*Rosicrucian Mysteries: An Elementary Exposition of Their Secret Teachings* Max Heindel, 2020-09-28 Our Message And Mission A Sane Mind A Soft Heart A Sound Body Before entering upon an explanation of the teachings of the Rosicrucians it may be well to say a word about them and about the place they hold in the evolution of humanity For reasons to be given later these teachings advocate the dualistic view they hold that man is a spirit enfolding all the powers of God as the seed enfolds the plant and that these powers are being slowly unfolded by a series of existences in a gradually improving earthly body also that this process of development has been performed under the guidance of exalted beings who are yet ordering our steps though in a decreasing measure as we gradually acquire intellect and will These exalted Beings though unseen to the physical eyes are nevertheless potent factors in all affairs of life and give to the various groups of humanity lessons which will most efficiently promote the growth of their spiritual powers In fact the earth may be likened to a vast training school in which there are pupils of varying age and ability as we find it in one of our own schools There are the savages living and worshipping under most primitive conditions seeing in stick or stone a God Then as man progresses onwards and upwards in the scale of civilization we find a higher and higher conception of Deity which has flowered here in our Western World in the beautiful Christian religion that now furnishes our spiritual inspiration and incentive to improve These various religions have been given to each group of humanity by the exalted beings whom we know in the Christian religion as the Recording Angels whose wonderful prevision enable them to view the trend of even so unstable a quantity as the human mind and thus they are enabled to determine what steps are necessary to lead our enfolding along the lines congruous to the highest universal good When we study the history of the ancient nations we shall find that at about six hundred years B C a great spiritual wave had its inception on the Eastern shores of the Pacific Ocean where the great Confucian Religion accelerated the progress of the Chinese nation then also the Religion of the Buddha commenced to win its millions of adherents in India and still further West we have the lofty philosophy of Pythagoras Each system was suited to the needs of the particular people to whom it was sent Then came the period of the Sceptics in Greece and later traveling westward the same spiritual wave is manifested as the Christian religion of the so called Dark Ages when the dogma of a dominant church compelled belief from the whole of Western Europe It is a law in the universe that a wave of spiritual awakening is always followed by a period of doubting materialism each phase is necessary in order that the spirit may receive equal development of heart and intellect without being carried too far in either direction The Great Beings aforementioned Who care for our progress always take steps to safeguard humanity against that danger and when they foresaw the wave of materialism which commenced in the sixteenth century with the birth of our modern Science they took steps to protect the West as they had formerly safeguarded the East against the Sceptics who were held in check by the Mystery schools In the thirteenth century there appeared in central Europe a great spiritual teacher whose symbolical name was Christian Rosenkreuz     Rosicrucian Fellowship Magazine , 1915     *Etheric Vision And What It Reveals* Max Heindel, 2020-12-23 In 1918 Max Heindel wrote The process of

preparation for the Aquarian Age has already commenced and as Aquarius is an airy scientific intellectual sign it is a foregone conclusion that the new faith must be rooted in reason and able to solve the riddle of life and death in a manner that will satisfy both the mind and the religious instinct As we have in the past evolved five senses by means of which we contact the present visible world so shall we in the far distant future evolve another sense which will enable us to see the denizens of the Etheric Region including those of our dear ones who have left the physical body and inhabit the ether and lower Desire World during the first stage of their career in the spiritual realms   **Rays from the Rose Cross** ,1927    A Guidebook to Religious and Spiritual Practices for People Who Work with People Nancy K. Grant,Diana J. Mansell,2008-10-22 This book contains a description of a variety of religions the title of the religious leader days held sacred beliefs related to health and illness their customs and practices death and dying beliefs related to medical practices beliefs related to reproduction and possible implications related to health care A book such as this is valuable given the multicultural context in which we all live and work    The Rosicrucian Mysteries (Esprios Classics) Max Heindel,2019-11-17 Rosicrucianism is a spiritual and cultural movement which arose in Europe in the early 17th century after the publication of several texts which purported to announce the existence of a hitherto unknown esoteric order to the world and made seeking its knowledge attractive to many The mysterious doctrine of the order is built on esoteric truths of the ancient past which concealed from the average man provide insight into nature the physical universe and the spiritual realm The manifestos do not elaborate extensively on the matter but clearly combine references to Kabbalah Hermeticism alchemy and mystical Christianity

**The Rosicrucian Philosophy in Questions and Answers** Max Heindel,2016-11-19 This is the second most important work by written by Danish American Christian occultist astrologer and mystic Max Heindel It is together with The Rosicrucian Cosmo Conception a reference work in the Christian mysticism practice and in the Occult study literature containing the fundamentals of Esoteric Christianity from a Rosicrucian perspective The questions contained in this book were asked to the writer after lectures delivered by him in various cities and in most cases the questions reveal a certain knowledge of the subject on the part of the inquirer    *The Way of Imitation, Or, How to Attain Knowledge of the Higher World* Rudolf Steiner,1910    Acorns: Windows High-Tide Foghat Joshua Morris,2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around    **The O.E.
