also a completely new chapter on women poets of the seventeenth century which considers the significant contributions of writers such as Katherine Philips and Margaret Cavendish The proven quality and success of Dr Parfitt's survey makes this the essential companion for the teacher and student of seventeenth century verse **The Imagination as a Means of Grace** Ernest Lee Tuveson, **The Strengths of Shakespeare's Shrew** William Empson, 2015-12-17 Passionate controversial and illuminating this collection contains Empson's best short pieces on Shakespeare a sally on George Herbert a defence of Coleridge and an eager introduction to a French farce a group of incomparably witty autobiographical articles and the text to his extraordinary Inaugural Lecture as Professor of English Literature at Sheffield University *Donne and the Politics of Conscience in Early Modern England*

Meg Lota Brown, 1995 This work argues that casuistry provided an important resource for Donne and others caught in the welter of conflicting laws and religions in post Reformation Europe Focussing on Donne s works the book also examines the political historical and theological discourses in which Donne s view of authority and interpretation took shape *New Books on Women and Feminism* ,2004 **The Spenser Review** ,2005 The Cambridge tradition Frank Raymond Leavis, 1968 **The History of British Women's Writing, 1945-1975** Clare Hanson, Susan Watkins, 2017-09-14 This volume reshapes our understanding of British literary culture from 1945 1975 by exploring the richness and diversity of women s writing of this period Essays by leading scholars reveal the range and intensity of women writers engagement with post war transformations including the founding of the Welfare State the gradual liberalization of attitudes to gender and sexuality and the reconfiguration of Britain and the empire in the context of the Cold War Attending closely to the politics of form the sixteen essays range across literary middlebrow and popular genres including espionage thrillers and historical fiction children s literature and science fiction as well as poetry drama and journalism They examine issues including realism and experimentalism education class and politics the emergence of second wave feminism responses to the Holocaust and mass migration and diaspora The volume offers an exciting reassessment of women s writing at a time of radical social change and rapid cultural expansion American Book Publishing Record ,2003 **Louisiana State University Studies** ,1962
