Spurr, 2016-04-30 This is a fascinating literary critical study of the ways the Virgin Mary has been presented in English poetry from the later Middle Ages to today It includes several focused studies on a particular poet and his her representation of the Virgin blending historical theological and cultural issues with the dominant literary critical approach

Spretnak, 2016-06-07 What ever happened to the Virgin Mary in the modern Catholic Church For the past forty years her presence has been radically minimized In a groundbreaking work Charlene Spretnak cuts across the battle lines delineated by the left and the right within the Church to champion the recovery of the full spiritual presence of Mary Spretnak a liberal Catholic asserts that a deep loss ensues for women in

particular when Mary's female embodiment of grace and mystical presence is denied and replaced with a strictly text bound version of her as a Nazarene housewife Complete with a striking insert of contemporary Marian art Missing Mary is a deeply insightful reflection on Mary in the modern age

**Mathematics and the Craft of Thought in the Anglo-Dutch Renaissance** Eleanor Chan, 2021-09-30 The development of a coherent cohesive visual system of mathematics brought about a seminal shift in approaches towards abstract thinking in western Europe Vernacular translations of Euclid's Elements made these new and developing approaches available to a far broader readership than had previously been possible Scholarship has explored the way that the language of mathematics leaked into the literary cultures of England and the Low Countries but until now the role of visual metaphors of making and shaping in the establishment of mathematics as a practical tool has gone unexplored Mathematics and the Craft of Thought sheds light on the remarkable culture shift surrounding the vernacular language translations of Euclid and the geometrical imaginary that they sought to create It shows how the visual language of early modern European geometry was constructed by borrowing and quoting from contemporary visual culture The verbal and visual language of this form of mathematics far from being simply immaterial was designed to tantalize with material connotations This book argues that in a very real sense practical geometry in this period was built out of craft metaphors

*Saints of the Church* Michael Allen, 2000 Offers teachers and parents ideas and activities for stimulating spiritual growth and intellectual development in children through the study of seventeen biographies of holy men and women found in the Vision Books series

**Bearing False Witness?** Douglas E. Cowan, 2003-05-30 From Hare Krishna to the Latter Day Saints and from Jehovah's Witnesses to the New Age religious pluralism in North America presents evangelical Protestantism with significant challenges Declaring newer religious groups cults aberrant sects and heretical religions the Christian countercult movement has warned that these groups represent a threat to society In *Bearing False Witness* R Cowan considers the Christian countercult as a whole locating it in sociological perspective as an entity distinct from the secular anti cult Through his analysis the author argues that the primary purpose of the countercult movement is to reinforce and repair the Christian worldview when it appears threatened by the advent of alternative religious traditions This unique analysis of the Christian countercult helps explain why conservative Christian responses to competing religious movements have taken the form that they have in addition to how those responses are carried out Unlike the anti cult movement which is concerned with removing individuals from cults and returning them to their families the Christian countercult movement according to the author attempts not only to remove cultists from the negative influences of the cults to which they belong but also to insure that they will join the particular version of Christianity adhered to by the countercultists themselves Beginning with the countercult's early history the author provides an historical account of the movement and its present activities Since the rise of new religious movements the growing interest in religions imported from outside North America and the broadening of the religious marketplace continues to grow understanding the Christian countercult and its presence

as a countervailing pressure to these increasingly socioreligious dynamics becomes ever more important

**Saints' Blessings (Nipb)** Meera Lester, 2004     First Things , 2004     *The Publishers Weekly* , 1998     Mother of God Miri Rubin, 2009-04-21 A sweeping ambitious study of the Virgin Mary's emergence and role throughout Western history How did the Virgin Mary about whom very little is said in the Gospels become one of the most powerful and complex religious figures in the world To arrive at the answers to this far reaching question one of our foremost medieval historians Miri Rubin investigates the ideas practices and images that have developed around the figure of Mary from the earliest decades of Christianity to around the year 1600 Drawing on an extraordinarily wide range of sources including music poetry theology art scripture and miracle tales Rubin reveals how Mary became so embedded in our culture that it is impossible to conceive of Western history without her In her rise to global prominence Mary was continually remade and reimagined by wave after wave of devotees Rubin shows how early Christians endowed Mary with a fine ancestry why in early medieval Europe her roles as mother bride and companion came to the fore and how the focus later shifted to her humanity and unparalleled purity She also explores how indigenous people in Central America Africa and Asia remade Mary and so fit her into their own cultures Beautifully written and finely illustrated this book is a triumph of sympathy and intelligence It demonstrates Mary's endless capacity to inspire and her profound presence in Christian cultures and beyond     Friars, Scribes, and Corpses Kimberly J. Vrudny, 2010 The *Speculum humanae salvationis* Mirror of Human Salvation a medieval book recounting in forty five chapters the story of human redemption within the larger context of the Virgin Mary's life was something of a best seller in the Middle Ages surviving in over 400 copies Because the author wrote anonymously however little about the book's initial context is known despite a century's long effort to uncover the author's identity *Friars Scribes and Corpses* investigates a Marian confraternal setting for the *Speculum*'s emergence and newly proposes consideration of Nicola da Milano as the poem's author Its central chapters show how the scribes who copied the *Speculum* preserved the author's rhetorical considerations that served so well the purposes of Marian confraternal preaching including elements that suit memory training techniques used in the Middle Ages such as building an architectural structure in one's mind tagging memories with emotion and internalizing the transformative nature of spiritual lessons The final chapter asserts that the poem's lessons would have been particularly desired in the context of plague when the number of corpses threatened to destroy people's faith in a merciful God *Friars Scribes and Corpses* challenges assumptions about the *Speculum* as well as the dominantly held view that there was an overwhelming emphasis on death in the late medieval period Rather this book demonstrates that there was a competing emphasis on life as glimpsed in the glass of the *Speculum*     **Sacred Feminine** Judith M. McLaughlin, 2009 *Sacred Feminine* examines the role that culture religion sociology art and gender played in the development of the religious Santero art in particular the images of women Santero art beautifully portrayed the feminine both in nature and spirit The Spanish loved the Virgin profoundly and fervently from the 12th century onward within the Cult

of Mary in Spain and throughout Europe This devotion reached its peak just before and during the discovery and conquest of the New World     **American Book Publishing Record** ,1999     **New Oxford Review** ,1999     **The Catholic Library World** John M.
